Dry and Comfortable

\$3.00 to \$6.00

Women who appreciate real foot comfort during the cool days of fall and early winter should provide themselves with a pair of good Tan Walking Boots. Tan leather has many advantages over black, the two principle advantages being wearing quality and freedom from that drawing, burning feeling that goes to a greater or lesser extent with all dyed leathers.

We are showing a splendid range of Laced and Button Tan Boots, in a variety of shapes, shades and patterns.

The Doctor's "Special' can also be had in tan.

RABBI DIES IN BATTLE

EFFECT OF WAR.

London, Oct. 28—News has reached Monthly counts up the effects of the London, Oct. 28—News has reached the Jewish World telling of the manner in which the Chief Rabbi of Lyons was killed on the battlefield. He was in the midst of the fighting, attending Jewish soldiers, when called to the side of a flying trooper, who was a Catholic.

The poor fellow begged the rabbi, hom he probably imagined was a riest, to hold before his eyes the symbol of his faith and give him his blessing. It was while holding a crucifix before the soldier and whispering him words of comfort that the rabbi fell the victim of a shot from the enemy.

Monthly counts up the effects of the present war on the death rate and the production of wealth, and remarks:

"A loss of four million lives and og fity billion dollars from a slackening in scientific work due to the war is greater than the destruction which will be direct destruction from the war, this is not equally the case with the loss due to the failure in scientific research and the applications of science. We should in this country do what we can to carry forward the work which will be dropped by the disabled nations."

"General" Jones is the veteran of many arduous campaigns, her most famous being the great march to Albany in December, 1912, which was accomplished only after terrible hardships and severe losses had been encountered.

In the car with the "general" was "Corporal" Martha Klatschken—who admits that when assigned to duty in "General" Rosalie's car, she at once had her life insured. This is evidence of the perils which the invaders expected to

SASKATCHEWAN'S GRAIN CROPS

A pretty wedding was solemnized with nuptial mass at the Cathedral of the Immaculate Conception this morning at 6 o'clock by the rector, Rev. William Duke, when John Wilford Simmons, the city representative of T. H. Estabrooks Company, Limited, was united in wedlock to Christina Martin, daughter of Simon Martin, East St. John.

The bride was becomingly attired in a tailor made travelling costume of navy blue broadcloth and wore a black and pink hat with ospreys and carried a white prayer book. She was attended by her sister, Edna, who wore white marquisette over pink satin and a large black hat. The groom was supported by his brother, A. J. Simmons. A. S. Godsoe, organist of the Cathedrat, presided at the organ, and as the bridal party entered the church the beautiful strains of the bridal chorus from Lohengrin were heard. During the offertory the Voice That Breathed O'er Eden was artistically rendered, and when the party were leaving the church Mendelsshon's wedding march was played.

After the ceremony the happy couple

the church Mendelsshon's wedding march was played.

After the ceremoay the happy couple left by I. R. C. for Halifax. The numerous gifts received testified to the popularity of the young couple. The bride received from her father and brothers a check for a substantial amount, and from the travelling and office staff of T. H. Estabrooks Company, Limited, they received a chest of sterling silver of rare design.

Rochester, N. Y., Oct. 28—A great column of armored motor cars—of the Minerva type, doubtless—manned by amazons and commanded by "General" Rosalie Jones, has swept into this city, which is an unfortified position and was unable to put up an effective resistance.

In the general's car alone there were more than 3,000 ten-inch shells, in the form of "Votes for Women" pamphlets.
