

READ ABOUT THIS GREAT SALE

You cannot deny it, so what's the use of trying: Canada is experiencing a short period of Hard Times, nothing to worry about, a few months more and the Hard Time period will have passed and we shall be what we were before—the busiest little nation on the face of the earth and our fair city the busiest of the busiest little cities. But in the meantime you have not bought as many shoes as you are wont to, we have them on our shelves and the manufacturers want their money. Moral: the shoes must go as we must have the money.
