 MONTREAL, CAN.

### THE MANUFACTURERS LIFE INSURANCE COMPANY

**Saves Money for Total Abstainer**

The figures in the following table, show what percentage the actual cost of insurance has been of the expected cost, during the last few years in the two classes of insurers in this Company in Canada.

	1911	1910	1909	1908	1907	1906
Abstainers Section	44.87pc	32.30pc	34.65pc	38.22pc	39.00pc	35.98pc
General Section	79.59pc	51.28pc	15.11pc	82.11pc	72.75pc	56.64pc

This is no matter of theory, but a proved fact. Total Abstainers make an actual saving in dollars and cents by placing the life insurance with—

### Influenza

*"Chamberlain's Cough Remedy"*

"No one who has not had Influenza can realize the suffering it causes or how it defies treatment. I know of nothing that will give such prompt relief as Chamberlain's Cough Remedy, for when it is taken the pain in the chest disappears, the fever subsides and the whole body becomes more comfortable. Then again, the after effects of Influenza are often even more distressing than the disease itself, but they can be avoided if you use Chamberlain's Cough Remedy."

Though the greatest danger from this disease is Pneumonia. I have never known a single case of Influenza to result in it when Chamberlain's Cough Remedy was freely given. The persistent cough that frequently follows Influenza can be relieved by Chamberlain's Cough Remedy, and should not be allowed to run on until it becomes troublesome.

*Yours for Health —Granny Chamberlain*

### ALLIED AIR FLEET ATTACK GERMANS

#### German Trenches Shattered By British

In their progress southward across the Albanian frontier the Austrians have taken Albania's principal trade city—Scutari—and, in addition, have occupied Podgoritz, Dallovrad and Niksic, in Montenegro. The Serbians forming the garrison at Scutario retreated southward without resistance.

The Austrian official communication reasserts that the Montenegrins are throwing down their arms and that the populations in the towns occupied are receiving the invaders in a friendly manner.

Air raids by the aviators on both sides have taken place in various localities. The Germans again have passed over Dover in an aeroplane, which was engaged by all the anti-aircraft guns and pursued by British airmen. Whether bombs were dropped is not stated in the official announcement. This was the third venture of the kind in two days, in the other visits bombs having been dropped on the docks, barracks and stations at Dover and on the Arration sheds at Houghham, near Dover, according to Berlin.

Monastir, Glevgell and other points held by the Teutonic Allies near the Greek border were visited by a large French air squadron and violently bombed, while Metz and German positions in Belgium also were visited by Entente Allied aircraft and bombed.

Nothing new has come through concerning the situation on the Russian front.

On the French and Austro-Italian fronts, the usual bombardments and sapping operations continue, but without great gains for either side.

The British, through the explosion of a mine near St. Eloi, in the Arras region, did considerable damage to German trenches and also silenced German trench mortars by artillery fire near Ypres.

Floods and generally bad weather are hampering the operations of the British against the Turks in Mesopotamia. The high water in the Tigris is preventing troops from moving. During the lull in the fighting an armistice was declared for the burial of the dead.

In Northwest Egypt the British have been successful in an attack on a camp of the Senussi tribesmen, the tribesmen being dispersed and their camp destroyed.

The military Service Bill has passed its third reading in the British House of Commons by a vote of 383 to 36. It has been sent to the House of Lords, which chamber is expected to pass the measure quickly. The amendments to the original bill, as adopted, are said to have gone far towards conciliating those who previously opposed it.

A large number of British manufacturers have found that their businesses have increased tremendously as a direct result of the shutting out of German goods. They have decided, therefore, to form an organization to be conducted in the interests of British trade in general. It will have no political leanings. After the war is over, it is hoped by means of this organization to bring about a great trade expansion and to prevent Germany from capturing business that might just as well be done by British firms.

Canada is to send a fourth army division to France, and will get two other divisions in readiness. It is said there are now over 60,000 Canadians at the front and over 50,000 more in training in England. If enough of these go at once to France to form the fourth army division as many more of those now training in Canada must be sent to England to take their places in the training camps.

### Always.

George Ade said at a Chicago wedding breakfast:  
 "The reason why I never married is that, at a wedding I attended in early youth, the minister said nervously at the end—and I have feared ever since that there may be some truth in his words—"I believe it is always kistomary to cuss the bride."

China has an area of 1,500,000 square miles, and a population of 300,000,000.

He groaned. "Look at the bill," he said. "Ten shillings for perfume for made odors that fade and die!"

"Yes," she said, coolly, "that fade and die, and go to meet the thirty-five shillings' worth of cigars you consume every month."

### The Famous "American Truth Society."

(Hamilton Herald)

Not peace only, but truth also, is exploited by the Teutons, just as the devil quotes scripture for his purpose. The American Truth Society, with headquarters in New York, a German propagandist organization, has been convicted of publishing a bogus Punch with reproductions of old Punch cartoons in order to make it appear that British sentiment is unfriendly to the United States.

### BRITISH DEFEAT TRIBESMEN IN EGYPT

London, Jan. 24—An official communication issued tonight regarding the situation in Northwest Egypt says:  
 "General Wallace's column in Egypt attacked the camp of the Senussi tribesmen Sunday, disposing of the enemy and burning the camp."

Johnny Jones had taken up the study of anatomy at school, and developed keen interest in it. The progress at school was necessarily slow, so he sought to gain information at home, and one day he asked his mother in grave perplexity, "Ma, I know where my liver is, but where is my bacon?"

### WOMEN'S WOES

Kentville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing down pains; they must sit up, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained.

Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs Howard Amburg, of Kentville, N. S. says: "I am very much pleased to recommend Booth's Kidney Pills for their quick relief and cure of very severe sick headaches and dizziness which made me miserable for days at a time. My back had troubled me greatly and I concluded this was all caused from kidney trouble. I tried numerous remedies and prescriptions but only received temporary relief. I then learned of Booth's Kidney Pills which were recommended to me and procured a box at J. D. Clark Pharmacy, and I am now convinced that they are all that is claimed for them as the terrible headache, with which I had suffered have not returned, the dizzy spells have left me and my back is as well and strong as it ever was." Sold by Dealers. Price, 50 cents. The R. T. Booth Co Ltd., Fort Erie Ont. Sole Canadian Agents.
