

THE CALL OF THE NORTH

Do you know of the many advantages that New Ontario, with its Millions of Fertile Acres, offers to the prospective settler? Do you know that these rich agricultural lands, obtainable free and at a nominal cost, are already producing grain and vegetables second to none in the world?

For literature descriptive to this great territory, and for information as to terms, homestead regulations, settlers rates, etc., write to

"The Great-West Life Offers the Best Prospect of Insurance at Lowest Net Cost."

This statement, from the 20th Annual Report, is borne out by the most ample evidence—and is occasioned by an unequalled record in the three essentials of successful Life Insurance management:—

- High Interest Earnings.
- A Favorable Mortality.
- Low Expenses.

Can Life be Lengthened?

This is a problem that for centuries has engaged the attention of the world's greatest thinkers. Research and experience have conclusively proved that

Total Abstainers Live Longer

than non-abstainers. The reason for this, and the consequent reduction in rates of insurance extended to applicants of this class by that old-established Company

THE MANUFACTURERS LIFE

is well explained in an attractive little booklet issued and entitled "Total Abstainers v. Moderate Drinkers." This may be had on application.
