Tan, Red or Freckled Skin is Easily Shed

To free your summer-soiled skin of the mottled, freckled, blotched or tan, have best thing to do is to free yourself of the skin. This is easily accomplished by the use of ordinary mercurochrome wax, which can be had at any drug store. Use at night as you use cold cream. Wash it off in the morning. Immediately the offending surface skin begins to come off in fine powder-like particles. Gradually the entire surface is cleared of tan, freckles or blotches. The second layer of skin now in evidence presents a spotted, whitened and sparkling beauty obtainable in no other way.

If the heat tends to loosen and wrinkle your skin, there is an effective and harmless remedy you can readily make at home. Just let an ounce of powdered sassafras dissolve in a half pint of water and bathe your face in the liquid. This at once tightens the skin and smooths out the lines, making you look years younger.

Your Neighbors Could Not Tell Which is the Real Voice of Mlle. Verlet

Nor Could You

If Alice Verlet, of the Paris Opera, stood on your verandah, or near an open window, and sang in direct comparison with Edison's Re-Creation of her voice, your neighbors could not distinguish one from the other, nor could you, unless you watched Mlle. Verlet's lips.

Edison's New Art Re-Creates all forms of music so perfectly that the Re-Creation cannot be detected from the original.

The NEW EDISON

is not a talking machine. It embodies a new art whereby all forms of music are actually Re-Created. It is not alone Alice Verlet's voice which is so recreated. No voice is beyond this new art.

Come and Hear Edison's Re-creation of Alice Verlet's Voice Market Square—W. H. THORNE & CO., LTD.—King Street.

Mlle. Verlet

of the Paris Opera, famed Belgian Coloratura-Soprano, is but one of the many great artists who have proved by direct comparison that Edison's new art Re-Creates all forms of music so exactly that the Re-Creation cannot be distinguished from the original.

What Critics Say: "Indistinguishable from her visible self."—Kansas City Times, Nov. 30, 1916. "The audience did not know whether the music came from her or the instrument."—Syracuse Post-Standard, Feb. 11, 1916.
