BRITISH PERIODICALS.
The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The Westminster Review, (Radical.)
The North British Review, (Free Church.)
AND
Blackwood's Edinburgh Magazine, (Tory.)
THE American Publishers continue to reprint the above named periodicals, but as the cost of printing has DOUBLED, the price of paper nearly TREBLED, and taxes, duties, freights etc., largely increased, they are compelled to advance their terms as follows:—
TERMS FOR 1865:
For any one of the Reviews, per annum $4.00
For any two of the Reviews, 7.00
For any three of the Reviews, 10.00
For all four of the Reviews, 12.00
For Blackwood's Magazine, 4.00
For Blackwood and one Review, 7.00
For Blackwood and any two of the Reviews, 10.00
For Blackwood and three of the Reviews, 13.00
For Blackwood and the four Reviews, 15.00
Subscribers in the British Provinces will remit, in addition to those prices, TWENTY-FOUR CENTS A YEAR for Blackwood, and EIGHT CENTS A YEAR for each Review, to cover the United States Postage.
The works will be printed on a greatly improved quality of paper, and while nearly all American Periodicals are either advanced in price or reduced in size, and very generally both—we shall continue to give faithful copies of ALL the matter contained in the original editions. Hence, our present prices will be found as cheap for the amount of matter furnished, as those of any of the competing periodicals in this country.
Compared with the cost of the original editions, which at the present premium on gold, would be about $100 a year, our prices ($15) are exceedingly low. Add to this the fact that we make our annual payments to the British Publishers for early sheets and copyright IN GOLD—$1 costing us at this time (Jan. 1865) nearly $2 50 in currency—and we trust that in the scale we have adopted we shall be entirely justified by our subscribers and the reading public.
The interest of these Periodicals to American readers is rather increased than diminished by the articles they contain on our CIVIL WAR, and, though sometimes tinged with prejudice, they may still, considering their great ability and the different stand-points from which they are written, be read and studied with advantage by the people of this country, of every creed and country.
THE FOUR REVIEWS FOR 1865.
A few copies of the above remain on hand, and will be sold at $6 for the whole four, or $2 for any one.
We also publish the
FARMER'S GUIDE,

DR. LAMERT
ON
SELF-PRESERVATION.
PRICE WITH ENGRAVINGS AND CASES, 1s. 6d.;
BY POST, 2s.
SELF-PRESERVATION: a popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.
By Dr. LAMERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.
The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict on us serious injuries, and render judicious treatment frequently abortive.
The author is the only legally qualified practitioner whose name stands on the "Medical Register," (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered susceptible to a rational, simple and easy mode of treatment.
At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford square, London, England.
Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded, in secrecy and safety to any address.

ALL CURES MADE EASY!!
BY
HOLLOWAY'S OINTMENT.
Bad Legs, Ulcerous Sores, Bad Breasts, and Old Wounds.
No description of wound, sore or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicine is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.
Piles, Fistulas, and Internal Inflammation.
Those distressing and wearying diseases may with certainty be cured by the sufferer themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighboring parts, when all the most matter will be received. A poultice of bread and water may sometimes be applied at bed time with advantage; the most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintance whom it may concern, they will render a service that will never be forgotten, as a cure is certain.
Rheumatism, Gout and Neuralgia.
Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's Cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subdue and remove all enlargements of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the most aggravated circumstance, if the use of these medicines be persevered in.
Eruptions, Scald Head, Ringworm, and other Skin Diseases.
After fomentation with warm water, the utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the assiduous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach, consequently, in many cases, time is required to purify the blood, which will be effected by a judicious use of the Pills. The general health will readily be improved, although the eruption may be driven out more freely than before, and which should be promoted, if perseverance is necessary.
Sore Throats, Diptheria, Quinsey, Mumps, and all other Derangements of the Throat.
On the appearance of any of these maladies the Ointment should be well rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat: this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.
Scrofula or King's Evil and Swelling of the Glands.
This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more available than any other remedy for all complaints of a scrofulous nature. As the blood is impure, lose, stomach and bowels, being much deranged, require purifying medicine to bring about a cure.
Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chilblains	Fistulas	Skin-diseases
Bad Breasts	Chigoe-foot	Gout	Sore-nipples
Burns	Chapped Hands	Glandular	Sore-throats
Bunions	Corns (Soft)	swellings	Scurvy
Bites of Mosquitoes	Coco-bay	Lumbago	Sore-heads
Sand-flies	Contracted and Stiff Joints	Piles	Tumors
Coco-bay	Elephantiasis	Rheumatism	Ulcers
		Scalds	Yaws
		Wounds	

Sold at the Establishment of Professor HOLLOWAY, 244 Strand, (late Temple Bar,) London; and by all respectable Druggists and Dealers in Medicine throughout the civilized world, at the following prices:—1s 1½., 2s. 9., 4s. 6., 11s., 22s., and 33s. each Pot.
☞ There is a considerable saving by taking the larger sizes.
N. B.—Directions for the guidance of patients in every disorder are affixed to each Box.

Dr. W. G. Sutherland
RETURNS thanks for the very liberal patronage extended to him since commencing the practice of his profession in its various branches, in this city, and trusts by attention and assiduity, that the same may still be continued towards him.
By the latest arrivals he has increased his present stock of
Drugs and Chemicals,
Choice Perfumery, Toilet Articles, in variety; selected from the best London Houses, by those competent of doing justice to the purchase.
The Dispensing department will be under his own immediate and personal attendance.
Dr. Sutherland begs also to observe, that he trusts the fact of having practised in Scotland several years, and nearly twenty years of extensive Colonial practice in every branch of his profession, combined with unremitting industry and personal attendance, will not fail to secure a continuance of their confidence.
