**\$3.50****DO YOU NEED A MATTRESS?**

If so, don't buy until you have seen the "Dixie No Tuft," the mattress which has revolutionized the bedding business. The absence of tufts does away with the hard spots which tuffing inevitably produces, and with the depressions at every tuft which are gathering places for dust, dirt and germs.

Our space is too limited to describe in detail why the Dixie has twenty-five per cent. more elasticity than the tufted type; why it presents a better appearance at first, and why it keeps that appearance after other mattresses have spread and sagged out of shape.

But if you will write or phone us for a circular which fully describes all these points, or, better still, call and let us show you samples, we feel sure that you will agree with us that it is the BEST ON EARTH.

The Juvenile Court.  
In the juvenile court yesterday two boys were charged with lying and lurking in a barn on Clarence street at an early hour in the morning. In court the detectives recognized the youngsters as a pair who have been stealing newspapers from R. Colgan's drug store, Waterloo street, from A. E. Trentowsky's grocery, Coburg street, and The O'Neil Pharmacy, Brussels street. The boys pleaded guilty and were allowed to go on suspended sentence.

**WEST ST. JOHN NIMROD SAW SHOES ON MOOSE; THOUGHT HE "HAD 'EM"**

Story of Ridiculous Trick Played by His Comrades on Local "Big Game" Hunter.

A hunting party arrived in West St. John after a most eventful trip through the woods in the vicinity of Pocologan. When a party of young men set out on such a trip there is generally one of the party who has to receive the "once over" from his companions. The young man picked out for this special degree will at least never forget his experience, for he saw something he had not previously witnessed and for a time was afraid that he would get into serious difficulties.

On Saturday night while this particular gentleman was enjoying a rest in camp one of his friends brought down a moose. It was a likely looking animal, despite the fact that it was not the finest specimen ever shot in the New Brunswick forests. The moose was hauled into camp and the carcass placed in an old carriage house nearby. In this house were a number of horse shoes and one of the hunters during the night made a good job when he nailed horse shoes on the four hoofs of the moose.

In the early morning their friend slipped out of the camp for the purpose of looking at the moose. He had only taken one look at the animal when he returned much excited and shouted out to his companions: "Say fellows, we'll have to sneak out of this place as quickly as we can; you have shot a moose with steel shoes on it; it must have been a tame one, used by some fellow for hauling logs. If we don't move out of this we will certainly get into all kinds of trouble."

The companions appeared to be serious for a time, and then, when the innocent hunter was made aware of the joke that had been played on him, he made remarks that cannot be printed. However, he will never forget his trip and in future will not believe that there is anything in the old saying, that there is luck in horse shoes.

**NEW TYPE OF ENGINE.**

The harbor tug B G Purdy, building for the Purdy Towing and Waterboat Company, was launched Tuesday from Green's shipyard, Chelsea. An entirely new type of engine to this part of the country will be installed in the new tug. It will be an automatic engine with four cylinders, having an indicated horse power of 100. The engine will be operated by gas, generated from hard coal. It is claimed that the new idea will result in a saving of sixty per cent. in coal consumption. The boat is 64 feet long, 16 feet beam and 7 feet deep. She will carry a crew of three and will be commanded by Capt. John T. Freeman. She will be ready for commission in about three weeks.

**DEMAND FOR VESSELS.**

**ANGELICAN COMMITTEES IN QUARTERLY SESSION**

Committees Deal with Many Interesting Matters—Work of Missions Shows Good Results.

The synod committees of the Anglican church which began their quarterly sessions on Tuesday were continuing yesterday, amongst those present being His Lordship Bishop Richardson, Ven. Archdeacon Newnam, Very Rev. Dean Neales, Canon Smithers, Rev. G. F. Schofield, Rev. Mr. Spencer, St. George, and H. F. Ludington. Yesterday's business was mostly of a routine character. In the morning and afternoon the proceedings had reference to preferment to self-supporting parishes, theological study, constitution of canons and statistics.

In the evening the work of missions was taken up. The treasurer of missions, H. F. Puddington, reported that the financial standing was in every way satisfactory in that department. Rev. G. F. Schofield reported that the missionary work conducted by Rev. W. P. Dunham in the deanery of Chatham had been most valuable. The sessions will be concluded today. In the afternoon several matters will receive attention, amongst others consideration of questions connected with the incapacitated clergy fund and the education of the children of the clergy.

**APOHAQUI**

Apoquah, Oct. 2.—Rev. L. J. Tingley occupied his pulpit in the Baptist church on Sunday evening, after a few weeks' absence, during which time his services have been taken by Rev. Gideon Swin of St. John.

Rev. Mr. Tingley is now commencing the third year of his pastorate of the Baptist church, having received a unanimous and hearty invitation from the church board at their last meeting.

During the two years just passed the reverend gentleman has through his untiring efforts met with marked success in church affairs.

The many friends of Rev. Mr. Tingley and Mrs. Tingley will be much pleased at his decision to remain. Friends of Mr. and Mrs. Henry Corbett of Lower Millstream, deeply sympathize with them in the death of their eldest son, Pte. John Corbett, who has been recently killed in action.

**CITIZEN OFFERS TO BUILD BALCONIES FOR HOSPITAL**

Wealthy Resident Gives \$4,000 to Equip St. John County Hospital with Balconies.

A meeting of the sub-committee of the Municipal Council appointed to deal with the building of balconies on the St. John County Hospital, was held yesterday at noon and it was decided to recommend that the balconies be built on the south side of the building as suggested by the hospital commissioners.

In this connection it is understood that an offer has been received by the commissioners of the hospital from a public spirited citizen of the city to pay the cost of these balconies amounting about \$4,000.

This offer will be brought before the council in the regular way as the committee had no power to accept it. The bonds for this work have already been authorized but if the offer is accepted there will be no occasion to issue them.

**CANADIAN SOLDIER WRITES OF ONE DAY IN CAMP IN ENGLAND**

William DeVenne, of the Canadian Army Service Corps, Describes Sunday Routine at Milford.

W. H. Dunham has received a very interesting letter from R. Q. M. S. William DeVenne in which he describes life in camp in an entertaining manner. "Sergeant DeVenne left here with the C. A. S. C. last summer and is now located at Witley Camp, at Milford. This was formerly an Imperial army camp and a few of the Imperial troops are there yet, but they will all be gone before long and it will then be only Canadian troops there. He was hoping to get across to France in time to have a hand in the finishing off of the Hun.

The letter was written on Sunday and describes in a racy way the duties of the day, the inspection by the O. C., and the woes of the fellow who happened to be unlucky enough not to have his kit in apple pie order. The day began at 5.30 with reveille, the same as any other day of the week; they had breakfast at 7 o'clock and at 9.30 the O. C. made his rounds. The fellow who did not have everything ship-shape would be called before the O. C. on Monday and likely given a week's "C. B." to remind him that things had to be kept clean and shining. There are about twenty stores and one can buy anything from a pack of pins to an auto. He had heard it said that living was cheaper in England than in Canada but had failed to find it so.

The Salvation Army had a tent, something along the lines of the Y. M. C. A., which was liberally patronized by the boys and they did a lot of good in the camp.
