It is confidently stated now that the recent Levee and Drawing-Room at Dublin Castle are to be the last Vice-Regal re-unions of the kind; and that all the preliminaries are arranged for the final abolition of the Vice-Regal Court in Dublin. During the last three weeks, the weather has been all that the farmer could desire—high drying winds, and a mild temperature; have succeeded the heavy rains, and the ground is in as good a condition as could be desired for receiving the seed. The farming is, however, backward, but title wheat comparatively has been sown, and less will be sown this year than for many years back. FLANTAGENET WATER We call the attention of our readers to the following testimonials. The efficacy of the Plantagenet Water is now an established fact:—

MONTREAL, March 22, 1960.

Some August, 1848. I have recommended the Plantagenet Water in a variety of Chronic compliants, and with good effect. It has proved very useful in Lyspepsia. Rheumatism, and Scrolials. Wenkly and uservous persons, and those in whom there was an increased action of the lowels and is layer, tooks but half a lumiller at a time, repeated every hour or two. When possessed of more strength, and there existed a tardy state of the secretions, the water was more opously partaken of; and in cases of Pethora, where a disposition to congestion predominated, with a tendency to frever and irritation, it was taken to the extent of several pints a day.

My experience of in cutineous affections is more himsted too inmited indeed to permit me to offer any positive opinion of curative efficiery. I do not doubt, from the presence of Todine and Bromine in the water, associated with Magnesis, that it will prove sectionable in these cases also. It would be jure a more extended observation than that of a few manufacts or confirm this optimion, also, more palatable, or more generally acceptable to patients.

I remain, Yours, very truly, Yours, V. HALL, M. D., Lecturer on Materia Medica, McGill College.

Lectarer on Materia Medica, McGill College.

I do hereby Certify that for upwards of a year and a half, I have suffered sewerely from dyspepsia and constituents. From the effect of which became so attenuated, that all hopes of my recovery were alandward. After having used the various remedies usually prescribed in similar cases, without experiencing any relief, I had recourse to the Plantagenet apring waters; and sance I have used them, my health has been completely restored. As I attribute my recovery entirely to these waters, I consider it my duty most earnestig to recoumend them to whomsover may be afflicted with the above mentioned disorders.

Montreal, 18th March.

EXTRAORD HART CORE.—I certify that my wife, since three years past, has suffered much from a very grievous discusse, and tried many remedies without success; but the she has been draining the removemed Plantage waters, she is quite well.

H. LAURIN. Montreal, Sept. 4th. 1848.

I declare that I have terribly suffered a long time of the theumatism, and that since I drank some Plantagenet water I am better, St. Paul Street, Montreal.
