

ATTENTION!

Good SEED CORNS are not plentiful, and many will be disappointed in the seed they may get, unless they buy from reliable and responsible dealers. The germinating properties of a great deal of Seed Corns are very low, some not 50 per cent. Our stock of good Seed Corns, both for ensilage and planting, is limited, therefore ORDER EARLY. A full line of MANGEL, TURNIP and CARROT Seed. The best that money can buy. Send for SEED CATALOGUE.

Every man who has 10, 15, 20 or 25 cows, and is making butter, if only half the year, should have one of our ALEXANDRA HAND SEPARATORS. Simple and easy to operate, easy to turn, perfect work, will do all we claim for them. Largest capacity and cheapest and best Separator in the world. Never handled anything that has given such UNIVERSAL SATISFACTION. You should also have our Improved Butter Mould and Parchment Paper, the nicest thing you ever saw; Butter-worker, Butter Shipping Boxes, &c.

You are sure to want something that we have. Send for DAIRY CATALOGUE. Address—

STOCK GOSSIP.

In our review of the Toronto Spring Stallion Show we inadvertently reported Mr. Wm. Philips (Yelverton) colt Sir Burnie Dale (2009), by imp. Erskine's Pride, dam imp. Cambeltown Maid, as having won third prize, while he was awarded second in a capital class of colts rising two.

BLEMISHED ANIMALS.

It is really surprising how many good animals are badly blemished through slips or strains. In most cases only a slight lameness exists at first, and if Dick's Liniment were at once applied this would be cured, but even when lumps have formed they can be removed with Dick's Blister. It cures Curbs, Spavins, Ringbones and like blemishes.

Clydesdale Breeders who contemplate making an exhibit of stallions or mares at the World's Columbian Exposition in Chicago are requested to send the names and numbers of the animals that will constitute their display by early mail to Charles F. Mills, Springfield, Illinois, the Secretary of the American Clydesdale Association, who is now preparing the copy for the Columbian Clydesdale Catalogue. The prospects are very encouraging for a large and creditable exhibit of Clydesdale horses at the World's Columbian Exposition of animals bred in Scotland, Canada and the United States.

E. Gaunt & Sons, St. Helens, writes that they would like their advertisement in the ADVOCATE discontinued, as they are fairly deluged with enquiries. They will renew it a little later in the season.

T. H. Medcraft, Sparta, writes that he has purchased a yearling bull from W. G. Sanders, St. Thomas, out of the well-known cow Daisy Star 11179. He is a half brother of the bull which won sweepstakes at Toronto. Mr. Medcraft has a choice lot of lambs for this season's trade and will sell his whole flock, consisting of two imported rams, a few home-bred shearing rams and 21 imported ewes.

The Southdown Sheep Breeders' Association have arranged to hold at Chichester, England, on June 25th and 27th, 1893, a Show and Sale of southdown sheep, for registered sheep only. Valuable prizes will be offered to induce the best sheep to be sent, including one of 25 guineas by the President of the Association, for the best pair of 10 Shearing Ewes, that have not been shown before. All Ewes sold singly. Ewes in pairs or fives. Home and foreign buyers and breeders are asked to support the establishment of this sale with their patronage, for those who attend will be able to make a selection from all the best registered flocks. A second sale will be held on August 10th, 1893. All enquiries and communications in reference to either of the above sales to be addressed to W. W. Chapman, Secretary to Southdown Sheep Breeders' Association, 27, Baker Street, London, W., who will execute commissions.

The Dale LAND ROLLER

(PATENTED.)

A STEEL ROLLER, THE DRUMS OF WHICH OSCILLATE ON PIVOTS AND ADAPT THEMSELVES TO THE UNEVENNESS OF THE GROUND.

Its points of advantage are too many to enumerate. Some of them are:

The bearings are the only wearing parts and are guaranteed to last from Ten to Fifteen Years, and can be replaced at a nominal cost.

It rolls all the ground, no matter how rough. There is no axle shaft, no strain, and consequently no wear. It is easily oiled between the drums.

THE DEMAND IS STEADILY INCREASING. IT IS UNANIMOUSLY RECOMMENDED BY THOSE FARMERS WHO HAVE USED IT.

Orders are now being booked for the spring trade.
