WHERE QUALITY EDUCATION COUNTS

The Atlantic Computer Institute offers an intensive, 12-month program for an accredited diploma in:

SYSTEMS ANALYSIS/ COMPUTER PROGRAMMING

In one year, you will graduate with a diploma which will open doors to exciting and challenging employment opportunities within the computer field.

Approximately 75% of all A.C.I. graduates are employed within the first six months of graduation. These graduates are working in many diverse businesses including major accounting firms, government departments, manufacturing companies and universities. The Institute arranges many of these job placements.

During the course, students are ensured of high standards of teaching and a curriculum which keeps pace with the dynamic nature of the computer industry. In addition to traditional computer languages, training in current software, used extensively by both government and private industry, is provided.

The Institute has a very successful workterm program. During the final semester, students are placed with companies/government organizations within Atlantic Canada. They can apply their skills to real-world situations and at the same time make valuable contacts in the business community.

Tuition fees are tax-deductible and cover the following:

- Certified, professional teachers
- 2:1 student-to-computer ratio
- Small class size
- Textbooks
- Access to computer labs

A.C.I. offers a unique program, with university-level courses, requiring approximately 50 hours a week. If you are prepared to work hard for an interesting career, we'd like to hear from you. We offer you the opportunity to join an exclusive group of professionals. The Atlantic Computer Institute is now accepting applications for March, 1987 enrollment.
