

	PAGE.
PEAT GAS.	200-229
<i>a. Peat Gas for Heating Purposes.</i>	201-206
For Boiler Firing.	203
In the Iron and Steel Industry.	203-206
For Brick and Lime Manufacture.	206
For Glass Manufacture.	206
<i>b. Power Gas.</i>	206-229
PRODUCERS FOR NON-BITUMINOUS FUELS.	208-215
Dowson Plants.	208-211
Bénier Plants.	211-212
Taylor Plants.	212-214
Pintsch Plants.	214
Körting Plants.	214
PRODUCERS FOR BITUMINOUS FUELS.	215-219
The Mond Producer.	216
Körting's Lignite Briquette Producer.	216-219
<i>Peat Gas Producers.</i>	219-229
Körting's Producer.	220
Skabersjö Peat Gas Power Plant.	220-222
Burängsberg Peat Gas Power Plant.	223-224
Pintsch's Producer.	224-225
Luther's Producer.	225
Ziegler's Producer.	225-226
Frank & Caro's Producer.	226-227
Riché's Producer.	227-229

CHAPTER VIII.

MANUFACTURE OF MOSS LITTER AND PEAT MULL.	230-240
<i>Manufacture of Moss Litter on a Small Scale.</i>	230-231
<i>Manufacture of Moss Litter and Peat Mull on a Large Scale.</i>	231-240
Tearing Machines or Disintegrators.	231-232
Peat Mull Mills	232-234
Presses.	233-236
Description of the Moss Litter Plant at Yxenhult.	233-239
<i>Properties of Moss Litter.</i>	240
