

HELP SUPPORT YOUR OWN BUSINESS

IMPORT ALL YOUR REQUIREMENTS, AND EXPORT ALL YOUR PRODUCE. A CAPITAL OF ONE MILLION DOLLARS IS ESSENTIAL IF YOU WANT THE TRADING COMPANY TO BE YOUR OWN IMPORTER AND EXPORTER.

THE MOST UP-TO-DATE COMMERCIAL PREMISES IN NEWFOUNDLAND IS OWNED BY THE FISHERMEN, AND OPERATED FOR THE FISHERMEN'S BENEFIT, AND IS ESTABLISHED AT PORT UNION, WHERE A REAL TOWN HAS BEEN CONSTITUTED WITHIN TWO YEARS.

Your Money is Absolutely Safe Invested in The Trading Company.

Each year of the Company's existence has proved a financial success. The business has grown by leaps and bounds, until it has become the greatest in the Dominion, although only six years established.

After the war we want to lay in complete stocks of every sort of goods required by the fishermen, and one million dollars worth of stocks will be little enough to carry to supply demands at Port Union. Therefore it is right to purchase Shares or Bonds in the Trading Company, for a dividend of ten per cent. is a lot better than keeping it in your homes earning nothing.

The Trading Company has the facilities to operate a gigantic business, being equipped with every facility at Port Union; and possesses a chain of Union Stores that are modern, convenient, and capable of conducting a tremendous business. All that is now required is a large capital, to permit it to buy in large quantities in the cheapest markets, and operate independent of all interests.

You can do yourself, your neighbour, or your country no better turn than to assist in raising the capital required, and buying with your surplus earnings Shares and Bonds of the Fishermen's Union Trading Company, which is managed by the man who organized the F.P.U., established the great Trading Company, and built up the fishermen's own town at Port Union.

Chairmen of Union Councils, Clerks of Union Stores, and Supervisors of Union Stores will attend to the sale of Shares and Bonds, or, send direct to the Head Office of the Company at Port Union.

The Trading Company will, this season, collect all its purchases of Fishery Produce at Port Union, and Export direct therefrom. Fishery produce will be purchased at Port Union from planters and schooners at prices current at St. John's. Stocks of PROVISIONS, GROCERIES, DRY GOODS, ETC., will be carried to meet requirements.
