The bridge north of Holmsville, got rather a bad shaking up on Saturday last. The ice above the bridge, on the island was completely wedded to the ground. A heavy jam coming from above, carried the whole thing dowr, taking one of the centre abutments very nearly from under the bridge. As the bridge is impassible, the proper authorities would do well o look after it.

While he and a companion were felling timber in the woods, they cut one tree which lodged, and they cut another across to break it down which accidently alipped down the lodged tree, striking Mr Baer across the breast, throwing him down, the tree just passing over his face, throwing the saw which he had in his hand, teeth downward, along side of him,

FOR TWO WEEKS, COMMENC-ING TUESDAY, 12th APRIL.

Paralytics and other invalids, beyond the reson of ordinary skill, are all benefitted and seme of them marvelously cured by his treatment. No medicine used. Help for all. The most sceptical convinced. No case hopeless. The blind can be made to see, the deaf to hear and the lame to walk. Charges very moderate. Remeraber only three weeks.

For the benefit of people similarly afflicted, I wish to state that Prof. Gustin has restored the use of my hands, which have been partially paralyzed and aimost powerless for five years, defying all other treatment. James Stretton, Sh., Queen's Hotel, Brussels.

John Raynard, lot 31, concession 6, Grey, states: From a healthy, strong man, I have been feduced to a state of incapacity for any work, with weak back, general debility and disbetes. With three treatments from Prof. Gustin I am as well as ever.

THE BILIND SEE.—Euphemia McDougall, of Grey township, has spent hundreds of dollars on her infirmities without any relief. Besides sciatic pains and general debility, has been blind for four years. With two treatments from Prof. Gustin she has been restored to both sight and health, and will be happy to give any information.

THE LABE WALK.—Mrs D. Henderson, of Ethel, has offered up her canes at the shrine of Prof. Gustin's magnetic influence. She was paralyzed on one side and could scarcely move. She wishes it made public for the benefit of others.

Jas. McFadzean, of the 17th con.. Grey, testifies that he has suffered so severely with dyspeptic pains that for nearly six months he could scarcely eat anything, and has visited the best medical skill in Toronto without relief. Two treatments from Prof. Gust.in had removed all pain, and his appetite is completely restored. He recommends all suffering a number of years ago, has been successfully treated by Prof. Gustin, and his left arm is zapidly becoming as faithful a servant as the right.
