**GOSSIP.**

At the annual meeting of the American Cotswold Association, held at Chicago, Dec. 3rd, 1901, the Secretary-Treasurer's report showed receipts for the year amounting to \$1,498, payments \$1,417.68, a balance for the year of \$80.32, and a balance brought forward from 1900 of \$661.74, making a total balance on Nov. 23rd, 1901, of \$742.06. Officers elected were as follows: President, D. McCrae, Guelph, Ont.; Vice-President, D. B. Watt, Xenia, Ohio; Secretary-Treasurer, Geo. Harding & Son, Waukesha, Wis.

J. & W. B. Watt, breeders of Shorthorn cattle, Clydesdale horses, and Leicester sheep, Salem, Ont., write: "Business is brisk, plenty of sales, and the stock doing well. Among other recent sales was the two-year-old bull, Brilliant Star, to Mr. John Donely, Grafton, North Dakota. Brilliant Star is a heavy, well-bred bull, sired by Charles Dickens =23418=, first-prize aged bull at Toronto and London in 1900. His dam, Morning Star =20170=, is a large, thick-fleshed cow that should raise the best of bulls to breed from. To Mr. David Harrell, Austin, Texas, five heifers; and later, at Chicago, the young English Lady bull, Royal Hope, and Matchless 30th, both got by Royal George =28553=. To Mr. Hobert Batty, Meaford, the bull calf out of Village Gem. To W. C. Edwards & Co., Rockland, Ont., the yearling Missie heifer, Lady Aberdeen 2nd. The other day we sold to Mr. John Leppington, Bredenburg, Assiniboia, the cow, Palmerston Daisy, and calf; two young heifers, a Matchless and a Stamford; two Leicester ram lambs, eighteen ewes, one young Clydesdale stallion colt, and two yearling fillies, all three registered. One of the fillies, Roseola Montrave [3045], was the first-prize Canadian draft filly at Toronto Industrial and several other fairs, never being beaten as a yearling. To Mr. J. E. Meyer, Kossuth, the Matchless bull, Matchless Duke. These are some of the sales we have made this winter, and we have still on hand and for sale several registered ewes and lambs, a Mildred, an English Lady, a Missie and a Matchless bull, and a few females; also a registered brood mare."

Mr. A. C. Hallman, the well-known breeder of Holstein cattle and Tamworth swine, at New Dundee, Ont., writes that he has had the good fortune to sell his Spring Brook farm at that place and to find a good farm of 160 acres of choice land with a convenient location, being only one mile from Breslau station on the main line of the G. T. R., ten miles west of the City of Guelph and five from the thriving town of Berlin, in the County of Waterloo. To this new home Mr. Hallman expects to move his stock about the end of March, and the new farm will take the name of the old Spring Brook, which will still be appropriate, owing to the existence on the farm of a fine spring creek running through rich pasture land. Mr. Hallman, in ordering a change in his advertisement, sends the following notes regarding his stock at the beginning of the new year: "The young stock sired by my prizewinning (imported) bull, Judge Akkrum De Kol 3rd, are the best I ever had. This valuable De Kol blood crossed with my richly-bred Aaggies, Netherlands, Acmas, Artis and other valuable strains, makes a combination which for quality, style and breeding is hard to excel. I have a strong lot of heifers in calf, also some very fine bull calves and heifer calves. I have only one bull left that will be ready for service this spring. My Tamworths are coming along fine, and I have a grand lot, of all ages and sexes, to select from. My sales are also encouraging. Among the most recent in Holsteins are: A very fine cow, Lily Acma, a very promising three-year-old, dam of the first-prize heifer calf at Toronto, 1901, sold to G. H. Monhard, Fairfield East, Ont. She is again bred to Judge Akkrum DeKol 3rd, which makes this a valuable purchase. The bull, Acma's Jewel Prince, first-prize calf at Toronto, 1901, went to W. J. Bailey, Nover, Ont. This is a promising bull, and one that we may expect to hear from. The third-prize bull calf went to Richard Honey, Brickley, Ont. This is also a grand young bull. Mr. Honey reports him doing finely, and that he has won many prizes on him last fall. Sales in Tamworths are also good. I have only a few boars left ready for service, but a fine lot of young pigs."

### Page Woven Wire Fence

Owing to the variations of the Canadian climate, considerable allowance must be made in all fences for contraction and expansion, which makes an ordinary wire fence unserviceable, as when it expands it becomes so loose as to prove of little value. Note this makes it elastic and self-regulating. The Page Wire Fence is made of "Page" wire, which is twice as strong as ordinary wire. Prices are particularly low this season. 50,000 miles of Page fences now in use. We also make Gates, Ornamental Fences and Poultry Netting. The Page Wire Fence Co., Limited, Walkerville, Ont.
