

Statement of Accused.

The night previous I was on guard and a man near me was killed by mortar fire. I left my post to have a cigarette to get my nerve back, as I was pretty nervous after my past experience.

Character Witness

K 570 34 A/RSM FISHER F. IC Scott.

knowing him duly sworn states:-

I have known the accused approximately ten days since he was placed under arrest. He was then employed in the kitchen and odd jobs. He has shown himself very willing and has worked hard on any task given him. Two nights ago when Co. H.Q. received a direct hit, the accused who was under arrest at the time, was one of the first into the wreckage of the house getting the wounded and dead out. He stayed there until the job was completed. He had no need to leave his slit trench whatever.
