**What Counts.**  
It isn't the brain a man has in his head  
Or the skill that he has in his hands,  
Or the books he has studied or read,  
Or his fortune in money or land,  
That makes a man likeable, lovable here,  
For many a place is meant;  
It's not what a brother can do or hold dear,  
But just what he is in his heart.  
It isn't the wonderful things he has written,  
Or the fact that by many he's hated,  
Or the applause for the deeds he has done,  
That makes a man welcome wherever he goes,  
A leader, unopposed may depart,  
But the glory that's his is in his heart.

**Liberals and Tariffs.**  
How can we account for the  
stock declared while the Liberals  
now that they are in Opposition at  
Ottawa, are clamoring for industrial  
and social reform, they neglected the  
matter during the fifteen years they  
were in office. And the News ven-  
tures to predict that if a Cabinet of  
tariff reformers could be formed to-  
morrow as few alterations would be  
made in the existing tariff as were  
made during the tariff which seven  
years before. It is open to the  
Liberals to retort by quoting from a  
book written by Mr. Willson before  
he became editor of The News, to  
show that the Liberals did make sub-  
stantial and important changes in the  
tariff during their term of office, and  
that by so doing they lived up to the  
spirit, if not the letter, of their  
pledges.

**The Speech of Hon. Mr. White.**  
When Hon. Mr. Fielding borrowed  
A HUNDRED MILLION DOLLARS  
IN ONE YEAR.

Ottawa, Jan. 27.—Hon. Mr. White,  
speaking in the House of Commons,  
draw attention to the fact, that the  
new members elected since last  
Parliament, sat on the government  
side of the House. Mr. MacLean had  
joined the government of cowardice  
regarding to the naval question. Mr.  
White simply desired to say that if  
the naval bill of last session had been  
passed to become law there would  
be no reason to suppose that the  
construction and ready to take their  
place in the House of Commons in  
1910. The bill to have been granted  
under the bill would have been prac-  
tical and effective and was regarded  
in Canada and throughout the world,  
it would have helped materially to  
bring about the desired cessation of  
armaments. Mr. White asked what  
was the use of reintroducing the mea-  
sure. It would have met with the  
same fate. We do not propose to  
plow in the sand or winnow chaff.  
We will have to wait the slow process  
of time and mortality. (Laughter.)

Mr. White announced that estimates  
for the coming fiscal year were pre-  
pared and would be introduced as soon as  
the debate was completed. He noted  
that the Liberals had challenged the  
claim in the estimates passed last ses-  
sion. They had asked for more. Ke-  
gan the honorable member for Halifax  
wasted more. Mr. White then pro-  
ceeded to give a series of figures con-  
cerning expenditures under the old  
Government and the present. He  
pointed out that in 1908, the Liberal  
Expenditure was \$112,000,000, and in  
1912 the year in which the new Gov-  
ernment adopted the Liberal est-  
imates, they had increased to \$137,000,000.  
In four years the expenditure  
had grown by \$25,000,000. The  
Liberals apparently thought that be-  
cause they had ceased to govern, Can-  
ada had ceased to grow. Canadian  
revenue and trade had expanded  
greatly since the Borden government  
came in. Two years ago the revenue  
was \$135,000,000, this year they  
would be \$170,000,000. The year  
before the Liberal government was de-  
feated the trade of the Dominion was  
\$75,000,000. Last year it had touch-  
ed one billion dollars and this year,  
despite the financial stringency, the  
trade of the Dominion would exceed  
the billion mark by one hundred mil-  
lion dollars.

Mr. White next took up the subject  
of borrowing in recent years. The  
literature sent out from Liberal head-  
quarters, it was stated that the Gov-  
ernment had been venally increasing  
the debt, while the boast was made  
that the Liberals had reduced the debt.  
In 1909 alone, the net debt increased  
\$4,000,000. During the thirteen  
months from December, 1912, to Jan-  
uary, 1913, a period of money string-  
ency, he had borrowed the staggering sum  
of \$100,000,000 and of this amount  
\$8,000,000 was borrowed in the seven  
months between January, 1913.

**Should Take Action.**  
When the Liberal party came into  
power in 1896, it was faced with a  
hostile Senate. The Conservative party  
now finds itself in the same posi-  
tion. The experience of the leaders to  
seek a conference on the situation, to  
see if plan could be evolved that  
will restore to the Senate the charac-  
ter it should have of an independent,  
non-partisan body. Apparently nothing  
of this kind is contemplated.  
Premier Borden's announcement in  
Parliament on Monday that he will  
wait until time changes the compo-  
sition of the Senate before again in-  
troducing the naval bill, is a clear  
intimation on that his intention is to fill  
the Senate as rapidly as he can  
with Conservative partisans. This is  
only perpetuating a bad system in-  
augurated by Sir John A. Macdonald  
and adhered to by Sir Wilfrid Laurier.  
If the Government retains power for a  
few years the complexion of the Sen-  
ate will again be changed so that  
when the Liberals come into office  
the country will again witness the  
spectacle of an Upper House hostile to  
the popular chamber. The best ser-  
vice the Premier and Opposition lead-  
ers can render the country at the  
present time would be to discuss the  
friendly way the future of the Senate,  
and to devise, if possible, some scheme  
that will set conditions that if per-  
mitted to continue will result in some  
consolidation of the situation now in  
an unsatisfactory spirit.—Globe.

## Court Gives Damages For Fraudulent Imitation

### Bold Attempt to Deceive the Public with an Imitation of Dr. Chase's Kidney-Liver Pills.

You can scarcely imagine an imitator with sufficient audacity to put on the market an exact imitation of a medicine so thoroughly well-known as Dr. Chase's Kidney-Liver Pills. And yet this is exactly what was done a few months ago in the city of Montreal.

A study of the wrappers reproduced on this page will show you that the imitation is a direct steal, word for word. The only difference being in the portrait which takes the place of that of DR. CHASE and the name DR. ROSS. The company name at the bottom was, by the way, purely fictitious as was also the registration number. Not only were the wrappers the same color, but the pills, the wooden boxes, the inside labels, were all just as like Dr. Chase's Kidney-Liver Pills as they could be made.

Such a deliberate attempt to defraud the unsuspecting public and steal the reputation of Dr. Chase's Kidney-Liver Pills had never previously come to your attention, and an appeal was immediately made to the courts to stop by injunction the sale of the imitation. This was followed by an action for \$50,000.00 damages against Mr. Ethier and the discontinuance of the manufacture and sale of the imitation.

Our object in telling you about this is to show how particular one must be when buying Dr. Chase's medicines. While not many dealers will take the chances of punishment which Mr. Ethier did by directly imitating the medicines, very many have some substitute to offer and will try to talk you into accepting it in place of the genuine. Why? There is only one reason. More profit. Medicine is one thing on which you cannot afford to take chances. Always remember that an imitation is like the original in name only and insist on getting what you ask for.

To help you get acquainted with the original and genuine Dr. Chase's Kidney-Liver Pills, we will mail you a sample box free if you mention this paper when writing. Edmondson, Bates & Co., Limited, Toronto.

No. 1, completed the Scotch profes-  
sion as his students, by doing you  
your faculties of observation. You  
dine use them. For instance—  
Picking up a jar of chemicals of vile  
odor, he stuck one finger in it and  
into his mouth.

"Taste it, gentlemen," he command-  
ed, as he passed the vessel from stu-  
dent to student.

After each one had licked his finger  
and had felt rebuffed through his  
whole soul, the old professor exclaimed  
in triumph:

"To ye so ye dunn use your  
faculties. If i' ye had observed ye  
would ha' seen that the finger I stuck  
into the jar was nae the finger I stuck  
into my mouth."

**In Misery at Meal Time.**  
INDIGESTION CAN BE CURED BY THE  
DR. WILLIAMS' PINK PILLS.

If your digestion is weak you can-  
not derive proper nourishment from  
your food. The pain and distress you  
suffer is a protest from your stomach  
that it is unable to do its work. It is  
then that you lose all appetite, have  
dull headaches, acute pains in the  
chest and abdomen, heartburns and  
other distressing symptoms.

You cure indigestion by the use  
of laxatives, and pre-digested foods  
only make the stomach more sluggish.  
Indigestion can only be cured by giv-  
ing tone to and strengthening the  
nerves to and strengthening the  
stomach. Dr. Williams' Pink Pills have  
cured indigestion times without number,  
because they purify and enrich the  
blood. In this way they improve the  
appetite, dispel the torments of indi-  
gestion and enable you to derive bene-  
fit from the food you take. The follow-  
ing is proof of these statements.

Mrs. George Brien, Great Shenogue,  
N. B., says: "A few years ago I was  
troubled with a fever which left me  
suffering from nervous stomach  
and indigestion. I apparently got over it,  
but the trouble could not be wholly  
eradicated, as during the summer  
of 1912 I was taken down with it  
again. I took many medicines, and  
was attended by two different doctors,  
but instead of getting well seemed to  
be getting worse. I could not eat  
without suffering the most intense  
pains. Even to drink milk seemed to  
upset me. I slept badly and at last  
dreaded to see night come. In this  
condition I saw in the newspaper the  
story of a woman who had similar-  
ly suffered and was cured by Dr.  
Williams' Pink Pills. I decided to try  
the Pills and lo! by the time I had  
taken three boxes that they were help-  
ing me. I continued using the Pills  
until I had used eight boxes when the  
trouble had disappeared and I have to  
thank Dr. Williams' Pink Pills for re-  
storing my health after I had practi-  
cally given up hope of ever getting  
well again."

Dr. Williams' Pink Pills are sold by  
all medicine dealers or will be sent by  
mail at 50 cents a box or six boxes  
for \$2.50 by writing The Dr. Wil-  
liams' Medicine Co., Brockville, Ont.
