What does this proposition mean to the Hamilton store man? It means a complete saving in the cost of fixtures. It means no outlay for mantle removals or for cleaning. It means less money for lighting bills and it means a much more attractive place of business.

New York, Dec. 2.—The world's championship fight between James J. Jeffries and Jack Johnson will be held in San Francisco before a club organized by "Tex" Rickard, of Ely, Nevada, and Jack Gleason, probably on July 4, 1910.

Shoe Helps.

The changing of a bow or a heel on a shoe makes a great difference in the appearance, and many a pair sold at a shoe sale because of being a little old-fashioned can be turned into something thoroughly up to date by these slight alterations.

For instance, where a flat bow has trimmed at instep and a tied bow would bring the desired change. The shoe can be taken to any boot repairer and eyelets put in to accommodate the ribbon.

Heels, too, can be replaced by others, but too much difference in height spoils the general effect as well as the comfortable feeling; in other words, the shoe is unbalanced when the heel is cut down too much, and will always chafe the foot and give pain under the arch.

PROBABLY SAFE.

Peel River May be Detaining Bishop Stringer.

In view of the fact that Bishop Stringer of the Diocese of Yukon, with headquarters in Dawson City, has not been heard from since July 14, considerable interest attaches to the letter which he wrote from Fort McPherson to Mrs. Stringer on that date. As the Mackenzie River district has no Bishop in charge at the present time, Bishop Stringer is forced to cover the northern half of this immense territory in addition to his own diocese. Bishop Reeve, who preceded him in that district, says that the fears for his safety are not well founded, and that he will probably return to civilization as soon as the frozen north will permit.
