

MAYTAG^{CO} LTD

Do not make a mistake this year, when
it comes to buying a Self-Feeder.
Only one best—"RUTH"

9,200 "RUTHS" sold in
 Western Canada means
 something

The durability of the Ruth Feeder is as remarkable as its ability to do a wonderful amount of work—more work and better work than any other feeder you can buy.

There are self-feeders that cause all kinds of delays, disappointments, money losses, because they cannot stand up under the work during the threshing season.

We know—and probably you know of feeders that are notorious for the fact that they rarely run one single season without shaking themselves to pieces. They are built flimsily. Their mechanism is weak. Their entire make-up is a mistake.

Yet—some people buy these other feeders. If one doesn't investigate, one is liable to invest in the wrong feeder—one that you'll have to replace at the end of the year, or even before the season is over. It may fall down on you right in the middle of the season.

This Guarantee Protects you for 3 years--Read it

Here is the strongest guarantee ever given with any self-feeder.

Such faith have we in the Ruth Feeder that we guarantee every Ruth Feeder to feed any make or size of separator to its full capacity, with any kind of grain in any condition whatsoever, BOUND, LOOSE, STRAIGHT, TANGLED, STACK BURNED, WET OR DRY, PILED ON THE CARRIER ANY WAY YOU PLEASE, without slugging the separator cylinder or loosening a spike, and do a FASTER, CLEANER and BETTER JOB of feeding than any feeder manufactured by any other company in the world.

Repairs and Extras

While it is an undisputed fact that the Ruth Feeder requires less repairs than any other feeder in the world, the cost per machine for repairs during the past 10 years averaged less than \$2.00, an occasional piece is needed, and when the accident does happen it is wanted quick. We understand this and in order to make it more than ever to your interest to buy a Ruth, we are doing something that no other Feeder Company has ever done, and that is we will have a good stock of repairs this year and in all the years to come at central points throughout Canada. This year you can get them from

H. A. KNIGHT at REGINA, and INTERNATIONAL HARVESTER at SASKATOON, Sask. The W. S. COOPER CO. at CALGARY, and THE MAYTAG CO. at WINNIPEG.

Feeders are also stocked at Winnipeg, Regina and Calgary.

Write at once for our large illustrated, colored Ruth Feeder Catalogue and also for our Catalogue describing and pricing a most complete line of Threshers' Supplies, such as Oils, Greases, Drive Belts, Belting of all kinds, Belt Guides, Cylinder Wrenches, Spark Arresters, and in fact everything needed except Separators and Traction Engines. You will find the prices right and we are here to give you satisfaction in every respect. As we are paying the War Tax, prices are practically same as last year.
