

AWAITING ARRIVAL OF WRECKED SAILORS TO BEGIN ENQUIRY

Capt. Lugar Will Hold Private Investigation Here And Forward Report To Ottawa—Fishermen Reap Harvest.

The investigation into the wreck of the steamer Hestia to be conducted by Capt. W. R. Lugar, of the Marine Department in the examining room at the Customs House will not be open to the public and no information will be given out until Capt. Lugar's report has been forwarded to his superiors at Ottawa.

Capt. Lugar is awaiting the arrival of the surviving seamen who have been quartered at Seal Cove since their rescue from the wreck and the evidence at the preliminary inquiry will be confined to the testimony of those on board the ill-fated steamer. From Nova Scotia Saturday came word that bodies were continuing to come ashore between Port Maitland and Yarmouth, N. S. In addition to those previously identified the bodies of the following have been recognized: Capt. Newman, Chief Officer McWain, Wm. Best, third engineer, Walter Warneck, storekeeper, Seamen McKim, Graham, Smyth and Martin.

Much Liquor Being Found. Grand Manan fishermen continue their salvage of the vessel's cargo and large quantities of whiskey have been taken off. The customs authorities have been active in securing the payment of duty on the salvaged liquor, and in most cases the officials have found the fishermen willing to pay as the liquor costs nothing excepting the revenue.

Quite a business has been done in selling the whiskey along the coasts and stories are told of securing some of the finest Black and White whiskeys at ridiculously low rates. Mr. Charles Doherty, sub-collector for the port of St. Andrews and Mr. D. McLaughlin, preventive officer at North Head, have been on the ground since the discovery of the wreck and report that they are having little difficulty in collecting the custom fee.

60TH ANNIVERSARY HELD IN CARLETON METHODIST CHURCH

The congregation of the Carleton Methodist church, observed the 60th anniversary of the dedication of the church yesterday. The services of the day were largely attended. The feature of the forenoon service was an eloquent address by Mrs. B. D. Livingston, of Ontario, a delegate to the W. C. T. U. convention now being held in this city. She dwelt upon the great evil of intemperance and told of the aims and objects of the W. C. T. U. Her address was greatly appreciated.

At the afternoon service of the church, Rev. J. Heaney gave a short history of the Methodist church on the West Side and told some interesting facts in that connection. He paid a glowing tribute to the men and women of the past who made the church a possibility and reality including the ministers who had so faithfully served it.

The evening service was characterized by a special musical programme, the choir being assisted by Harrison's orchestra, and a number of other friends. The pastor preached the anniversary sermon taking for his text Matthew (chap. 10, verse 8), "Freely ye have received, freely give."

Costs A Trifle; Value Is Immense

ASEPTO washes clothes, bedding, fabrics, dishes, floors, etc., quicker and cleaner than soap.

ASEPTO SOAP POWDER

As ASEPTO is an anti-septic preparation, it is a germ-killer as well as the best soap powder made. Odorless, harmless to clothes and hands, most economical. ASEPTO makes the softest soap. Dissolve package in boiling water, pour in two gallons of water, stir and let stand until cool. This gives two gallons of soft soap for 5c. Discerning grocers all sell ASEPTO.

Leaders in God and Home and Land

Eloquent Addresses in City Churches Yesterday—Mrs. Asa Gordon On The Ideal Home in Centenary Last Evening—Delegates Busily Engaged On Saturday—President in Biennial Address Dealt With The White Slave Traffic, The Mormon Menace And Other Grave Problems—The Work Of The Union Reviewed—Today's Programme.

Saturday and Sunday were busy days for the delegates attending the sixteenth convention of the Dominion Women's Christian Temperance Union which is now assembled in the city. Two sessions were held on Saturday and much business was transacted. The feature of the day's work was the reading of the president's biennial report. Mrs. Wright dealt in an able manner with a number of important problems which the union has to face and reviewed the work accomplished since the last meeting. At the conclusion of the report the delegates gave their hostesses an enjoyable reception given by Mrs. T. H. Bullock.

On Sunday a number of the leaders in the work of the union in the city, and interesting addresses on temperance work and home life were listened to by large congregations. A large Sunday school rally was held in Centenary church in the afternoon at which Mrs. Asa Gordon, superintendent of the evangelistic department, spoke.

SATURDAY MORNING.
Report of Lord's Day Observance Submitted—Treasury Report Shows Total Membership of 11,725.

Saturday morning's session opened at 10 o'clock. After the usual religious exercises of the report of the Lord's Day Observance was made by Mrs. Fraser, of New Brunswick, superintendent of that branch of the work. She earnestly advocated the enforcement of the Lord's Day. A letter was read by Mrs. Bascom, from Mr. Moore, the secretary of the Lord's Day Alliance offering suggestions. These suggestions were to the methods the W. C. T. U. would be able to use in their campaign for the observance of the Lord's Day.

Treasurer's Report.
The treasurer's report for the years 1907 and 1908 was submitted and showed the total membership for the Dominion for the year was 11,725, with 11 life members. The total receipts for the year were \$2,237.68; disbursements for the year \$2,363.67; balance \$874.01. The report was adopted and received.

It was moved and seconded that a standing vote of thanks be sent to Mrs. Odell, Dominion Treasurer, for her very efficient work. The Memorial Service was conducted by Mrs. Sanderson, Quebec. Mrs. E. W. McLachlan spoke of three gentlemen who had especially helped the W. C. T. U., Mr. McLaughlin, Rev. Mr. McIntosh, of Ottawa, Rev. G. G. Hurlburt, of Quebec. The name of Miss Mary Wye, secretary for Quebec, was also mentioned.

Mr. McLaren, who was a member of Parliament, had brought up a bill in the interest of the W. C. T. U. Led by Mrs. Asa Gordon, the evangelistic service was opened by a stirring hymn called "The Fight is On." Owing to the absence of Mrs. Hyslop, Dominion Organizer, Mrs. Currie gave the Bible reading. Mrs. Whitman, of Nova Scotia led in the noon-time prayer at the conclusion of the Bible reading. The meeting then adjourned.

SATURDAY AFTERNOON.
Committees Appointed to Raise Subscriptions for the Bulletin—The President's Biennial Address.

At the afternoon session the hearing of reports was continued. Mrs. N. B. Johnston's report on the President's address by Mrs. Bascom. The president spoke very highly of Mrs. Johnston's work and the report was adopted.

Mrs. Ewing of Quebec read her report on the Medical Congress. During the past two years 231 contests had been held in the Dominion, Ontario leading with 68. The report was adopted. Some discussion arose over the medical contests mentioned in the report.

Delegates from Ontario reported that the musical contests which were either vocal or instrumental were generally carried on with the medical contests.

Other speakers thought it was detrimental to have musical and elocutionary contests on the same night. Some discussion took place about the essays. It was decided that if the essays were written and given as orations they would come under medical contests, but that they would come under scientific and temperance instruction.

Mrs. Betts of British Columbia spoke on the temperance work in her province. They were in honor, she said, that when the plebiscite was taken next month the people would so express themselves that the government would grant their requests. Mrs. Bascom moved that a bouquet of flowers be sent to Mrs. S. E. McKee. There were a number of seconds to the motion, which was unanimously carried.

The Official Organ.
The report of the official organ, the White Ribbon Bulletin, was read by the editor, Mrs. E. G. Waycott. The subscriptions have increased and the work was reported satisfactory.

At the request of Mrs. Bascom the editor read the receipts from the different provinces. The receipts for New Brunswick and Ontario had decreased. Large gains had been made in British Columbia and Manitoba. There were about 1600 subscribers. Mrs. Archibald stated that some of the subscribers did not get the paper regularly.

Mrs. Chesley asked as to the financial condition of the Bulletin. The deficit for last year it was stated amounted to \$145.89.

Mrs. Currie spoke in praise of the paper and stated that if there was a deficit it was the fault of the members. They should determine to have a fitting subscription list.

Mrs. Grey asked all to rally to the support of the paper.

Mrs. Archibald stated that she prized the paper very highly. She was told at the convention in New Glasgow

that they should drop their subscription to the paper was in debt, and at the last convention the paper was not mentioned. The bulletin, however, should never go under.

Mrs. E. Chisholm said that the unions in Manitoba, who read the paper were the most active in the province. Mrs. Jones suggested that the paper be handed in during the convention.

Mrs. McKinney stated that British Columbia led in the number of subscriptions because they had a membership fee, \$100, which included the Bulletin.

Mrs. Chesley asked for the deficit of the previous year. The amount, it was believed, was \$267.

It was moved and seconded that a committee be appointed for the soliciting of new subscriptions. Those who were willing to subscribe were asked to stand. A number rose.

The convention by a standing vote extended their thanks to Mrs. Waycott for her work on the Bulletin. After a vocal quartette, the biennial address was read by the president, Mrs. Ewing, Mrs. Chisholm, the vice-president, occupied the chair, while the address was being read.

The President's Address.

Mrs. Wright reviewed the work of the past two years in a most interesting manner. In her opening remarks she expressed the appreciation of the members of the Dominion Convention to the N. B. and P. E. Island unions and particularly to the St. John union for the invitation to meet in this city. She paid a compliment to St. John, saying its labor and magnificent shipping interests were surpassed in the British Empire only by Liverpool, London and Glasgow. She congratulated St. John on its gains in local opinion and in the battle against intemperance. She said that the time was not far distant when there would be no licensed bars in this province.

The advance made in temperance reform all over the world was reviewed. The speaker said that the time was not far distant when there would be no licensed bars in this province.

White Slave Traffic.

Referring to the "white slave traffic" the speaker told of the convention held in Paris when thirteen governments signed an agreement for the purpose of controlling this shameful traffic in human life. Despite this international effort, she said, she was compelled to state that this year the traffic is more firmly entrenched than ever.

It was evident, that the existing law in Canada which left the application of the law in each case to the discretion of the courts, was not properly applied, else this iniquity could not so flourish. Just recently word came to her that in one of these provinces by the sea, two young women under the guise of doing evangelistic work were winning recruits for "the gateway of hell."

"We leave this sorrowful question," she said, "to the earnest, prayerful, practical consideration of this gathering."

The Mormon Invasion.

Coming to the question of the Mormon invasion, she said it was necessary to sound a note of alarm in regard to the Mormon menace which is gaining such a foothold in the western provinces. Mormon missionaries were everywhere and their converts were many. In Southern Alberta, Mormonism was making rapid headway. The balance of power, its adherents today numbering more than 150,000.

"That there is alarming news," she continued, "for instant action on the part of the Dominion Convention is imperative. We must make every effort to stem this growing menace to the highest life of our young nation, is apparent."

Coming to a consideration of the Juvenile Delinquent Act she said all had rejoiced in the passage of the bill known as the Juvenile Delinquent Act on July 20, 1908, by the federal parliament empowering any province or portion of a province to enforce the said act after the provincial legislature had made due provision for the establishment of juvenile courts.

It was to be regretted, however, that the matter had not been taken up by more provinces. The Dominion Convention had only one thus far to adopt it and it had proved a great success in the diminution of juvenile crime. She urged the representatives of all the provinces assembled to take this matter on the attention of the provincial governments.

Advanced Movements.

Reference was made to the various advance movements inaugurated in the past two years. Legislation for the International Congress on Alcoholism held in London in July; the legislation passed by the Dominion parliament prohibiting opium and the tendency on railway corporations to prohibit the use of intoxicants on the part of their employees were also matters for which they should be thankful. She commended the magazines and newspapers who have refused to publish liquor or cigarette advertisements.

Prison Reform.

On the subject of prison reform and police stations, she said this was a temperance matter and received too little attention. "Let every provincial union through this incoming year make it its business to inquire into the conditions governing at least its women prisoners. Have you in your province police matrons and women probation officers? Are your juvenile prisoners separated from the adult offenders? Have you a 'Prison State Mission'? And what is being done to your province for released prisoners?"

She advocated the necessity of the establishment, in at least every province, of homes for the feeble-minded—the women too morally weak to withstand temptation and also urged the necessity of looking after the welfare of released prisoners.

It was a matter for gratification that their efforts to have intoxicating liquors barred from the militia camps had been so successful and had resulted in better conduct at the camps. It was pleasing to note that, although government had not prohibited cigarettes, restrictive legislation affecting their sale had been passed. They should keep up the fight, however, to banish the deadly cigarette altogether.

The importance of young people's work was touched upon and the various departments of Y work were referred to. The speaker said the new manual for the publication of Y. I. manuals. She told of her visits to various provinces, covering in mileage 8,962 miles, and the establishment of new departments in various places. It was moved by Mrs. Rugg, seconded by Mrs. Whitman, that a vote of thanks be presented to the president for her able address. The motion was carried. It was decided to have the address sent to the press for publication.

After Mrs. I. C. Archibald had addressed the meeting on missionary work in India the meeting adjourned. At the conclusion of the meeting most of the delegates attended the reception given in their honor by Mrs. T. H. Bullock.

SUNDAY SCHOOL RALLY.

Mrs. Asa Gordon Addressed the Children in Centenary Church—Praise for the Maritime Provinces.

A large number of people were present at the Sunday school rally held in Centenary church on Sunday afternoon. The meeting was presided over by Mrs. Gordon Wright, Dominion President of the W. C. T. U. The union and in the Maritime Provinces. A large easel supporting a picture of Miss Frances E. Willard, the founder, Harrison's orchestra was present and rendered sacred selections during the service.

After the responsive reading conducted by Mrs. Wright, the hymn, "Marching to Victory" was sung and the speaker gave an address for the special benefit of the children.

In the Hospitals.

She spoke of her work in the hospitals of the large and of the sadness to be encountered there. This was nothing, however, she said, to the sadness in the prisons, where not only grown-up persons but children, and even babies, were sometimes placed. Directly or indirectly, liquor was often the cause of many of their being there.

The speaker explained to the children how alcohol cooks the grey matter of brain in the same way as it cooks the white of an egg. To illustrate and lend force to her words Mrs. Wright produced a small bottle of alcohol and an egg and showed the children what she meant.

A Temperance Wave.

Mrs. Gordon referred to the great temperance wave which recently swept over the United States, when the thousands of children formed in line and marched in monster parades in order to further the cause of temperance. She begged her hearers to pray that the same temperance wave would sweep over Canada and said that she knew the children of Canada would not be afraid to show their colors.

Before concluding her address Mrs. Gordon spoke a few words to the parents imploring them to do all in their power to shield their little ones from evil and especially from the great evil of intemperance.

She congratulated St. John on having sent a large number who took an active interest in Sunday school. She said that nowhere in Canada had she seen more interest taken in it than in the Maritime Provinces. Response reading was then conducted by Mrs. Wright, after which the Temperance Doxology was sung and the meeting closed.

IN THE PULPIT.

Leaders of W. C. T. U. Heard in Eloquent Addresses—Mrs. Asa Gordon in Centenary.

Leaders in the Dominion W. C. T. U. spoke to large congregations in the various pulpits on Sunday morning and made an excellent impression. Mrs. Asa Gordon, in Main street Baptist church, dealt particularly with the work among children.

Speaking in the Congregational church, Mrs. Sanderson took as her text the words, "Suffer the Little Children to Come Unto Me, and Forbid them not, for of such is the Kingdom of Heaven." She dwelt upon the importance of training children and the home as the best environment has upon the young.

Especially was this true, she said, as regards the evil of intemperance, and she told a touching story of an English lad who inherited a craving for drink and was removed to a new home in the Canadian West, but who fell in spite of all that was done for him.

Mrs. Gordon in Centenary.

Wrapping the Canadian ensign in train about an empty whisky flask and a small boy, Mrs. Asa Gordon, in Centenary church last evening, asked her hearers to choose between the safety of home and the demon rum. The appeal was the climax of an interesting and well received address and it gripped the hearts of the large congregation present with suddenness that was electric.

Mrs. Gordon is the superintendent of Evangelical Work in the Women's Christian Temperance Union. Her experience has been such as to pecu-

BOARD FIX SALARY OF ASSISTANT TO CITY ENGINEER AT \$1,500

Monthly Meeting Held Saturday Afternoon—New Road To Be Built To No. 2 Section Of Water Extension.

At a meeting of the Water and Sewerage Board Saturday afternoon the tender of W. A. Quinton for feed water was accepted at the price submitted to the other boards. John Carney was given the contract for loose hay at \$14 a ton.

Ald. Frink, the chairman referred to the fact that the Common Council had referred to the board the question of fixing the salary of an assistant city engineer. He suggested \$1,500 with \$100 increase each year until a maximum of \$2,000 was reached.

In reply to a question, the Common Clerk said the power of appointment lay with the city engineer under the authority of the Common Council. The recommendation was adopted on motion of Ald. Scully the increase to be given subject to approval of the city engineer.

A tender for the trench for Harding street sewer was awarded to Peter Argenta; rock at \$2.75 and earth at \$1.25.

It was recommended that the fre hydrants at Rodney and Water streets, St. James and Watson streets, Lancaster and German streets, and in Charlotte street near the Baptist church, be removed.

A complaint from Mrs. Harry A. Murphy that water was flowing into a cellar from the highway, was laid on the table. Notice has been given to enter the sewer.

It was recommended that a road be opened up near the Desmond house on the Loch Lomond road to No. 2 section of the water extension. The estimated cost is \$1000.

It was agreed to give Mr. Wm. Murruck \$100 for the right of way through his property.

It was recommended that the office of director of public works be revived as otherwise no action could be taken before the magistrate to compel an entrance into sewers.

The recorder will be asked to look into the situation arising from a demand by John and Homer Cruikshanks to have a disused water pipe removed from the sidewalks.

There was considerable discussion over the claim of F. A. Barbour for \$2,719.19, the balance said to be due him by the city. The common clerk was instructed to write Mr. Barbour to come to the city that a settlement might be effected.

The city engineer reported 1,000,000 gallons less leakage since the repairs on No. 2 section. They will be suspended shortly for the winter.

The appointment of James Conway as caretaker at Spruce Lake was confirmed.

It was decided to notify the Government that if the pipe at Partridge Island was not repaired within three months the water would be cut off.

The board then adjourned.

liarly equip her for the subject of last night and her words carried with them the conviction that only comes of a working knowledge of the nakedness of things. She began by telling of her conversion. How she had vowed to devote her life to the uplifting of humanity and how her purpose was being accomplished.

Then followed the main body of the address, the text of which she found in the second book of Kings: "What shall I see in thy house," the question asked of Hezekiah by Isaiah on a memorable occasion.

"Should you have you in your houses," said Mrs. Gordon, "and I will tell you of your house. Let me examine your books, the newspapers, your radio and the music you permit to be discussed in the home. I will speak to you of your inner life."

The Ideal Home.

The ideal home, thought the speaker, was the old fashioned home. The head of which sent the household off at morning to the strains of "Onward Christian Soldiers," and who lulled it to sleep at night with "Jesus Son of my soul." There was an appalling falling off, declared Mrs. Gordon, in the number of old fashioned homes. I mean the home that has for its surest foundation a home, and that is away and the nation falls, for after all the nation is wholly dependent upon the homes that go to make it up.

Continuing, Mrs. Gordon appealed particularly to mothers. Let the sunshine in, said the speaker, this same sun that turns the marigold yellow will touch a more wonderful metamorphosis in the home. Do not set your wheels in motion to the strains of the Dead March in Saul. Make your homes a delight to the occupants and your children will not loiter in the streets.

The Greatest Evil.

The liquor traffic was then touched upon and the destroying influence characterized as the greatest evil that the world knew. Purify your homes, said Mrs. Gordon, make God's presence felt within them and you will have no cause to worry for the fate of your children with respect to the curse.

In card playing and for dancing. Mrs. Gordon also found something to denounce, declaring that the majority of the world's outcasts traced their degradation to the former. Concluding her address with an eloquent appeal on behalf of the Women's Christian Temperance Union, the immediate effect of which was the enrollment of several new members in the local organization.

Mrs. S. R. Wright.

Mrs. S. R. Wright of London, Ontario, president of the Dominion W. C. T. U. occupied the pulpit at the evening service in Queen Square Methodist church, and delivered an interesting address on the progress of "the great reform."

Referring to the great temperance advances that had been made on the continent during recent years, Mrs. Wright explained in detail the provisions of the Licensing Bill which was recently passed by the British House of Commons but afterwards rejected by the Lords.

The progress of temperance reform in the south states was dealt upon and the results achieved in North Dakota were described. The working of the prohibitory law

PULPIT EXCHANGING PRESBYTERIAN CHURCH YESTERDAY

Preachers Emphatically Need Of Increased Contributions—Rev. D. Mahon In St. Andrew's Last Evening.

Good results are expected from the exchanging of pulpits throughout St. John. The exchange was of increased contributions to the mission, cause and systematic collection of all churches. With few exceptions, the Presbyterian ministers were not in their pulpits at either service yesterday. The exchange was carried out as announced.

At the morning service the desirability of a system plan of giving was touched upon each speaker and it is expected the envelope system will be closely followed in the future.

No special collection was taken, but a reference was made to the outstanding debt of \$1000 incurred by the Mission Board. It was pointed out that the system plan of giving the revenues, an improvement must take place.

The outside men who came to St. John included, D. W. Mahon, Rev. D. McDermott, Dr. McE. Clark, Rev. T. Hunter and Rev. W. Girdwood.

In St. Ann's Church.

Speaking in St. Andrew's church in the evening Rev. Mahon preached an eloquent sermon from the text St. John 18:37, "To be end was I born and for this I came into the world, that I should be witness unto the truth."

The speaker, Jesus astonished Pilate by his answer and confident assurance. He knew what his life-work was. Pilate had never met a man who made this claim. It was not strange even in modern times it was said for many men to put in words purpose in life.

The belief that had a plan for every human life to follow was a serious thing and invested human life with dignity which was almost lost. Early in childhood as the mind grows the day, was often the purpose of his life.

There were many who complained that their path life had not been made clear but thing which God always reveals that his divine plan included his Love and Obedience. These essentials and if the vision of the soul should not be obscured.

In Prince Edward Island was highly praised and the speaker related a number of incidents had personally observed in connection with the work on the island.

Before closing he invited those present to join union and eighteen persons responded to the invitation among the men being Mayor Bullock.

At the Dry Day Club.

Last night the Every Day Club interesting address were delivered by Mrs. A. O. of Nova Scotia, Dominion Superintendent of W. C. T. U. work among boys and lumbermen. Mrs. A. O. McLachlan one of her hearers, spoke from Montreal. The ladies were crowded among those dying seats on the platform were J. V. James and Rev. S. W. Anby.

Before closing a gospel temperance address which she conducted the for traffic and card playing in the mes.

Mrs. McLachlan spoke briefly, conveying greetings to the club from the Men's Own of every church, Montreal, an association doing somewhat similar work that of the Every Day Club. Some she said, women would have the franchise, but in the meantime it was duty of the men to protect their homes by voting against the sale.

During the singing little Miss Oram sang a hymn to Mr. Wallace rendered a clarinetist.

In the Fairview.

The Methodist congregation at the Fairview church was addressed last evening by Mrs. Currie, of Quebec, Dominion W. C. T. U. superintendent on Moral Education.

Mrs. Currie gave an excellent address, basing her remarks on the 3rd chapter of Matthew. She described the liquor traffic as evil tree which brought forth evil fruit and must therefore be heaved out and cast into the fire. Mrs. Currie, president of the New Brunswick unit, presided, and there was a large audience.

At the Seaside Institute.

At the Seaside Institute last evening Mrs. O. N. Whitman, president of the Nova Scotia W. C. T. U. and Mrs. Black, of Victoria, addressed the audience on the subject of the children who were present, Mr. R. Morton Smith presided, and before the meeting closed all citizens rallied to the aid of the work.

TODAY'S PROGRAMME.

9.00—Prayer service, in charge of Mrs. (rdon, Ont.

9.30—(Convent) called to order. Hymn, "Faith looks up to Thee."

Prayer, by Sanderson, Que. Reading of Minutes, and Report of Credentials Committee.

Roll Call

Consideration of Amendments to Constitution and appeal on Election Officers.

11.30—Bible Reading, Mrs. Gordon. Subject "Faith Friends."

12.30—Non-dut Prayer.

12.05—Miscellaneous.

Adjournment.

3 W C T U

Monday Afternoon.

1.30—"Y" Conference.

2.15—Convent called to order.

Hymn, "God of Ages."

Prayer, by Mrs. B. C. Reading of Minutes.

Reports of Departments.

Work among Young People's Societies, Miss E. E. Smith.

ACT FOR JUVENILE DELINQUENTS NOW BEING PUT IN FORCE

W. P. Archibald, Dominion Parole Officer, Expects Good Results—Spoke In Ludlow St. Church Last Evening.

Mr. W. P. Archibald, Dominion Parole Officer, arrived in the city Saturday evening and will be here until Tuesday looking after business connected with his department. Mr. Archibald has just completed a tour of the Maritime Provinces during which he has visited many points in connection with the paroling of prisoners and found the system working excellently.
