

FARMERS make MONEY

Professor James W. Robertson, Commissioner of Agriculture and Dairying for Canada, in his report to the House of Commons for Canada, after going to England and investigating, and sending sample shipments, endorses the great object of this Company.

THE CANADIAN DRESSED POULTRY COMPANY, Limited

(TO BE INCORPORATED)

CAPITAL STOCK \$450,000

HEAD OFFICE—HAMILTON, ONTARIO.

PRESIDENT—MR. GIBSON ARNOLDI, Barrister-at-law, Toronto, Ontario.

MANAGER—MR. WILLIAM S. GILMORE, Merchant, Hamilton, Ontario.

OBJECT OF THE COMPANY.

THIS COMPANY is formed to advance Canadian trade with England in dressed poultry, ducks, turkeys and geese, dressed meats and other farm produce that the Company may deem it advisable to deal in. This is the GREAT OBJECT OF THE COMPANY. It will be no MONOPOLY and it cannot be made one; its success means THE FARMER'S SUCCESS. The farmer who wants to make money must first become a shareholder in this Company; which is the only company of its kind, and by so doing show that he means business, and his money being invested, his interests and the interests of the Company are the same, and then to earn a good reputation for himself as a first class raiser of poultry, turkeys, ducks and geese for the Company. This Company will buy ONLY FROM ITS OWN SHAREHOLDERS; therefore with care and attention every farmer and every farmer's wife and every man, woman and child of ordinary intelligence in Canada who has fifty dollars can buy ten shares and become a shareholder, and by beginning in a small way and saving his profits make himself wealthy, like Mr. Taylor has done. Who Mr. Taylor is explained in the following extracts from a story told by Professor Robertson, the well-known Commissioner of Agriculture and Dairying for Canada, to the standing committee of the House of Commons:

"Well-to-do farmers fatten chickens. I learn that there is money in the business. I had got the name of Mr. Samuel Taylor from one of the leading poultry dealers in London. When I got to his place I found Mr. Taylor was a successful farmer. He had begun life as a farm laborer without capital. When I visited him he had a fine farm-stead and was doing a prosperous business. I would not like to say how much money the chicken-fattening business brought for stock at once, as the Company will only buy from its shareholders and the lists will be closed. This is a GRAND CHANCE TO MAKE MONEY for either farmers or their wives and those who either cannot afford to keep up a large farm or who, through some infirmity or poor health, are not able to attend to the heavy duties of heavy farming. PRICES TO BE PAID.—This Company will pay the very highest prices to its shareholders, so as to encourage the raising of first-class poultry, and, as it will year in and year out be selling at the high prices to be obtained in England, it can afford to pay more than the best prices now paid for birds, new sold on the Canadian market."

GREAT PRICES IN ENGLAND.—Chickens shipped to Liverpool, England, met with a ready sale at eightpence (sixteen cents) per pound. As they weighed eleven pounds per pair, they sold for one dollar and seventy-six cents per pair. JUST THINK FOR ONE MOMENT—one dollar and seventy-six cents for a pair of chickens in England, and yet it is only a fair market price there, and the profits are equally as good, if not better on turkeys, ducks and geese. The consignee wrote as follows about the shipment: "I was greatly surprised at the all-round excellence of your small experimental shipment of Canadian capons (chickens). The chickens were found to be in beautiful condition, and presented a most saleable appearance. After the birds were uncased I hung one out to find how long it would retain its bright appearance, and found that it became milky white as soon as it had dried out of the chilled state; to-day five days later, it is as nice looking as a fresh killed bird. I think the price obtained will both please and pay you. It is a fair market price."

Three Firms Alone Intimated Their Ability and Willingness to Handle About Two Thousand Cases Per Week at Good Prices

RAISING POULTRY PAYS.—It pays better to fatten them, and it pays best to ship them to England. The shipment sent to Liverpool, England, above described brought one dollar and seventy-six cents per pair; the farmer sold them to the shipper for fifty-four cents per pair, which is above the average price, as often he does not get more than thirty cents per pair; can anything be clearer than that the farmer is failing to make enormous profits? By becoming a shareholder you will commence putting the money in your own pocket.

SUCCESS.—This Company is a natural outgrowth of the great and wonderful cold storage system. Before "cold storage" became known it would have been an impossibility to carry on this great business, but now the great success of cold or chilled storage is the maker of this enormous business, which will prove a money-maker for its shareholders. Space will not permit giving a description of the great arrangements to be made, or the many receiving and shipping stations, abattoirs, cold storage plants, offices and agencies this Company will establish in the different Provinces of Canada and in England, or of the numerous employees it will engage to do the buying, killing, plucking, packing and shipping; the instructions the Company will engage will give to the working shareholders such directions and assistance as they may desire.

THE HEAD OFFICE WILL BE AT HAMILTON, ONTARIO, and from there MR. WILLIAM S. GILMORE, THE EXPERIENCED MANAGER, will direct its affairs. Mr. Gilmore is already well known to many Canadians, but for those who do not know him and who would naturally like to know something of the man who is to direct the affairs of the Company in which they intend to invest their money the following extract from a letter written by the celebrated firm F. W. FARMAN CO., LIMITED, the greatest pork packers and provision merchants, and probably the oldest established firm of its kind in Canada, to the proposed bank of this Company, will be of interest:

GENTLEMEN.—At the request of Mr. W. S. Gilmore I write to advise you that we have known him for years, and have had during that time continuous dealings with him as one of our customers. He is a practical provision dealer and butcher of many years' experience. He is about fifty-five years of age, but active and progressive, and as a judge of poultry, live or dressed, he is certainly the equal of the best in Hamilton. As to his personal character, respectability and integrity, we believe he is fully to be relied on for anything he will undertake.

SPECIAL NOTICE

Every shareholder in this Company is not obliged to raise poultry simply because he is a shareholder, and everybody can buy stock in the Company, and the net profits or dividends will be divided between all shareholders alike. Everybody with any money should buy shares, and it is safe to say they will get large dividends for their money.

EXCLUSIVE PRIVILEGE.—The Company extend an exclusive privilege to those who hold ten shares or more of the Company's stock to raise poultry, turkeys, ducks, geese, etc., for the Company to supply the great demand, and to this class of shareholders the Company will pay the very highest prices for their birds. They will be given the great advantage of careful instruction, free of charge, in the art of raising and fattening poultry, as well as receiving their share of all the profits of the Company, and, as the promoters wish to make this a Company by the farmers and for the farmers, all the servants and employees of the Company will be chosen from among the shareholders and their families.

The Various Bluenoses

There are Bluenoses and Bluenoses. That is evident from a speech lately delivered before the Canadian Club of Boston, by Prof. G. D. Roberts. He is thus reported:—

It seems to me, he said, that in coming here to the Canadian Club of Boston, I have a right to speak to you more personally than I would anywhere else, because this club is made up so largely of men from our own part of the world—brother "bluenoses" from Nova Scotia, Prince Edward Island, New Brunswick. I cling, by the way, in parenthesis, to the term "bluenose," which on account of its historic associations, is a great honor to all who come from those maritime provinces. I dare say some of my brother "bluenoses" who are here do not know of the important division which exist among the "bluenoses." Of course we are all Canucks. But among the Canucks there are special divisions—the "bluenoses" are one sub-division, and no small one. Then among "bluenoses" there are special divisions. The original Nova Scotians were the original "bluenoses." There are New Brunswickers who are the "buck wheat bluenoses." Finally in Prince Edward Island our brother "bluenoses" are red footed "bluenoses"—a term which perpetuates the memory of their rich and amazingly fertile soil.

HE WAS A CUCKOO

A newly married man, who was anxious to buy a cuckoo clock, visited a jewelry store for that purpose.

Don't buy it, said a bystander. I say—don't buy it.

And why? asked the prospective purchaser.

Well I'll tell you, replied the bystander. I took one home not long ago and a few nights after setting it up it came home as it was on the point of striking three. Wife called from up stairs. John what on earth is the time? O I said just about twelve. Hanged if the clock didn't begin to strike and cuckoo'd out one-two three. And I had to cuckoo the other nine myself! Wouldn't that rattle your slats? But wait. Wife called down stairs: Say John what's the matter with that old cuckoo anyway? Hasn't it got some sort of a jag on?

The Bridgetown Monitor says: warden James P. Roop and family left Clementsport last week for New Glasgow, where Mr. Roop is to engage in business. He has been one of the prominent men of Annapolis county for a number of years, and has represented Ward 8 in the municipal council since the passage of the county incorporation act, has been warden since 1889. Officially he has zealously and judiciously guarded the interests of the county, and he will be much missed from our public life. Mr. Roop has also been postmaster for Clementsport for over thirty years.

The trial of John C. Best, formerly of New Brunswick, for murder has cost the county of Essex, Mass. \$10,000. The expense of boarding the 12 jurors and the two deputy sheriffs for 12 days was \$501.81, which includes \$36 for hair cutting and shaving.

The Halifax business of the Acadia Creamery Company has been sold to Mr. Archibald of Halifax for the sum of \$1050.

SUMMER BOARDERS SECURED

How Judicious and Inexpensive Advertisements can be Made to Pay by Using a Selected Medium

The Brooklyn Daily Eagle is the ideal Resort medium. It reaches the people you want to reach. Its circulation is the largest in Brooklyn, and goes into the best homes in the entire City of New York. Its name stands for excellence, quality, fairness and an unparalleled advertising reputation. Its resort rates are equitable; its monthly rate so low that you can afford to keep before the public every day.

The Eagle maintains two free information bureaus for Resorts—one in Brooklyn and one in the heart of the shopping district of Manhattan. They distribute your circulars, tell visitors about your house, and in every way further your interests. An advertisement in the Eagle supplemented by the free service of its bureaus, is almost a sure investment.

Upon application listing blanks, rate cards and further details will be sent.
