Appendicitis Prevented Life Lengthened Health Maintained

Thousands finding Wonderful Benefit in a Simple Home Remedy That Costs but a Quarter.

Doctors say if people kept their bowels in proper order there would be no such disease on record as appendicitis. It is due solely to neglect, and is therefore preventable.

If you have constipation, bad breath or headache you need medicine right away.

The moment you suspect your bowels are clogged you should take Dr. Hamilton's Pills, the smoothest regulator of them all. They move the bowels and cleanse the liver so smoothly you scarcely notice their effect. But you can get the action just the same. Taken at night you wake up next morning clear-headed, hungry, rested, energetic feeling like a different man.

Why don't you spend a quarter to-day and try Dr. Hamilton's Pills. They work so easy, just as nature would order, never gripe, or cause headache. Finest thing for folks that are out of sorts, depressed, lacking in color and spirits.

Folks that use Dr. Hamilton's Pills are never sick, never an ache or pain—feel good all the time, simply because their system is clean, regulated and healthy. This you can easily prove yourself.

THE GREAT ENGLISH- SPEAKING NATIONS

(Toronto Globe)

At the dinner given in London by the Lord Mayor on Washington's birthday, attended by 300 prominent Americans and Britons, Mr. Davis, the American Ambassador, said there was no reason why Britons and Americans everywhere should not "rededicate themselves to the ideals for which Washington stood," and he added:

"Of all mad, misguided men to-day, he is most mad and most misguided who would cast the apple of discord between the two English speaking nations."

Theodore Roosevelt declared that he was ready to make a treaty with Great Britain that would put war between the nations beyond the bounds of possibility, and would arbitrate all disputes. "Roosevelt," says the Indianapolis News, "never showed himself a better American than when he took that position."

ANDREWS PLAYS IVENS IN WINNIPEG COURT

WINNIPEG, March 10.—A. J. Andrews, K.C., chief Crown counsel, again trained his guns on William Ivens, pastor of the Labor Church, during the trial. The session only lasted an hour because of the illness of James Jack, a juror, but during the hour counsel subjected Ivens to a withering verbal shelling.

After referring to Ivens speeches, Andrews said: "What a pity that this man with such a command of lan-

guage, should prostitute his God-given eloquence to the cause of pulling down everything good in our constitution and in our framework of society, doing all he can to make the satisfied dissatisfied, to set class against class, to fan the flames of discontent until they break out in very revolution.

Andrews read from the Labor paper of April 18 a report of Ivens' speech at the Labor Church. The address had been reported by Staff-Sergt. Roames off the R.N.W.M.P., whose report read:

"It is hard to conceive of a more scathing indictment of capitalism than the speaker meted out. He spoke of it controlling the press, controlling the Legislature, entering the judiciary."

DURABILITY IN A PIANO

It is by no means the whole test of a piano that it will last. Yet it is important that having invested several hundred dollars in a piano you should get one that is, aside from its musical value, built to last. This you will always be assured of in the piano made by Ye Olde-Firme of Heintzman and Co., Limited, 68 St. Paul street, St. Catharines, Ont.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are especially prepared for babies. A baby's medicine is even more essential for baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Niagara Peninsula Fruitgrowers Association closed a profitable session of meetings at Queen's Hall last evening. The two sessions have been productive of much valuable information to the growers of fruit. The attendance of growers has been large and the men who grow the bulk of fruit used in Canada have listened with interest to the various speakers.

At yesterday afternoon's session the chair was occupied by the President, F. A. J. Sheppard, and the first item on the program was an interesting address on strawberry raising by H. L. McConnell, of Port Burwell. Mr. McConnell stated that strawberries were considered the most important fruit grown by many. They are profitable if handled properly. There are three essentials in the profitable growing of the luscious berry: soil, character of the plant, cultivation and care of these.

Preparation of a field for strawberries should commence a year ahead, said Mr. McConnell. A crop of potatoes might be grown on the soil first.

Many make a mistake in preparing the land. Plowing is not the first importance. In England cultivation stirring up the soil with manure is the first process. After this plow comes and the top half of the furrow has been already cultivated. The bottom half of the furrow for the plant.

Planting a crop of potatoes they will look after, a profitable crop obtained.

Preserving the moisture is absolutely essential for good returns. After the potatoes are taken a little manure may be applied, not much as it clogs the earth. About loads to the acre is sufficient, well cultivating it in with the soil. Good plants, freshly dug should be used. The plants should be well spaced and the grower is insured success if the plants are properly handled taking off surplus leaves and short

Young Couple Pa A Few Minu When Stric

The death occurred yesterday of Ernest Albert Robins of 12 1/2 T. Old Road, aged 29 years, at the General and Marine Hospital, after an illness of one week from pneumonia. A few minutes later his wife, L. Pearl, aged 28 years passed away at the Welland Hospital, after an illness from the same disease. The young couple were attacked by the prevailing epidemic, efforts were made to have them placed in the same room in the same hospital, but owing to the overcrowded conditions this was impossible.

Mr. Robins was born in Gainsborough Township, later moving to Fort Erie where he resided for a short time before coming to St. Catharines six months ago, where he took a position with the Whitman & Bacon Company.

Besides his father, Orlando Ro
