## MEETING IN CITY PARK FOR THE I.L.P.

Large Gathering Listened to Interesting Address by Prominent Speakers.

Quite a large gathering of citizens was present in Montebello Park last night and listened with considerable interest and close attention to the address delivered by Mayor McBride, Brantford and Mr. Allan Strohme, M.P.P. of Hamilton.

Mayor McBride is a man of commanding platform appearance. He is rational and moderate in his speech and conveys the impression of a man who believes in the working class getting the best wages and living conditions they can but he approves of these things being secured along constitutional lines. He strongly scored profiteers and said that the money of the country and its control was in the hands of a small group of financiers who grew rich out of heavy interest payments. He called this group the blunderbuss and said that the working men of this country were entitled to a larger share in the wealth they helped to produce and they were going to get it.

Mr. Strohme wandered considerably in his address and did not get down to cold hard facts and reasoning as well as he can when he wishes. He reviewed the hard times that New Zealand had once known and said that the late premier Dess Selden and Ward, out of the ranks of the workers had risen and saved the State. They were honest, courageous men who appeared to the sense of the working classes. What had been done in New Zealand could be done here. He said that the working men of Canada were now burdened with a heavy debt and interest charges. Mr. Strohme discussed the high cost of living and the forces among the "big fellows" that were raking in the profits. The working people produced the wealth of the country and were entitled to have a greater voice in the government of the country. They should give Grit and Tory politicians both a wide berth and get a man who was friendly to labor elected to the Legislative halls.

Both speakers were listened to with close attention.

### PRINCE TO FLY IN CANADA

Toronto, June 11.—The Prince of Wales will be one of the first to fly in Canada's new flying circus to be inaugurated during the C.N.E.

The Dominion Government have asserted to the plan for organizing a flying circus, which will be made up of 250 aeroplanes that have either been surrendered by the Germans or have been presented to the Dominion by the Governments of Great Britain, France and Italy.

The circus is already practically organized, and its complement of personnel is composed of such well-known Canadian "aces" as Barker, Bishop and McKeever.

The first shipment of aeroplanes being conveyed on ten railway trucks is now on its way to Toronto. It numbers sixty-five aeroplanes, and the remaining number will eventually be delivered at the exhibition grounds in plenty of time to be assembled and tested before the exhibition opens.

### WOMEN MAKING HEADWAY

SPRINGFIELD, June 11.—Illinois is the first state to ratify the woman's suffrage constitutional amendment. The General Assembly approved the measure yesterday. The vote in the Senate was unanimous, while in the House the vote was 132 to 3. At Madison the Wisconsin Legislature yesterday ratified the Federal suffrage amendment, the Assembly voting 64 to 2 and the Senate 23 to 1.

### AUSTRIANS ASK JOINT PROTEST

PARIS, June 11.—An Austrian delegation at St. Germain has asked Germany to protest to the allies against the rigor of the peace terms presented to Austria. The Havas Agency says it is informed from a reliable source. The reported action of the Austrians is unfavorably commented upon here.

## CHANCE FOR TRADE IN JAPAN IS REPORTED GOOD

Replying to an enquiry from the Canadian Trade Commission at Ottawa, regarding possibilities of trade in Canadian fish in Japan, Mr. A. E. Bryan, Trade Commissioner at Yokohama, says:

"Wholesale grocery travellers from other countries come out once a year or so to show the various brands; they bring their samples with them and quote right on the spot. So far as the writer is aware, there has never been any Canadian wholesale grocer or traveller come to Japan for this purpose. Today, when I was in one of the stores an American traveller had about half a dozen large trunks open and was displaying as well as taking orders for the various lines which he carried. Everything looked attractive and he did some good business. This should be done by Canadians. Fish packers should combine for export and should send a traveller out once a year who would carry their goods, as well as perhaps a general line of Canadian groceries. Nothing can be done here without samples and prices f.o.b. Vancouver or preferably c.i.f. Yokohama. Canadian packers should come out and study the market not only here, but in China, Korea and other eastern countries."

### ALL MUST ARBITRATE

Halifax Builders Will Not Arbitrate With Five Unions While One Declines.

HALIFAX, N.S., June 11.—The employers in the building trades decided that they could not arbitrate with five of the unions while one declines. They agreed to pay men who return to work the advanced wages they offered, the final amount payable to be adjusted after the arbitration award is made.

### DEATH OF MRS. PATTERSON

There passed away at the family residence on Tuesday night, Caroline Ann McDermott, beloved wife of William Patterson, at the age of 77, following a brief illness.

Deceased who was a general favorite with all she came in contact with, a devoted member of St. George's Church, and took an active part in every organization that led to good causes. She was born in this city, and during her useful walk of life was noted for her kindness shown at different homes where trouble or sickness prevailed. Besides her sorrowing husband she is survived by one daughter, Mrs. William Forster, and one son, Hugh C. Patterson, both of this city. Three sisters, Mrs. Joseph Smith, of Niagara Falls, Ontario, Mrs. George Booth, Detroit, Mich., Mrs. Albert Honsinger, of this city, and one brother, Mr. Charles McDermott, also of this city, survive.

### POLICE COURT

Harry Houghton, Norman Shaver, Alfred Wright, Harvey Wood, were before the magistrate this morning on a charge of creating a nuisance in the vicinity of the General and Marine Hospital. They were given a severe lecture by the magistrate and ordered to keep away from the corner and vicinity of the hospital.

Alfred Hudson was this morning before Magistrate Campbell on a charge of having a dog at large which bit Harris Thurson on the leg. He was fined \$5.00 and cost and ordered to have the dog destroyed.

### WOMAN DEAD; SON HELD

Mrs. Margaret Lennox, Ottawa, Found Badly Cut and Bruised.

OTTAWA, June 11.—Mrs. Margaret Lennox, living at 395 Arlington Avenue, was found dead in bed with her face badly cut and bruised about 7 o'clock yesterday morning. Her son, Wm. Lennox, aged 40, a returned soldier was arrested and is being held on a charge of vagrancy. Her husband Robert Lennox, who did not live at home through the alleged quarrelling proclivities of his son, was informed by his son that the mother was slep. When he went to investigate he found her dead.

The son claims that he was intoxicated last night.

### FRENCH GENERAL TO HEAD CZECH ARMY

PRAGUE, June 10.—Gen. M. C. J. Pelle of the French army has been appointed to the Supreme Command of the Czechoslovak fighting forces by President Masaryk. Gen. Pelle, in 1916, was Chief of Staff to Marshal Joffre. The Bohemian press is greatly pleased over the appointment.

## BIG EVENT FOR JUNE

Excellent Programme Being Arranged for Chautauqua to be Held on Armoury Grounds.

At a largely attended meeting in John Gordon's office last night of the Chautauqua Association the arrangements of the special committee were confirmed giving all profits over and above expenses to the Building fund of the G.W.V.A.

The commencements so far are quite different from last year as already there is a brisk demand for tickets.

The programme far exceeds anything yet arranged by any Chautauqua.

The event will be held on the Armoury grounds from June 18th to 24th afternoon and evening. The Junior Chautauqua will meet directly after the afternoon performance. The local arrangement of this department is under the direction of Mrs. Cameron of the Library.

## HYDRO-RADIALS WANTED SOON

Hamilton Controllers put Resolution Before Council.

HAMILTON, June 11.—The board of control was asked yesterday to pass a resolution requesting the Hydro-radial association to proceed with the construction of the Hydro-radials as soon as possible. It was stated that only survey work could be done this summer, but unless this resolution was passed and an order-in-council secured, not even this would be proceeded with.

It was explained that the municipalities which passed the Hydro-radial bylaw would, in the event of the Hydro-radial association, have to assume the guarantee of Saltfleet and Plamboro, which did not pass the bylaw. In this connection it was said that even if this were done it would not be likely that the municipalities would run the risk of paying more than the present guarantee, as the estimates were high and would probably cover the guarantee. Saltfleet and Plamboro would have made had they passed the by-law.

The labor controllers were favorable to recommending the adoption of the resolution, but Controller Jutten thought they should know what additional guarantee Hamilton would be required to make before taking action.

The board decided to send the resolution along to the city council.

## SAY COUNCILS COMING TO AID WINNIPEG MEN

Report Given Out by Strike Executives—Car Service to be Resumed.

WINNIPEG, June 11.—There was no outward disposition on the part of the union leaders to call off the sympathetic walk-out yesterday. The strike executives gave out a report that a number of Canadian trades councils "were preparing to come to the assistance of the Winnipeg workers."

Street railway officials informed the city that they would take action on the request made by the City Council that street car services be resumed immediately.

Collapse of the sympathetic strike does not mean the end of Winnipeg's strike problems; however, the dispute between the Metal Trades Council, the largest union body in Winnipeg, and the industrial employers is considered a separate issue.

The Government postal service is close to normal.

Striking employees whose places were filled have asked the Government to reinstate them. The provincial telephone service is being maintained on a nearly normal basis by volunteers and a few veteran employees.

Workers Return.

It was stated at the Board of Trade that from 2,000 to 3,000 workers of various crafts had gone back on their jobs or were conferring with their employers. Several hundred union men are on duty in the streets.

## SITUATION UNCHANGED

Up to this afternoon there was nothing new in the situation of the strikers who went out from the metal trades in five or six of the local factories. The Mayor who was asked to act as an intermediary between employers and employees to bring them together in conference was informed by the manufacturers that while they had no objection whatever to meeting the men it seemed useless, for there was little that could be arbitrated.

## SAYS STRIKE IS NOW INEVITABLE

Telegraphers to Walk Out Today, Says Koenenkamp—Intimates Surprise.

CHICAGO, June 10.—Mr. Koenenkamp today sent the following telegram to Samuel Gompers, President of the American Federation of Labor, which is in session at Atlantic City: "The commercial telegraphers of the United States will strike tomorrow for the fundamental rights to organize into trade unions and to bargain collectively. The attitude of the wire administration under Burleson and his restoring President Carlton to control of the Western Union for the purpose of destroying us, make this strike inevitable. You are aware of the promises made to us by the government. You know how they were violated. Mediation, conciliation, and arbitration have not been available for us, because the employers doubt our strength and are determined to suppress the action by tomorrow's response. I earnestly ask the convention now in session to take some action to help us destroy the worst labor atrocity this country has ever known."

## PARIS STRIKE ONCE MORE AT ACUTE STAGE

Labor Extremists Seeking to Strike Into Political Movement.

PARIS, June 11.—The labor crisis, which was suspended over the Pentecost holidays, became acute again today. Numerous meetings were to be held by labor organizations, including the metal workers, the Paris railway men, the National Council of Miners' Federation, the Executive of the General Labor Federation, and the Congress of Registered Seamen.

It is expected that the meetings will show whether the extremists or the Conservatives will control the unions. The extremists are seeking to strike into a political movement, and the Conservatives condemn such a policy as playing into the hands of the government.

The General Labor Federation in its announcement that the executive committee will meet to study the situation, denounces "Government complicity and the process of intimidation." The announcement also declares that the working classes are confronted with provocations which they should be able to baffle by their good sense and spirit of resistance.

### LONEY WILL FIGHT

Jack Loney, tallied at the G.W.V.A. last night and stated that he will meet Alexander at any weight but if Alexander weighs over 160 lbs. he must give Loney a return match and make 158 lbs. These arrangements can be cancelled by Loney's manager Dan Rogers if desired.

### TO IMPORT HORSES

Animals May be Allowed into France Free.

OTTAWA, June 11.—The Canadian Trade Commission, has information from an authoritative source in France that the Ministry of Agriculture has permitted the importation of horses into France free. All animals are subject to sanitary inspection and must be accompanied by a certificate of origin stating freedom from contagious illness. The trade commission adds that there is now a possibility of a large trade in horses between the Dominion and the French Republic as the class of horse which has been bred in Canada in the last three or four years, which had originally come largely from French stock, especially the Percheron, would be most acceptable for French use.

### OFFERS \$500 REWARD

The Police department of this city is announcing a reward of \$500 to any person who will apprehend the man who murdered one Sergeant in the Engineering & Machine Works in the east end of the city sometime ago, during his night watch.

## COUNCILS HEAR RADIAL SCHEME

Necessity of Resolution on Behalf of Municipal Bodies Being Presented by Mr. Heuston of the Hydro Staff.

Mr. Heuston of the engineering staff of the Hydro Electric Power Commission appeared yesterday before the township councils of Clinton Louth and Grantham and outlined what is now necessary to be done to get the proposed hydro radial railway scheme between Port Credit and St. Catharines under way. An outline of the situation was partially given in The Journal yesterday. Further facts will be disclosed before the City Council of St. Catharines at an early date.

### NECESSARY TO PASS RESOLUTION

During the last session of the Ontario Legislature there was an act passed validating certain agreements between the municipalities and the Commission and setting forth other requirements that are to be met. It is now necessary for municipal councils to pass resolutions saying that they are prepared to go into the construction of the line. The Councils thus far addressed express their approval of the needed legislation and some have already passed the resolutions. If all the municipal councils between Port Credit and this city pass these resolutions the Commission can go ahead at once with the final surveys for the railway. There is much yet to be done in connection with locating suitable spots for terminals, branch lines, factory spurs, etc.

## CROSS WINNERS ARE BOTH DEAD

Highest Award for Bravery Announced in Cases of Estob and Sayer.

LONDON, June 11.—Victoria Crosses have been awarded to an officer and man whose gallant deeds were performed in time of war and are only now gazetted.

One was the late temporary Colonel Wilfrid Estob, Manchester Regiment who displayed conspicuous bravery and devotion to duty during the operations at Manchester redoubt near St. Quentin, on March 21, 1918. At the opening of the great enemy offensive he encouraged his men all day long, and actively participated in the defence. All the time he showed the most fearless disregard for his own safety, though he had been twice wounded. The redoubt was surrounded in the first wave of attack, but by means of buried cable Col. Estob was able to assure the brigade commander "The Manchester Regiment will defend Manchester Hill to the last." The post was substantially overcome by a vastly superior force. Col. Estob was killed in the final assault, having maintained to the end the duty which he impressed on his men. "Here we fight, here we die."

The other Victoria Cross winner was Lance Corporal Sayer, Royal West Surreys, who on March 21, 1918 held the flank of a small isolated post at La Vergerie for two hours, despite incessant attacks. Owing to the mist the enemy approached past both sides within thirty yards before discovered. Though attacked by rifle and machine gun fire, bayonet and bombs, Sayer repulsed all attacks, killed many and wounded others. Though continuously exposed to fire he skillfully held the post until, early in the afternoon, he was killed and himself wounded and captured. Sayer subsequently died as a result of his wounds.

### REVOLT AGENCIES ARE OPERATING IN CANADA

Hon. Hugh Guthrie Moves Adoption of Report of Committee on Sedition.

Ottawa, June 11.—Hon. Hugh Guthrie moved yesterday afternoon in the House that the Commons concur in the report of the special committee on sedition. The recommendation had no intimation of effecting any recognized labor organizations. Their recommendations were not a result of the Winnipeg strike. The report would not have any effect on labor organizations.

The committee reviewed the situation in Canada. They recognized that they were face to face with a new situation in Canada. The committee considered the law in regard to sedition and seditious propaganda.

Operating in Canada.

There were many associations in Canada for dangerous propaganda. If allowed to continue it would be a serious matter. The same insidious agencies of revolt acting in the United States and other countries were operating in Canada.

Their organizations were foreign importation or Canadian imitations. Their growth was a development of the great war. This pernicious propaganda should be stopped. At the same time there should be no interference with free political thought and free speech, it was hard to say where to draw the line.

### MUST FACE SITUATION

There had been so little sedition in Canada that there was no law nor precedent to go upon. The law even in

## SOLEMN SERVICE OVER REMAINS OF BOY

Rt. Rev. Monsignor Officiates at Solemn Mass for Late John Cartmell.

Solemn and impressive were the obsequies over the mortal remains of the late John Cartmell, son of Mr. and Mrs. W. Cartmell of Thorold, which were held in the Church of Our Lady of the Holy Rosary on Tuesday morning.

Right Rev. Monsignor Sullivan officiated at the solemn Mass of Requiem in the presence of a large congregation that had assembled to contribute their last mark of esteem to the memory of the departed sanctuary boy. Rev. J. A. Mogan acted as sub-deacon. Assisting in the sanctuary were Rev. A. J. O'Brien, T. Battle and C. M. Brennan.

Among those present in the church were the school children, boys and girls of the Separate School, who testified their grief in the loss of a faithful school friend and trustworthy companion. A touching feature of the service was the guard of honor furnished by the children who lined the main aisle of the church as the funeral procession entered and departed.

At the close of the Mass Elsworth McQueen and Helen Herb sang sweetly a hymn in honor of the Sacred Heart, and as the remains were slowly borne from the church the children's choir rendered the hymn "Jesus Lover of My Soul."

Monsignor Sullivan paid a touching tribute to the character and worth of the deceased boy, who, he said, had been a faithful altar boy of Thorold church from his earliest childhood. The added solemnities of the Mass and the special selections of the children's choir, he explained, were just due to him who had been privileged so long to assist at God's altar. The reverend speaker likened the altar boy assisting at the sacrifice of the Mass to the beloved disciple St. John as he stood at the foot of Calvary's Cross. Though his death had been sudden still he was not unprepared as he had ever been a faithful weekly communicant and had received what proved to be his last Communion only a day before he died. Monsignor Sullivan alluding to the loss sustained by his parish at the death of the boy, he said, the bereaved parents were rather to be congratulated spiritually in giving to God two of their model sons.

Interment took place in Lakeview Cemetery, the following acting as the bearers: W. Urlocker, W. Coplen, W. Gavard, T. McManamy, V. Cyr and J. J. J.

### REMAINED TILL FRIDAY

Mrs. Margaret Robertson, of Merriton, was before His Honor Judge Campbell, this morning on a charge of concealing the birth of her child, the body of which was found in the old Welland Canal on April 8th. Ingersoll & Kingston appeared for Mrs. Robertson, who pleaded guilty to the charge and her case was remanded until Friday morning.

### CLAIMS \$5,000 DAMAGES

TORONTO, June 11.—Susanha Murton, a widow of West Hill, is suing the Toronto & York Railway Company for \$5,000 in the Assize Court yesterday, for alleged damages received while riding on one of the company's cars in March of last year.

### THREE AVIATORS KILLED

BUENOS AIRES, June 11.—Three aviators were killed yesterday in a collision between two airplanes at the military flying grounds here. The machines met while they were flying at an altitude of 900 feet.

### THE WEATHER

JUNE 11.—The area of high pressure is now centred north of the St. Lawrence Valley and extends westward over the great lakes and eastward over the Maritime Provinces. Showers have occurred in many parts of Saskatchewan and Alberta.

England has seldom been so evoked. A policy of passive inactivity was apparently followed throughout the British Empire in time of peace, in normal times the good common sense formed a sufficient safeguard to the constitution and the throne.

A change though, undoubtedly has come over the world as a result of the war. The serenity of the past has been followed by unrest throughout the world. Canada must face the situation as it is today.

## OLEO DOESN'T AFFECT PRICE OF THE BUTTER

On the Contrary, Mr. Fox Says it Helps the Creamery Business

OTTAWA, June 11.—Before the Cost of Living Committee yesterday, E. C. Fox, of the Wm. Davies Co., Toronto, said his firm did not manufacture oleomargarine, but imported it from the United States. They sold about 25,000 pounds a day. Oleomargarine did not affect the price of butter. He always thought it rather helped the creamery industry. He found this in Denmark. The two went hand in hand to help to a higher standard of both. They paid between 25 and 32 cents for oleomargarine in carload lots. This sold at from 32 to 34 1/2 cents.

With regard to margarine sold in England at 16 cents, Mr. Fox stated that this English margarine had no oleo in it. It contained vegetable oil and fish oil. They had a patented secret process for hardening the fish oil, which was also deodorized.

He remarked incidentally that oleomargarine did not keep, and it was no use putting it in cold storage, the reason being there was milk in it.

Turning to bacon he said they got about 120 pounds of bacon out of a 200 pound pig, 26 per cent disappeared. Operating costs had doubled since 1917. The English market affected Canadian prices.

Mr. Devlin asked for an explanation of the statement that Canadian bacon was sold in England at lower price than in Canada. Mr. Fox said they were two different things. Wilshire bacon to suit the English market cost less to prepare. Canadian bacon was smoked, and more expensive to distribute. In his opinion the returns to an export house were greater to a house doing a domestic trade. The packer was not responsible for the price after the bacon reached England. There was a shrinkage, he said, of five pounds in every 100 pounds.

Asked what would happen if a lower price was paid on hogs, Mr. Fox said the trade would go to the United States, and if they stopped the hogs going out it would be a tragedy. As to Government control of packing houses he was against it on personal grounds and also on national grounds, because it would not be well done. There also would not be the response from the live stock industry that might be expected.

### REVOLVED TILL FRIDAY

Mrs. Margaret Robertson, of Merriton, was before His Honor Judge Campbell, this morning on a charge of concealing the birth of her child, the body of which was found in the old Welland Canal on April 8th. Ingersoll & Kingston appeared for Mrs. Robertson, who pleaded guilty to the charge and her case was remanded until Friday morning.
