BUCKEYE MOWERS AND COMBINED SELF RAKE REAPERS. with all the late improvements.

We have also purchased the Dominion Patent of the ITHICA HORSE RAKE, with an arrangement whereby the horse being attached to the lever assists in dumping the hay, making it the most complete rake now in use. Farmers

At Brockville are now completed, and are turning out this season an increased

wanting rakes this season would do well to see this improvement before purchasing elsewhere. Five Horse Cultivators, 8 and 10 Horse Power Threshing Machines, Richardson's Patent Drag Saws, Circular Wood Saws, Shingle Machines, Jointers and Butting Saws, Grist and Saw Mill Works of every description.

JOB WORK OF ALL KINDS DONE ON SHORT NOTICE. Having removed our large warehouse at Smith's Falls to the Railway Station grounds, would say to all that our Agricultural Implements of all kinds, and repairs for same are kept in stock, which can be forwarded at any time by applying to our agent WILLIAM MITCHELL. (32-cg)

FALLS **SMITH'S** WORKS. AGRICULTURAL

Brockville, Ont., May 6th, 1874.

G. M. COSSITT & BRO.

WE BEG TO CALL THE SPECIAL ATTENTION OF FARMERS to our Harvesting Implements for the season of 1874. Sizes and variety to

suit the wants of all classes. The BUCKEYE, (built in four sizes), of which we are building a much larger number than any previous year, still stands pre-eminent in the confidence of farmers as the most perfect, the most reliable and the most durable Mower.

The SELF RAKING REAPER can be attached to the "No. 1" and

THE DODGE MOWER AND SELF RAKE REAPER, which with valuable improvements made since last season, we offer to those who prefer a REAR CUTTING MACHINE, as the most perfect Combined Machine of its The JOHNSTON SELF RAKING REAPER we commenced to manufacture last season. Our patterns with all the latest improvements were secured from the patentees, and with our superior facilities and long experience in manufacturing, we claim for them that for quality of materials and style of finish, they will be found unsurpassed by any produced in the Dominion. At 2 field trial near Bell's Corners last July, the score of the Judges was for our Machine 120 points and the winning one 122-simply two points difference. Our machine went from the shop into the trial without any previous working, which was not the case with the other which had been worked in the field before. We were the first to put on steellined malleable guards on this machine, and we find that only since we commenced others have begun to do the same.

ITHICA HORSE RAKES Owing to the great demand for our Steel Tooth Horse Rakes, the past two years and the general satisfaction given we have been encouraged to manufacture for this season more extensively than ever, which we warrant made of the best materials, while for ease of management and perfection in their operation they are un

surpassed.

Send for circulars giving full information, or apply to our Agents, Smith's Falls, May 30, 1874.

FROST & WOOD.

FARMERS, ENCOURAGE LOCAL MANUFACTURE! ITHACA HORSE RAKES, PLOUGHS,

CULTIVATORS. 2 Horse Power Drag Saws, Fanning Mills,

Separators, &c. GUARANTEE all machines manufactured by us equal to any other akers in the Dominion. We would also call the attention of the Farmers to

McCALLUM'S POTATO DIGGER, Patented January 1874, and for which we have purchased the right for the Province of Ontario. We place this machine before the Farmers of Ontario, feeling satisfied that it will enable them to cultivate ten times the quantity of Potatoes that they now do, and with less labour to themselves.

This machine was tried in the County of Carleton, and elsewhere, and pronounced by practical farmers to be a complete success. It will easily dig from 2 to 3 acres per day, completely revolutionizing that most laborious work to the Farmers, — Digging Potatoes.

For further particulars, apply to our agents, or at the works, Almonte.

ROSAMOND, MILLER & SCOTT
