ber of this Magazine has been received.
It deals largely in poetry; and the article,
"A Talk about Odes," a companion paper
to the Talk about Sonnets," which appeared in the number for August last, is filled with quotations. The "Land of Khemi" is a fertile casis about seventy miles southwest of Cairo, and is supposed to be inti-mately associated with the history of Joseph; many interesting antiquities have been discovered there. "Beoloco and the Comedia dell Arte" is an account of an early Italian dramatist, whose comedies illustrating rural life and manners, and illustrating rural life and manners, and written in the peasant dialects, are still popular with the villagers. Several of hisplays are here described, with numerous extracts. Besides these we have "The Oruise of the Coya," a fishing excursion in the wilds of Noriolk; a continuation of the "Private Secretary," which approaches a conclusion, and "Mattie; the History of an Evening," which reminds us of the story of Cinderella.

#### NATURE'S LAW.

The present system of living —partaking of too rich food, as pastry, saccharine and fatty substances, alcoholic drinks, and an insufficient amount of exercise—frequently deranges the liver, thus inducing dyspepsia with all its misery. Fruitaline is peculiarly adapted for any constitutional weakness or derangement of the liver. It possesses with all its misery. Fruitaline is peculiarly adapted for any constitutional weakness or derangement of the liver. It possesses the power of reparation where digestion has been disturbed or lost, and places the invalid on the right track to health. A world of trouble is avoided by those who keep and use Fruitaline. No family should be without it. Sold by W. G SMITH & Co., Guelph.

AXEN'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious and successful chemical investigatard an their extensive use, by physicianr in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill shat medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are especially adapted to the needs of the digestive apparatus, derangements of which they preserve and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild but effectual cathartic is required.

A DIALOGUE ON VEGETABLANISM.—James (to his fellow workman, William)—"Well, William, they say your manager is a great vegetarian; he lives on little else than milk noo." William—"Milk? Ye dinna oathat a vegetable diet, d'you? I aye thocht it was an animal diet; at any rate, its an animal product." James—"Toots, man although it comes frae a cow, that's no to say it's an animal diet. The cow is only the beast it's made in, and itmakes it out vegetables. You couldna say that kail was iron, although they're made in an iron pot, ye ken." The argument being new to William, he took it to avizandum.

Sharp, farmer, Petersfield, Insch, the well-known ploughman, is leaving for the Co. of Wellington, Canada, and well may Canadians be proud of him for a neighbor and farmer. He is a native of Premnay, having been born at Sunnyside, and at the age of twelve years he gained one 5th and one 6th prize for ploughing. Mr. William Sharp has gained thirty-six 1st prizes, eleven 2nd, four 3rd, one 5th, and one 6th, and has acted at no fewer than 105 ploughing matches as judge. He has won five Highland Scoicty's medals. The last he won at Dufitown the past winter, in an all comers' match for Scotland; so if Mr. Sharp, senr., do not manage to beat Mr. all comers' match for Scotland; so if Mr. Sharp, senr., do not manage to beat Mr. Rennie, the champion of America, who is to challenge any man in the world, Mr. James Sharp may, a young man of only 22 years, and has won three first prizes for ploughing. The father and son are Freemasons, and were members of St. Andrew's Lodge, Iusch. (No. 228). They are both' members of the 19th A. R. V., Insoh. Mr. Sharp, senr., has gained a number of valuable prizes—a silver teakettle, and a silver tea-pot, and the challenge cup he will actually carry to America. Miss Sharp, and James her brother, have sailed for Canada in the Corean, and Mr. and Mrs. Sharp and their daughter are to sail in June for Quebec, en route for Canada."
