Dear Mr King:-

Yours to hand advising me of meeting on 29<sup>th</sup> instant. Owing to some rather urgent business matters I was not planning on going up until about the 3<sup>rd</sup> Sept. However if you think it important that all should be on deck early if you will wire me I will try and be on hand. If on the other hand it is not particularly important it would be a little more convenient for me to wait a few days.

I will leave it to you to say as soon as usual ready to do anything possible to assist in the interests of the party -

Yours sincerely  
A B C of A
