

# LOST LIFE IN FIRE IN HOME

## Tragic Death of Dr. Reynolds at Lepreaux Saturday Morning

### VICTIM WAS ALONE

It is Believed He Lit Match to See His  
Watch and Accidentally Set Fire to  
Bed Clothes—Found by Men After  
Flames Had Been Extinguished.

Monday, Oct. 10  
Dr. H. P. Reynolds, a very well known  
physician of Lepreaux, lost his life in a  
fire which occurred in his home Saturday  
morning.

He was alone at the time. The presump-  
tion is that he awoke and lighted a  
match to see his watch, and in some way  
set fire to the clothing of his bed. The  
flames, which started just before 6 o'clock,  
were discovered by Clifford Pears, who at  
the time was passing on his way to the  
barber. He noticed the smoke pouring  
from the house and summoned a crowd of  
workers, made up mostly of C.P.R. section  
men, who by their prompt action suc-  
ceeded in saving the house from considerable  
damage, which at first appeared inevitable.  
It was only after everything else was saved,  
however, that Dr. Reynolds' absence  
was noticed. A search was made and  
about 7:30 o'clock his body, with life ex-  
tinct, was found stretched on his bed.  
The room was tastefully decorated for  
the occasion. The bride wore a pretty  
princess gown of pearl grey, broadcloth,  
and was given away by her father, Samuel  
McKay, of Penfield, Charlotte county.  
The ceremony was performed by Rev.  
R. A. Armstrong, rector of the  
church, in the presence of relatives and  
friends of the contracting parties. The  
groom's present to the bride was a diamond  
locket and chain. The presents  
were costly and valuable, including gold,  
silver, cut glass and linens. The bride  
going away costume was navy blue cloth,  
with hat to match. The happy couple  
left for Boston, where Mr. Ferris is now  
located. The groom has many friends  
here who are in wishing him happiness  
and prosperity.

## Two Interesting Sessions of S. S. Association

### Many Delegates Present and Reports Were Read—The Election of Offi- cers—Important Addresses Bearing on Sunday School Work.

Tuesday, Oct. 11.  
The annual meeting of the St. John  
County Sunday School Association was  
held yesterday afternoon and evening in  
the Fairville Methodist church. Both ses-  
sions were largely attended, delegates from  
both the city and county Sunday schools  
being present. The afternoon session was  
opened at 3 o'clock with devotional exer-  
cises, Rev. G. A. Ross leading in prayer.  
Following this, reports from the various  
Sunday school departments were read. The  
reports of Alice E. Estey, corresponding  
secretary, and C. G. F. Fowell, treasurer,  
were submitted and showed that substan-  
tial progress throughout the year had  
been made. After the business meeting  
had been concluded, Rev. W. A. Robb,  
field secretary, conducted a round table  
conference taking as his subject The  
Teacher's Training. Luncheon was served  
in the vestry by the ladies of the church.  
After the dinner, the annual meeting of  
the association was held, and the reports  
of the various departments were read.

# LETTERS TO THE EDITOR

## THE ROADS IN ST. JOHN COUNTY

To the Editor of the Telegraph:  
A considerable discussion about roads  
and bridges has taken place in the news-  
papers during the past few months, some  
claiming the roads in splendid condition  
unless where some opponent of the local  
government has destroyed them. I  
see special reference is made to  
St. John county. One would think  
by reading of the condition of the road  
from Ten Mile Creek, via Fairfield to  
Willow Grove, that this road was  
in first class condition until it had been  
ruined by Mr. Bentley hauling on it in  
1910. Mr. John Robinson, special com-  
missioner appointed by the local government  
had a contract for hauling lumber, but he  
appears to have been overlooked, or per-  
haps he forgot to mention it to the auto-  
mobile photographer who took such an in-  
terest in these roads. Other lumbermen  
hailed over parts of this road, but they  
seem to have escaped notice. In 1909 this  
road was in such a condition that in some  
cases three teams had to be employed to  
move a light load for one team on a road  
in fair condition. It seems the govern-  
ment has or had an idea that this road  
was put in good condition without cost-  
ing a cent, and it is a pity that it is not  
kept in such a condition. It is claimed  
that the only repairs made on it Mr.  
Bentley has to pay for out of his own  
pocket, although the government appointed  
a special commissioner, and as the  
board of reports shows, gave him some  
money. Mr. Robinson's excuse is that  
\$300 was his grant. In 1909 up to Nov.  
1, he had the following grants to expend  
on this road, \$22, \$53.35, \$91.85, \$60.50,  
\$127.60; in 1910 it is reported some \$500  
was expended by the Hazen gov-  
ernment. Some repairs have been made  
but they have not been directed to make any  
repairs on the road until Mr. Bentley is  
done hauling. As that may be several  
years, it looks as if Mr. Bentley may have  
to continue paying for repairs to the pub-  
lic roads. Some repairs have been made  
on the end of the road towards Willow  
Grove, where there is only light traffic,  
while for the past two seasons repairs  
have been refused on the end near Ten  
Mile Creek. It appears money has been  
full condition. It appears money has been  
withheld because Mr. Bentley, M.P.P., has  
to haul over it. There are other roads in  
the parish that have been piled with logs,  
etc., to the wagon ruts, but with a gov-  
ernment representative on the roads, it is  
nothing is said about it. If the gov-  
ernment thinks that the road from Ten  
Mile Creek, via Fairfield, was put in good  
condition by their special commissioner  
and Kings held their annual fair here on  
number of people think they are mistaken.  
Hoping some of these numerous grants  
may help to get it repaired and assist the  
public to resume traffic on the road, I  
remain,  
Yours truly,  
Simonds, St. John Co., Oct. 10, '10.

# Of Interest to Women

Ice cream served in half a cantaloupe  
is delicious for dessert.  
Salt mixed with vinegar is excellent for  
cleaning copper vessels.  
Boiled starch is much improved by the  
addition of a little salt or gum arabic.  
Oil of lavender, sprinkled about in the  
bookshelves, will prevent books from mil-  
dewing.  
If a piece of cheese is carefully wrap-  
ped in a cloth wrung out in vinegar it  
will neither dry nor gather mold.  
If a fish is dipped in milk and then in  
flour or cracker crumbs, it will brown  
quite as well as though first dipped in  
egg.  
Cream and butter should be eaten free-  
ly by those who do not eat much meat,  
as they furnish fats for the system.  
Mincied chicken, to which a generous  
amount of mayonnaise has been added,  
makes a delicious filling for a summer  
sandwich.  
After almonds are blanched and but-  
tered, they may easily be browned by  
shaking them over a fire in a corn pop-  
per.  
A paste made of emery powder and  
olive oil is excellent for polishing steel  
articles of any kind. Follow with a clean  
brush.  
When wiping silver take care to use a  
towel free from lint. Silver like glass-  
ware, shows every particle of lint that  
touches it.

# WELL KNOWN MINISTERS TO CHANGE PLACES

Rev. Jacob Heaney, who will have com-  
pleted four years as pastor of the Carle-  
ton Methodist church next June, has ac-  
cepted a call to the First Methodist church  
in Charlottetown. He will remain there  
a year, when Rev. Dr. Flanders will as-  
sume charge of the congregation. The  
Carleton Methodist church has invited  
Rev. H. E. Thomas, the pastor of the  
First Methodist church, Charlottetown, to  
succeed Mr. Heaney, and he has accepted.  
Mr. Thomas is a St. John man who is  
regarded as one of the coming men in  
the Methodist church. He will be warmly  
welcomed back to the city.
