

INTRODUCTION.

In issuing the present Calendar, the Governors of King's College wish again to draw attention to the very great advantages offered to those desirous of obtaining a good education. The Scholarships and Prizes are such as to enable a young man of talents and industry to pass through his College course at a very moderate expense.

The event of the year is the retirement from office of Rev. G. McCawley, D. D., who since 1836 has filled the place of President of King's College, and who carries with him the respect and good wishes of the Governors, and of the many pupils who have been under his care. It is expected that his successor will enter upon his duties in October.

It is thought unnecessary to add any further remarks by way of preface to the Calendar, the details of which speak for themselves.
