in the box for the Greeks and was batted freely, the Reds having thirteen hits off of his delivery in six innings. Steve White went to pitch in the seventh and allowed but three hits. The Marathons had twelve hits off of Urquhart.

The Reds played good steady ball, but the playing of the Greeks at times was very rocky. Urquhart pitched good ball for the Reds and was given excellent support. Winter did not receive very good assistance from his team. Winkler in centre field was away off and missed some nice ones. The following is the summary of the

M'ARTHUR OF SOUTH AFRICA, WINNER OF **OLYMPIC MARATHON, MAY VISIT AMERICA**

New York, Aug. 3—Before he left Stockholm, Sweden, for his home in South Africa K. K. McArthur, winner of the Olympic Marathon, stated that he intended to visit America next year to show his running ability on this side of the water. According to many experts, McArthur is one of the greatest of all long distance runners. He is anything but a Hayes-Durando-Tewanima type of runner. He is twenty-nine years of age, six feet til and weighs 174 pounds. McArthur's career has suffered from bad luck. He went to Greece for a Marathon which was postponed on account of political troubles and afterward went to England to take part in one which was postponed on account of the death of King Edward. McArthur has never lost a race. When not competing in athletic events McArthur is a policeman in the Transvaal. When McArthur reached the stadium the entire assemblage arose and cheered him to the end of the journey, which was one lap on the stadium track. When he had finished a crowd of his supporters rushed up to him, crowned him with a floral wreath and carried him off the field.

The betting was five to two on Langford. There were many women among the spectators.

Rugby the Big Talk.

Montreal, Aug. 3—Although there is some time before the opening of the Rugby football season the local teams as well as the other clubs throughout Canada are talking of the fall sport. Many of the teams this autumn will be materially changed and numerous new players will be whipped into line. The local clubs will use a number of players who figured prominently in the junior team a year ago. The notices of the annual meeting of the governing bodies have already been sent out and an effort is being made to bring about an amalgamation between the Ontario Rugby Football Union and the Interprovincial Rugby Football League with an idea of having two teams in each city to play off and the winners to meet in semi and final games. "NICHOLAS NICKLEBY"

HIS MAGNIFICENT PHOTO-PLAY TELLS THE STORY OF "NICKOLAS NICKLEBY" most entertainingly. No of "NICKOLAS NICKLEBY" most entertainingly. No humor is lost, the pathos is all there. There is swiftness of action and connectedness of plot, conveying to watchers the full meaning of every part of the charming Dickens creation. The fiction of the great English character-artist is full of pitfalls for the motion picture producer but this film is remarkably clear as to story and scintillates with the wit and humor of the original book. Thousands who have never read "Nickolas Nickleby" wil shake with laughter and feel the dint of pity as they watch this picture. It is a powerful production, finely enacted, beautifully staged and properly costumed.
