

SAGE'S \$100,000,000 LEFT TO HIS WIFE

Nephews and Nieces to Get \$25,000 Each on Conditions

Any Relative That Tries to Break Will be Cut Off Without a Cent—Mrs. Sage, Who Inherits the Vast Estate, Known for Her Many Charities, and it is Believed That Her Enormous Wealth Will be Used to Benefit Mankind.

(From Our Own Correspondent.)

New York, July 27.—A childless old lady, whose school days were over half a century ago, with gentle old-fashioned manners and a kind, generous heart, today came into the absolute control of one of the greatest fortunes of this age of money. It is probable that the estate left by Russell Sage is worth \$100,000,000. The man who had been Sage's confidential manager for many years, says its value is more than \$80,000,000.

With the exception of some trifling bequests to relatives, every cent of this colossal fortune is absolutely at the disposal of Mrs. Margaret Olivia Sage "to have and to hold the same absolutely and forever" in the language of the will.

That the old financier left none of his \$100,000,000 specifically to charity is the subject of course of much ill-tempered comment. Those who knew him better, however, and especially those who know Mrs. Sage, look at it from a different point of view.

Mrs. Sage is known for her quiet charities and can safely be entrusted to use her fortune for the good of humanity. A man who knew the aged pair well said today that Russell Sage never did anything in better taste than to leave all his vast wealth to his widow.

"It was a much more charitable thing for him to do," said this man, "than if he had left an enormous amount to found some Russell Sage institute or other. Mrs. Sage will see to the charitable distribution of his money, and Sage is relieved of the vulgar stigma of trying to carry favor for his memory with the public which he more or less detracted during his long life."

Bequests to Relatives.

Mrs. Sage provided in his will that each of his heirs at law (he had about 25 nephews and nieces) should receive \$25,000 each. He was never intimate with any of them and most of them he did not even know. The will provides that any one contemplating the death of his wife, or the death of the beneficiaries will be mightily glad to get the \$25,000 and let it go at that, and talk of contest has dissolved into thin air. Mrs. Sage has no nearer relatives than these same nephews and nieces.

The probability is that when in the natural course of a few years she passes away it will be found that she has made some further substantial provision for them and that the great bulk of the Sage millions will revert to the public in the form of bequests to worthy charities.

Mrs. Sage is 70.

The woman who has this tremendous power in her hands to do with as she likes is now in her 77th year. She married Russell Sage when she was 40 years old and was his second wife. She had been a school girl friend of his first wife. Nearly sixty years ago she was graduated from the Emma Willard Seminary in Troy and for some years she worked as a school

TO UNITE TWO SUSSEX CHURCHES

Church Avenue and Main Street Congregations to Be One in New \$25,000 Building.

Sussex, N. B., July 29.—Last evening, at a meeting of the committees of Church Avenue and Main Street Baptist churches, who were thoroughly represented and had power to make arrangements for union or secession, a resolution was passed and unanimously carried that union take place immediately, and the two congregations unite at the Main Street Baptist church under the present pastor, Rev. W. G. Kennedy, on Aug. 7, and remain until the new proposed church is built.

A committee was also appointed from both churches to draft a constitution to govern the union and which will be submitted to both congregations for approval. The site known as the Dr. Burnett lot has been purchased for the construction of the new church, which will cost not less than \$25,000. The church avenue church has been sold to the Central Telephone Company, who will make it their headquarters as general offices and exchange.

The funeral of Mrs. Wm. Taskie took place this afternoon from the residence of her son-in-law, Dr. Burnett. Interment was in Kirk Hill cemetery. Rev. W. G. Kennedy officiating. The funeral was largely attended, showing the respect and esteem in which deceased was held by all classes. She was a devoted member of the United Baptist church.

EIGHT LIVES LOST FROM TWO YACHTS

Angeles, N. J., July 29.—Two yachts coming in from the fishing banks capsize on Herford Inlet Bar, off here, today, and eight persons lost their lives. The complete list is as follows:—

Bodies Recovered.

Frederick Fisher, 47, Philadelphia. Herbert Hammett, Lansdale (Pa.). Walter E. Fisher, 20, Philadelphia. John Fogarty, Haverford (Pa.). J. Starkey, Philadelphia. Jerry Donohue, Philadelphia. Unknown man.

Missing.

Samuel Lodner, Woodbury (N. J.). Walter B. Fisher, 20, Philadelphia. Herbert Hammett, Lansdale (Pa.). John Fogarty, Haverford (Pa.). J. Starkey, Philadelphia. Jerry Donohue, Philadelphia. Unknown man.

When the wind began to freshen, Captain Shivers decided to make port. A heavy squall struck the yacht, the craft heeled over and was hit by a huge wave, and the yacht turned over, throwing the thirty occupants into the sea. As the boat capsized, an agonizing cry as the yacht turned turtle, but it was quickly silenced, when nearly all the victims disappeared beneath the waves.

The waves were so rough that the upturned yacht was tossed about, thus increasing the struggling victims who were underneath. As many as could tried to reach the keel, but it was a difficult matter.

After hanging to the yacht for nearly an hour and as the hope of rescue had almost been abandoned, a government life boat, commanded by Captain Henry S. Ludlam, came to the aid of the yacht. The boat was in sight. At the risk of their own lives, the rescuers went to work.

Shortly after the survivors were brought ashore, another yacht, the Alvin B., was seen to capsize. There were several boats in the vicinity at the time, and all but one person was saved.

CANADIAN CANNED MEATS PASS TEST

Report of Analyst Put to Work by Agriculture Department

TOOK 27 SAMPLES FROM NEW BRUNSWICK

Smaller Proportion of Packages in Which Borax Was Found Than Was the Case in 1903—Adulterated Potted Goods in Future Report.

Ottawa, July 29.—When Hon. Sydney Fisher asked his department to investigate and report upon the sanitary condition of the canned meat industries and slaughter houses of Canada, he was at the same time arranged with the minister of inland revenue to have an analysis of canned meats as offered for sale through out the dominion.

The report of the department of agriculture is not yet completed but the analysis by the chief analyst, Thomas McFarlane, is finished. Mr. McFarlane's report, which will appear as bulletin 123, under the head of "Canned Meats," has been placed in the hands of the printer. He reports as follows:

"In accordance with your instructions of 11th and 12th of June last, a collection of canned meats was made as they are offered for sale in the dominion. These included not only goods packed in Canada, but also about an equal number of samples as put up by manufacturers and dealers in the United States. The latter were, of course, obtained from dealers in Canada, but, as regards Canadian products, they were taken not only from retailers and wholesale merchants, but also at the factories. The samples were obtained in the months of June and July, the number collected or 128 per cent. This proportion of any disagreeable odor, and they were tested as to whether any preservatives had been used in packing them. Only four samples out of the total collection were found to give evidence of decomposition, a proportion amounting to 1.4 per cent. The preservatives sought for were salicylic, benzoic, sulphurous and boracic acids, but only the last named was detected in a comparatively small number of samples, and in quantity not exceeding the limit fixed by the English parliament, or 0.5 per cent, and probably added in the shape of borax. There were 31 such samples, and the percentage of adulteration was 2.4 per cent. This is less than in the collection of 1903, when the proportion of samples containing borax amounted to 21.2 per cent."

"Full details regarding the nature and origin of the samples examined are given in the table appended to this report. Since its completion, however, my attention has been called to the number of samples of the meat of the state board of health of Massachusetts in which there is a report on canned meats with the following statement:—

"In general it may be said that the results are favorable to the manufacturers, both in the west and in the east, but certain preparations, the manufacture of which involves comminution or grinding, are very largely fraudulent in character, in that they are not what they are supposed to be. These preparations include the various potted tongues, chicken, beef and ham and devilled chicken, turkey, ham and tongue."

"Some of these are said to contain corn meal for which no search has been made in the samples described in this report. Since its preparation is desired with all possible dispatch, I do not propose to delay it any longer, but intend to refer to the subject of such adulterated potted goods in a future report."

APPOHAQUI WOMAN AND CHILD HAD CLOSE CALL FROM DROWNING

Mrs. Charles Parlee Plunged Into River to Rescue Daughter and Both Dragged Out Unconscious.

Sussex, N. B., July 27.—Mrs. Charles Parlee and her thirteen-year-old daughter had a very close call from drowning this afternoon near Apohaqui. The little girl, with other children, were bathing in the river near the bridge, when she got beyond footing and sank. The children became frightened and ran for the little girls' parents, who lived a short distance away. The mother, who was at home (the father being away), ran to her daughter's assistance, plunged into the river, and in endeavoring to save her child almost lost her own life. The mother and daughter were in the water some little time, and were unconscious when dragged out by some nearby neighbors, who were informed of the trouble by the frightened children. The neighbors had considerable trouble in resuscitating Mrs. Parlee and daughter, but after extensive rolling and working with them they finally succeeded. Dr. Barnett was immediately called and reports they had a very narrow escape. Mrs. Parlee is quite ill from the shock and water.

Mrs. Parlee and daughter are indebted for their lives to Harley S. Jones, I. J. Wright and Brunswick Order, who arrived in the nick of time and saved them.

RECOVERED ROBBER

Winnipeg, July 28.—Premier Roblin says Manitoba this year will have the best wheat crop in its history, and that the capacity of the railroads and lake transportation will be overtaxed.

ZION CHURCH HED 48TH ANNIVERSARY

Rev. Dr. Carman Preached Powerful Sermon Sunday on Beauty in the Church of God.

The 48th anniversary of Zion Methodist church was celebrated Sunday with special and appropriate services. The choir rendered special music both morning and evening. The preachers were Rev. Dr. Carman, general superintendent of the Methodist church, and Rev. Neil J. McLaughlin at 7.

Before the sermon in the morning Rev. Dr. Carman briefly sketched the history of the church. The congregation, he said, owed its existence to the objection John Owens, a member of one of the North End congregations, entertained to instrumental music for congregational use. In order to satisfy his scruples he built Zion church. After a time the church ceased to exist and the building was converted into an art gallery. The subject of Dr. Carman's sermon was Beauty, and his text Psalms L2: "Out of Zion the perfection of beauty, God hath shined." It has long been a much debated question, the preacher said, whether beauty really exists in the world, or is only a mental creation, or the result of the eye, or the ear, or the sense in the hand that is held to it, whether the sound is in the crumpling avalanche or the ear that hears. But, continued, Dr. Carman, there have been avalanches that have come down the mountains without a sound because there was no ear to hear them. A blind man cannot perceive the beauty of the firmament or the fragile beauty of the leaves. A man who has no sense of smell can never know the delicate perfume of the flowers.

In the same way, said the preacher, there would have been no use for the eternal God to shudder His moral law unless men could appreciate it. But when God had created a moral being the command "Thou shalt not steal," took on meaning. The moral law has meaning without God and it has no meaning without man. It must be filled out and will be filled out either in the glories of heaven or the horrors of hell.

There are several kinds of beauty such as physical beauty and intellectual beauty. The great architectural triumphs of the world were conceived by genius. Michael Angelo's genius shines out of St. Peter's at Rome and Sir Christopher Wren's out of St. Paul's, London. No less truly the great deal of God's light and God's spirit from shining into the hearts of the people, is it any wonder that the just God will say to these "Depart from me ye cursed. They have proved their capabilities of being cursed, they have wasted their opportunities, they have spurned their mercies. The church of God is a great institution and if a man will he can perceive in it greater beauty of living and loving than anywhere else."

BRITISH MINERS CLAIM BREACH OF CONTRACT

Say They Were Hired to Work at Sidney Mines at \$2.40 a Day and Only Got \$1.10—Quit and Are Going West.

Sydney, N. S., July 27.—Six old country miners who came to Cape Breton to work for the Dominion Coal Company were in Sydney today seeking transportation to the Northwest. These men claim that they were employed in Yorkshire to work at a wage of \$2.40 per day or nearly double what they were receiving in England. They arrived here last week and went to work on Tuesday but instead of receiving the expected \$2.40 per day they were told that they would have to work at leading for \$1.10 a day.

Most of the men being experienced and certified miners declined the terms, but afterwards decided to go to work at the lower rate until they would be able to make enough money to go west. The men stated that between 300 and 400 miners are now on their way from the old country to Cape Breton under similar contracts. The men here say they will telegraph the miners to go west instead of coming here.

CANADIAN GRAIN INQUIRY

Ottawa, July 28.—The inquiry which is to be made into the grain trade of Canada will be of a most comprehensive character. The order-in-council appointing the commissioners directs that they are to "consider all matters connected with the grain inspection act and Manitoba grain act, with power to visit the grain growers, the elevators all over the wheat-growing region, to inquire into the methods of handling the grain at the various stations, farmers' elevators as well as company elevators, the distribution of cars, methods of the grain dealers in Winnipeg, Toronto and Montreal, and the system of government inspection and collection of fees, selection of grades, and the methods of handling the grain at Fort William and Port Arthur, at the various points, and also the conditions existing as to the manner of handling the grain upon its arrival in England."

The commissioners who are entrusted with this expansive inquiry are Messrs. John Miller, of Indian Head, Saskatchewan, and James L. McNair, of Winnipeg, and George E. Goldie, of Ayr, Ont. The secretary has not yet been appointed, but he will be an Alberta man.

TRAGEDY DRAWS CURIOUS CROWDS TO BEAR RIVER

Murder and Suicide Shock Nova Scotia Community—Fearful News Harshly Broken to Daughter While Hurrying Home, Believing Mother Ill.

Digby, N. S., July 29.—(Special)—A terrible murder and suicide at Bear River have formed the topic of conversation since Saturday among townspeople and the hundreds of summer tourists in Digby and vicinity. Avar Morine killed his wife and committed suicide early Saturday morning. An inquest was held over the two bodies before Coroner Lovitt, and a verdict returned in accordance with the facts.

It appears that Morine and his handsome wife, Ida, had always lived peacefully. Last winter Morine was attacked with typhoid fever, which left him indisposed. He was thought by many to be mentally unbalanced, but supposed to be perfectly harmless. As the spring and summer advanced he became, without any occasion, jealous of his wife.

At 5.30 yesterday morning, after he had been up and dressed he returned to his room with a hatchet and razor and struck his wife several blows in the head and then cut her throat. A little son five or six years old, took the hatchet away from his father.

Morine then for a moment appeared to realize what he was doing and cut his own throat and rushed for the river, which ran close beside the little one and a half story cottage where the terrible deed had been committed. His brother, Edward Morine, a near neighbor, saw him run and throw himself in the river and hastened to his rescue, but arrived only in time to recover the lifeless body.

In the meantime Mrs. Morine and the little boy gave sufficient alarm to attract the attention of Mrs. John Morine, mother of the murderer. Mrs. Ida Morine told the story of the crime in broken sentences, and finally passed away at 6 o'clock, having lived less than thirty minutes after being wounded. A physician was summoned, but too late to save her life. Yesterday the steamer George L. Captain C. F. Lewis, ran an excursion to Bear River, and upwards of fifty took advantage of the trip to visit the scene of the awful tragedy. A large family of small children are left without parents, and the scene is certainly a sad one.

Morine's parents and brothers and sisters are grief stricken, and also the various parents and relatives of Mrs. Morine. The murdered woman was a daughter of Mr. and Mrs. Whitman Peck, of Bear River, and was highly respected by all who knew her. She has many relatives residing here, including two sisters—Mrs. Freeman Hardwick, of Oulleton, and Mrs. Robert Sanders, of Marshalltown.

FEARFUL NEWS HARSHLY TOLD TO DAUGHTER

A seventeen-year-old daughter, Em, is employed by C. A. Jordan, proprietor of the Dufferin and Columbia hotels here. She was immediately sent home by Manager Smith, of the Columbia. She did not receive the real news of the tragedy until within a half-mile of her home. She thought her mother was ill and when she asked a farmer by the roadside how her mother was, he said: "Your father and mother are both dead; they were murdered this morning."

The poor girl immediately broke down and almost lost her mind. The driver had difficulty in holding her in the carriage until her home was reached.

A singular thing in connection with it is that the murderer was a devoted member of the Salvation Army, and it is said he bade his comrades good-bye in an odd manner at the close of the meeting Friday night. He being at times a little strange this was not particularly noticed at the time, but is taken now to show that the awful deed was premeditated.

Funeral arrangements have not yet been completed.

MONCTON LIQUOR VIOLATORS ARE DUMB-FOUNDED AT SENTENCE

Moncton, N. B., July 27.—One month in jail without the option of a fine was the sentence imposed by Police Magistrate Kay on three parties who pleaded guilty to a violation of the Scott act. The parties were O. S. Leger, R. Hebert and Wm. McDougall.

The departure of the magistrate from the usual custom was startling in its effect upon the offenders, and created a sensation in the court room. When asked in the magistrate's saloon to keep up the usual custom, a charge of violating the C. T. A., the parties at once admitted the offence. The sentence will be one month in jail without the option of a fine," said the magistrate.

If a bomb had dropped in the room it could not have created much greater surprise. The three saloon keepers, who stood ready to pay over \$50 each, looked at each other to see if they had misunderstood the magistrate, and the clerk dropped his pen to stare in amazement at the court. Finally one of the party, thinking perhaps the sentence had been misunderstood, stepped forward to tender his \$50, but the magistrate repeated the sentence. Still another remained undecided, and asked the magistrate if he was aware they were prepared to pay up; but the court informed him there was no fine to pay.

FRANTIC EFFORTS TO ESCAPE SENTENCE

The situation at last dawned on the parties, and they started to consult their lawyers and interview members of the city council to see what could be done to evade the sentence passed by the court. Some of the legal gentlemen approached were unaware of the recent amendment to the Champagne temperance act, and doubted the magistrate's authority to impose imprisonment without the option of a fine. There was digging up of the law and the amendment was finally discovered. It had been passed by the senate in 1904 and gives a magistrate power to send violators of the C. T. A. to jail for one month for a first offence, and two months for a second offence, without the option of a fine. This was the first instance known in the province where the magistrate had exercised the authority given him under the amendment, and the point had been quite overlooked by the lawyers to whom Mr. Kay's decision came almost as a surprise as those sentenced.

Magistrate Kay's stand in the Scott act enforcement created no little sensation throughout the city. One party sent a messenger to an alderman to see what could be done, excitedly declaring he didn't want to go to jail, and asking what he was to do. The reply came: "Lads, if men don't want to go to jail, but sometimes have to."

MORE LIKELY TO GET SAME SENTENCE

The commitments have not yet been issued, but it is expected they will follow. A number of other cases are coming up tomorrow, and it is expected the same sentence will be imposed on these. Legal minds are busy with the problem of how to avoid carrying out the magistrate's decision, but the general opinion is if the commitments are issued the parties will have to go to jail.

The course taken by the magistrate is the outcome of a statement, and doubtless the chairman of the police committee that the stipendiary was the stumbling block to the enforcement of the Scott act.

If this course is persisted in and information is laid, citizens of Moncton will see the Scott act enforced as they never saw it before. Tonight the magistrate's action is the talk of the city, and future developments are awaited with interest.

DOOR OPEN FOR ISLAND COLONY--EARL GREY

St. John's, Nfld., July 29.—Earl Grey, at the invitation of his honor the Governor of Newfoundland yesterday, declared his visit to Newfoundland was proving a delightful one. He said he had been profoundly and agreeably surprised at the natural beauties and the material prosperity of the island.

The earl declared he brought no suggestion of federation from Canada, for he knew that union sentiment did not exist in the colony. He added, however, that if he had his pen to state in amendment at the end of his tour, that he would decide to seek a union, Canada's door would be found open, and it would not be necessary to knock.

Earl Grey expressed the belief that St. John's is destined ere long to become the western terminus of a trans-Atlantic steamer service.

Governor MacGregor assured Earl Grey that he was a heartily welcome visitor, Premier Bond concurred in this, and said it was the hope of the colony that a trans-Atlantic line would be an accomplished fact within a year or two.

Lord and Lady Howick and Lady Sybil Grey, on their recent fishing excursion, caught fifty salmon, none under ten pounds, and 120 trout weighing 180 pounds.

CANADIANS GIVE SUPERB PRESENT TO H. M. S. DOMINION

Portsmouth, Eng., July 27.—Canadians resident in the United Kingdom today presented a superb silver centrepiece to the new British battleship Dominion. On the base is inscribed "One life, one flag, one lord, one throne."

Lord Strathcona made the presentation, and announced that when the ship was in Canadian waters other gifts would be made, including a shield to be shot for by the Dominion's crew.

CITY PAY ROLL

At the city clerk Friday the usual fortnightly payments were made to employees in the water and sewerage, streets and ferry departments. The pay roll was heavier than usual owing to the large amount of work being carried on. The wages bill was divided as follows:

	Employees.	Amount.
Water and sewerage	274	\$4,232.97
Board of works	239	2,564.98
Ferry service	11	151.04
Total	524	\$6,948.99
The average amount received by each man was \$7.35 for a week's labor, or \$1.33 a day.

SIDNEY PRESBYTERIAN CHURCH WAS AFIRE

Practically Destroyed by Blaze, the Origin of Which is a Mystery.

Sydney, N. S., July 29.—(Special)—At 2.30 this morning St. James' Presbyterian church at Whittemer Pier was practically destroyed by fire, the interior being completely gutted and several holes burned in the roof and sides. The ward five fire brigade arrived just in time to save the frame. The cause of the fire is a mystery, and although the blaze is said to have started in the furnace room there has been no fire in the furnace for two months.

One of the last persons in the church was Rev. J. A. McDonald, the pastor, who left between 9 and 10 o'clock. The building was insured for \$4,000. The loss outside of that is about \$2,000.

POLICEMAN GIVES LIFE FOR BOY

New York, July 29.—In an unsuccessful attempt to save a drowning boy, Policeman William Heddenman today lost his life in Cornwall Creek, at 10th street and Jerome avenue. Weighted down by his clothes, the policeman struggled desperately to keep his head above, but he was exhausted and sank.
