You may be able to get a legal abortion in Halifax, covered by MSI

If you think you are pregnant and want an abortion, phone immediately. The sooner you phone, the easier and safer the process will be.

Student takeover?

(cont'd from p. 1)
 schools as well as universities. Owen said the Canadian publishing of textbooks — an ever-increasing number of which are being published by American controlled firms — is essential to an independent Canada.

"When you start talking about elementary and high school texts — that has a lot to do with forming a Canadian identity. "And if the company were associated with the universities,

it would go a long way to increasing outright Canadian content in courses," he said.

McLelland, who is heavily involved in the Committee for an Independent Canada, told the committee he has two other serious offers from Canadian interests and indication of interest from American sources.

McLelland has said he will send a copy of the private company's books — which are not published — to the UBC committee so they can start work on a formal proposal.

The Association of Universities and Colleges of Canada and the Canadian Association of University Teachers will be approached for support.

"A lot of these associations have supported Canadian control of the economy in principle, and this is a specific case where we can ask them to put their money where their mouths are," Owen said.

fellowships 71

The Department of Municipal Affairs offers two \$3,000 fellowships for graduate study in the field of

community and regional planning

Planning is a challenging and rapidly expanding professional field in Canada. Planners are at the forefront, helping to solve environmental, economic and social problems of community development. Salaries are good and advancement is wide open. Opportunities exist to contribute directly to Nova Scotia's future growth and the betterment of its communities.

The fellowships are open to Nova Scotia residents with university degrees in

architecture, engineering, sociology, anthropology, economics, geography, political science, law, or related fields. The fellowships may be applied at one of the seven Canadian Universities - Montreal, Toronto, Waterloo, Manitoba, British Columbia, York and Queens that offer graduate planning programs, or at equivalent U. S. or U. K. universities. Awards will be based on academic standing, experience in planning or related fields, financial need, and acceptance into a recognized planning course.

Upon graduation, the successful applicants will be expected to return to work in Nova Scotia for a minimum period, joining one of several planning offices in the Province.

Direct inquires to R. S. Lang, Director of Community Planning, Department of Municipal Affairs, Halifax; phone 424-4092. Applications should be made as soon as possible; the closing date is April 15, 1971.
