Make Your Own Building Stone.

Write to-day for information and catalogue on The

H. S. Palmer
Hollow Concrete Building-block Machine.

Makes a perfect wall, looks exactly like stone, and wears longer, and is very much cheaper. The hollow air-space makes a perfectly dry wall inside, and insures warmth. All you require is Portland cement, sand, and water. Anyone can use the machine, and blocks are ready to put in wall ten days after they are made. The blocks are 9x32x10 inches. Three men can make from 75 to 100 blocks on a machine in one day. Our travellers are out-selling territory. Write us if you are interested. Beware of imitations and infringing machines.
