# Advance Showing of the Separate Coat and Skirt for the Fall

WE take pleasure in announcing the arrival of an exclusive shipment of the Separate Coat and Skirt for Fall wear, and we might say for immediate wear as these chilly evenings certainly make one desire warmer covering.

The COATS come in the most superior Tweeds. Broadcloths and other heavy and medium weight materials and are similar in style as to illustration on the right,

The SKIRTS come in Cheviots, Heavy Panamas and the always desirable Serges. Among this advanced shipment are some which are quite correct for immediate wear and are similar in style as to illustration on the left.

Every one of the garments contained in this new and advanced shipment plainly carries the air of "Exclusiveness" as well as plainly demonstrating the cleverest work of European tailors.
