The origin of the dispute between the government and the students, about five hundred of whom are attending the University and Technical schools, for acting as a spy in the pay of the Japanese. When arrested on suspicion of espionage documents found in Ivkoy's possesion left no doubt of the truth of the charges that he had long been revealing military secrets to Japanese. The tragic story became public through a simple announcement in the army organ this morning that Ivkoy had been excluded from the service.

The tragic story became public through a simple announcement in the army organ this morning that Ivkoy had been excluded from the service. TOKIO, March 16.—The cabinet after a conference with the elder states or other schools were really not studecided to submit proposals for the extension of the tobacco monopoly to include manufactured tobacco and the creation of a salt monopoly to a special diet convening on Friday next. This will involve a heavy outlay for the purchase of private tobacco manufacturing concerns and the salt interests, but the advisers of the government regard the expenditure at this time as wise.

It is a few days later from forty to fifty Russians passed a resolution profit resting against these imputations. Chancellor Von Buelow answering Herr Bebel, the socialist leader on the same subject, February 29, contemptutionally alluded to the Protestants as begars and conspirators under the leadership of Mandelstams and Silberbaums. "If these fellows do not keep quiet," said the chancellor. "we will
