Seen at the Nickel

Patrons of the Nickel will be "delighted" with the pictures to be shown for the week-end. The picture "A Modern Samson," is comical and ingenious, and is bound to elicit laughter, dealing as it does with a young man with hirsute growth of great proportions ,and who without difficulty disposes of several strong professional wrestlers. He is finally landed in jail, but again he is victorious because of his great strength, for he pushes over a huge pillar that supports the prison, and thus escapes to his home, where he bulldozes his better half, who abides her time, and when he drops to sleep shears off his hair. Therein was his great strength, for when he wakens, lo! he is as weak as a child, and cannot even defend himself against the onslaughts of his irate spouse. "At the Stage Door" is another comedy very well acted, not overdone, giving the much coveted view of "Behind the Scenes" that is always interesting. Details of the other pictures will be given in the later issues. A foreword—They are all right and representative of the world's latest in animated photography. "Just You And I" is the title of the sweet song, brimming over with melody, that Miss Marjorie Davis is singing to encores. Jas. Maxwell sings "Dolly Dear." This is the first time it has been sung to pictures in Canada, and is by far the most popular march song, being ritten by the composer of "Honey Boy." Just at this time it is the hit of New York City. Mr. Maxwell is singing it finely, and well deserves the repeated encores given him. That Jones fellow and his Nickel Orchestra are certainly making them sit up and take notice.

Princess as Usual Has Best Show

The best Amateur performance ever seen in the Maritime Provinces was put on at the Princess Theatre last evening. No less than eleven different acts were put that kept the house in such an uproar that even a wild west circus was not in it. Among the various stunts the excellent club swinging by Harry Bevill, and the excellent solos rendered by Miss Ethel Alchorn and Miss Walker, should be mentioned. The following is the programme:

Mint and Wint, comic sketch.
Harry Bevill, club swinging.
Fred Logan, song and dance.
Miss Ethel Alchorn, solo.
Geo. Dippylis, monologue.
Thomas Cregan, solo.
Frank McCaffery, song and dance.
Miss Sadie Walker, solo.
Master Fred Oram, solo.
George Mace, comic sketch.
Miss M. Alchorn, illustrated song.

The first three captured the large cash prizes offered by the management for the best turn.

For today four fine pictures have been secured, namely, The Law of Honor, a drama of the French court. The Seamstress' Romance.—She falls in love with the young son of a wealthy customer; he saves her from an attempt at suicide, and as in all good stories they live happily ever afterwards. Two excellent comedy subjects have been secured in The Convent Gardener and the Comic Serenade.

Percy Sayce will sing, "When the Roses Twine Around the Old, Old Door." Little Miss Mae will sing a popular Western ditty. Read the advt. on page two.

At the Opera House

Tonight the Myrkle Harder Company present for the first time the New York success. "The Girl and the Artist." This play was especially selected by Manager Harder for his patrons during the Lenten season owing to its religious nature. During its run at the Savoy Theatre, New York city, the entire clergy of the city endorsed it as a play teaching a beautiful moral that everyone should see. The specialities will all be changed tonight, including the reappearance of the Harmonic Four. About 15 amateurs have entered for the contest after the regular performance when $15.00 in gold will be divided between the three successful candidates.

STOESSEL IS HARD AT WORK ON HIS MEMOIRS

General's Chief Worry is Order Forbidding Use of Uniform

ST. PETERSBURG, April 9. — A correspondent paid a visit to General Stoessel in prison today. He has a small waiting room used also by ex-Admiral Nebogatoff and other naval officers condemned to various terms in the fortress of Peter and Paul for their conduct in the battle of Tsushima Straits.

Stoessel is visited every Thursday by Generals Fock, Reiss and other Port Arthur leaders. His face is paler, thinner and more wrinkled than formerly, his voice feebler and his step less firm. He has nothing to complain of, however. Stoessel and the naval officers live in that part of the fortress known as "Catherine's Curtain." Stoessel's room looks out on the Neva and beyond it he can see the winter palace. He was allowed to furnish the room himself, but the furniture is extremely simple, consisting of a square table, an iron bed, two small chairs and a wash stand. Mrs. Stoessel comes at 12 o'clock and remains till 3, special permission having been given by the Czar to the ex-general to see his wife daily. Their son generally accompanies his mother. At 3 o'clock the prisoner dines. After dinner he sets to work. He spends considerable time each day in writing his memoirs. At present he is dealing with his ancestry, parentage and childhood, taking pains to prove that he is not of Jewish origin. What most hurts the ex-commander was the refusal of permission to wear his uniform.

MANY SERIOUSLY INJURED

Authorities Will Investigate Sham Fight at Vancouver

VICTORIA, B. C., April 10. — Despite the strenuous efforts of the officers of the Sixth Regiment to hush the matter up, full particulars have leaked out concerning the use of ball cartridges by members of the attacking party of the military tournament in the Vancouver Drill Hall recently. The first rumors of the matter stated that only slight injuries were inflicted through wadding from blank cartridges, but it is now learned that serious wounds resulted from bullets, and these were more numerous and more serious. The list of injured is as follows: Corporal Alder, bullet entering the right shoulder; Corporal Bennett, bullet entered right side; Private Dixon, bullet entered left side of neck; Private Budden, bullet entered breast; Private Beck, bullet through the elbow. Other casualties are considered merely glancing wounds, and Private Hall's hat was pierced with two bullets. The hurdles used as barriers show numerous bullet marks. Some new recruit had hurriedly taken packages of bullet cartridges instead of salute cartridges which were to be used in the sham fight. An official investigation is promised.

MOTHER GIVES UP MONICA PIA

Former Princess Louise, of Saxony, Surrenders to King's Demand—Dresden Pleased

DRESDEN, April 9.—The fight for possession of the little Princess Monica Pia, who was born to the former Crown Princess Louise after she had abandoned her husband, the present King of Saxony, ended today, with the child's arrival here in charge of the King, who went to Leipsic to receive her.

The homecoming drew thousands of loyalists to the streets, who cheered her enthusiastically and threw flowers into the carriage in which she rode. She will henceforth be known as Princess Anna.

LOCAL GOVERNMENT IN SESSION ALL DAY

Several Delegations Were Heard

And Government Promised Consideration of all the Subjects Discussed

FREDERICTON, N. B., April 9.—The local government met in session all day today and adjourned at a late hour this evening. Outside of hearing delegations the time was taken up with routine work. John Payne was appointed caretaker of the parliament building, in place of Chas. Morgan, resigned. The appointment came as no surprise, and is considered as most acceptable to all parties.

The delegations heard include: John E. Stewart of Andover, LeBaron Bull of Woodstock, Howard Shaw and ex-Warden Scott of this city. These gentlemen have a proposal for the building of a railway down the St. John Valley from the town of Centreville to Fredericton ,and will ask the government to guarantee their bonds to the extent of $15 000 per mile. If the government will give the guarantee they feel that they will be able to form a company without delay to build the road and afterwards to lease it to the C. P. R., the I. C. R. or the G. T. P. and receive sufficient in rental to pay the interest on the bonds They claim that the C. P. R. pays 40 per cent. on the gross earnings as a rental on other branches in this province and that they would do likewise for this proposed branch. A road such as they propose to build would be with 60-pound rails, steel bridges, masonry culverts, etc.

Another delegation consisted of Rev. T. D. Bell of Arthurette and Senator Baird, who arrived today from Ottawa. They were heard in opposition to the removal of the present liquor license inspector of Victoria county, Miles McCrea of Perth. A former delegation asked for the appointment of Mr. Mallory of Perth to the position. The reappointment of McCrea is urged on grounds that he has been a good officer, but that if he is to be removed there is no better man than Mallory for the position.

Frank Smith, M.P.P., and Donald Munro, M.P.P., came here to urge that the diamond drill remain in Carleton county some little while longer so that further tests may be made on some copper, iron and silver mining properties. The diamond drill has been working on the Breton copper mine property recently.

Dr. Bourque, M.P.P., and Col. Sheridan, M.P.P., were here to meet the government regarding Kent county matters.

In all these the government said they would take the requests into consideration.

The premier said this evening that routine work occupied most of the day and that any new matter could not be given out until tomorrow or until after the governor had passed upon the business.

DOUKHOBORS TRIED TO PARADE AGAIN

FORT WILLIAM, April 9.—Naked Doukhobors attempted to hold another parade at eleven o'clock today, but were stopped by the police. Fourteen of them have been brought to the police station in hacks, and the magistrate committed them to six months in the central prison at Toronto. More arrests took place this afternoon, as soon as the first lot were shipped off to jail at Port Arthur.

Yesterday the bill to prohibit the running of automibiles in this province received its second reading in the legislature. It went through committee without a hitch, making a record run. It was unanimously passed, and reported agreed to without amendment, and set down for its third reading. Thus is removed the peril of the autos and the roads of this province will once more be safe for those whose horses have not been able to bear meeting with the machines.—Guardian.

HELIE De SAGAN LEAVES AMERICA IN DISGUST

NEW YORK, April 9.—Prince Helie de Sagan dined in public with Mme. Anna Gould tonight for the first time since his arrival in America. They were the guests of Mr. and Mrs. Tyler Morse in the restaurant of the St. Regis. Neither the Prince nor any others of the dinner party would say anything as to the outcome of his suit for Mme. Gould's hand.

After the dinner the Prince went to the Morse apartments, where he spent the evening with Mrs. Morse and Mme. Gould, while the others went for an automobile ride.

Earlier in the day, the prince began to make preparations for an early departure from America by going to the National City Bank to obtain a letter of credit. He told one of the officers of the bank that he intended to leave very soon and hoped that he would never see America again.

ILLINOIS MINE WORKERS OPPOSE NEW PRESIDENT

SPRINGFIELD, Ills., April 10.—Late last night the State Convention of Illinois Mine Workers by a vote of 376 to 196 and after a debate lasting all day, turned down the appeal of National President Thos. Lewis, of the United Mine Workers of America, that the miners of Illinois send representatives from the local union to the inter-state conference which he has called for April 14 at Toledo, Ohio.
