

by both teachers and scholars. To maintain it in a satisfactory condition it is recommended that small additions be made at short intervals, special attention being given to the needs of senior scholars.

Besides the usual summer picnic to Port Stanley, towards which \$25 were contributed out of school funds, the members of the school (over 300) greatly enjoyed a Christmas entertainment, and were each presented, through their respective teachers, with valuable gifts suited to their various ages and tastes, the cost of which aggregated about \$115.

The Band of Hope has been well maintained, and its meetings have afforded much profitable enjoyment to the members and friends.

The "S. S. Times" was again supplied by the school to teachers at half-rate; and the scholars have received during the year the Westminster "Primary Lesson Leaf" and the monthly "Visitor."

On 18th July we were favored in the Church with a visit and address from Rev. G. Nergararian, of Constantinople. The collection that day, \$12.38, was given to our visitor. In addition to this we have school collections for Missions for 50 Sabbaths, amounting to \$172.96. Of this we recommend \$170 for apportionment as follows: Foreign \$30, Home \$65, French evangelization \$25, Point Aux Tremble \$45, Welland Canal \$5.

Most hearty thanks are tendered to the Teachers, Secretary, Librarian, Treasurer and Organist.

THOS. MUIR,

Superintendent.

OFFICERS AND TEACHERS ON THE ROLL.
