

A Patriotic Puzzle For July

By TOM WOOD

In the conversations of the people represented in the pictures numbers 1, 2, 3 and 4, respectively, may be found the names of towns or cities as indicated beneath.

Numbers 5 and 6 represent "square words."

Each small picture represents one of the four words comprising a "square." If guessed correctly, when written down, the words read the same from top to bottom, and from left to right.

How many words can you think of which can be made from "Patriotic"—using only the letters which are in this word? Send them in with your answer. No proper names accepted.

An interrupted *l'été à l'été* - Find in what town in Nova Scotia this transpired.

Find the town in New Brunswick where the doll was lost and found -

What City in Ontario were these people trying to find? The name is there.

Can you name the town in B.C. where this incident occurred? The man tells it.

Two prizes will be given, first one dollar and fifty cents, and second one dollar, for the best solutions, judged according to neatness and accuracy.

All are eligible to compete.

Answers must be received before July 31st to be included.
