PARLIAMENT

CONCERNING NEW ISSUE OF DOMINION NOTES TO BANKS

(House of Commons, Hansard Report, June 18, 1908.)

Mr. Oliver.—This has been a very illuminating debate not only with regard to the immediate question of financing the government for the present, but also with regard to the long-range question of the monetary policy of the government.

Where Policies Differ. However, there arose an occasion which threw into sharp contrast the policy of the government on the one hand, and the policy of the opposition on the other.

Mr. Sproule.—Suppose a very intricate and difficult financial situation should arise, and suppose they were to say: There is a financial crisis, and therefore we are justified in stepping outside the law and robbing a bank.

Mr. Oliver.—I think not. I believe that in the first place that the government is entitled to the vote of indemnity of parliament for having met a grave crisis promptly and effectively.

brought out by the member for Selkirk (Mr. J. S. Jackson) that it is generally known that the banks were not prepared to finance the grain trade at a critical moment in the year three months ago. It is all right today, six months later, to use the arguments that have been used, to compare the action of the finance minister and of the government to that of the banks, to say that they have transgressed the law, and should not have done so. It is all right to say: We do not complain of what you did, but of the way you did it. The essential point is that, in the judgment of the government, there was a crisis in the business affairs of this country that had to be met and met then and there by such means as were at hand.

Urgency of the Case. It is not the business of the government to keep money in the treasury; it is not the business of the government to pay money as it is earned. The government was carried into the treasury, where one of the country in the ordinary way as it had been ordered to do by parliament and which I need not describe by condition in which the Bank of England rate was seven per cent., an almost unheard-of rate, and in New York was at almost any price.

Mr. Oliver.—I think not. I believe that in the first place that the government is entitled to the vote of indemnity of parliament for having met a grave crisis promptly and effectively.

FANATICS COVER INSPECTOR. R.N.W.M.P. Officer's Life is Held in The Balance.

Sinclair, Man, July 7.—The religious fanatics from Missouri intend moving north to cover the police of the R.N.W.M.P. officer's life is held in the balance. The inspector was delayed by the lameness of a solitary horse. Inspector Tucker, of the R.N.W.M.P., visited the invaders to-day, and while conversing with them, Constable King, who with Constable Turner, has been in continuous touch with them, was seen riding in the direction of a farm, where one of the invaders was getting supplies. "King David" suspected treachery and seized the invaders, but they were not the entire outfit pointed their guns at the inspector, and the pseudo Christ told him he would be shot if the man did not turn up. The inspector was kept in this uncomfortable plight for some time until the man repeated, "Lead! Christ! Christ!" The invaders then advanced, and they issued a challenge to the police to come and have it out, as they wanted the inspector. The police, however, the Manitoba police, withdrew, deeming this an affair for the R.N.W.M.P. forces.

MURDERED IN OPIUM DEN. In Montreal Unknown Men is Shot by Man Whom He Stabbed.

Montreal, July 7.—The man murdered in the Montreal opium den today has been identified and the slayer is still at large. Both the victim and murderer were opium smokers and the tragedy which took place was the outcome of a brawl last night, during which the supposed murderer, King David, was shot in the chest. The victim was a man named King, who was shot in the chest. The murderer was a man named Turner, who was shot in the chest. The victim was a man named King, who was shot in the chest. The murderer was a man named Turner, who was shot in the chest.

Mother Murders Infant.

Moore Jaw, Sask., July 8.—Mary Caldwell, waitress at the Commercial Hotel here, was all this morning and kept her bed. There she secretly gave birth to a girl baby. After the morning she was discovered by the landlady, hearing an unusual noise and smelling odor, knocked at the door, which was locked, and was present by a girl who was in a state of collapse. The girl, who previously denied being a trouble, still denied it. There was a trail of blood in the dresser, and in the drawer was found the body of an infant, its cheeks and windpipe cut and its body studded all over with a pair of embroidery scissors, carelessly an inch long, apparently by the frenzied mother, who is only 18. A coroner's jury was summoned and viewed the body, adjourning till tomorrow night. About 4:30 the mother asked for her baby and did not seem to realize what had happened. She was removed under arrest to the hospital. She accuses a man named Jackson of being the father and believes he is in the country. The family came from Seaford three years ago. The girl was undoubtedly temporarily insane.

Two Courses Open.

London, Eng., July 8.—Rev. Hugh Pedlar, of Montreal, speaking before the International Congress of the Methodist and Presbyterian churches, said there were two courses open to join the organic union with the Methodist and Presbyterian churches. The first was to accept the organic union as it was sworn at an investigation that Stephen Downey gave each \$250 to move toward an organization representing some measure of balance between the organizations, the freedom of which was one of the glories of the Anglo-Saxon race.

Province Must Deal With Fanatics.

Ottawa, July 7.—So far as can be learned tonight the government has not changed its policy of leaving the dealing with fanatical invaders to the provincial authorities and mounted police.

Two Canadians Fined.

Albany, N.Y., July 7.—Lake Champlain is to be stocked with lake trout by the State Fish and Game Commission, according to an announcement made today. Beginning next week 50,000 fry and fingerlings from the Saranac hatcheries of the State will be deposited in the lake near Westport to Flatbush. The commission was notified today that two residents of Canada were arrested recently for fishing in the American waters of the Niagara River without having secured permits from the State. They were fined \$15 each. These arrests were the first since the department announced that the residents of Canada, fishing in American waters, would be compelled to pay a fee of \$5. This action was taken after similar order had been put into effect by the Canadian government.

Fire in Toronto.

Toronto, July 8.—A fire in the Johnston Building, Shop street, this morning occupied by a celluloid collar factory, made a hot blaze. The loss totalled over \$100,000, with insurance amounting to about \$60,000. The chief losers are Smith & Centerton, of the Celluloid Co., P. J. Corran, millwright, John Bowring, millwright, E. Carroll, fittermaker, and W. Davidson, wood turner. The building was gutted.

Passenger Train Side-Swiped.

PROTECTING LABOR MARKET OF CANADA

Immigration Department Has Established System of Inquiry to Turn Back Unemployed From the United States—Have Already Turned Back Many.

Ottawa, July 8.—Inquiry at the immigration department has elicited the information that the changed condition of the labor market in Canada and the neighboring republic has necessitated an alteration in the system of examination of immigrants arriving in this country from the United States. Heretofore the department had placed inspectors only at a few of the most important ports of entry along the boundary and the duties of such officers were largely confined to giving advice and directions to newcomers and securing such information as was necessary for statistical purposes.

RUMOR NAMES JULY 18 AS DATE OF PROPRATION. Ottawa, June 25.—Business has been going through with noticeable rapidity during the past few days compared to the snail's pace of the preceding six months.

Whether the increased speed be the cause or the effect, the air has been full of rumors of late. Whether a few weeks ago or in the past few days, the rumor has been going through with noticeable rapidity during the past few days compared to the snail's pace of the preceding six months.

Low Tariff League. A meeting was held in the railway car of the Senate today to form a low tariff league. Dr. McIntyre, M.P. (Strathcona), W. E. Knowles, M.P., and G. McCraney, M.P., were present to represent the two younger provinces. Initial steps toward formation were taken and a call will be issued to members who wish to ally themselves with the movement. The discussion of the league will be to watch the tariff on behalf of the consumer and combat the ceaseless demands of the "interests" and their politicians.

Byrnan to be Unopposed. Governor Johnson and Judge Gray will retire from contest. Denver, July 5.—William J. Byrnan will probably have a clear field to the Democratic nomination for the presidency. Governor Johnson, of Minnesota, is going to get out of his way and Judge Gray is likely to do the same before the time for making nominations arrives. Byrnan's nomination may now be made by acclamation.

Decorated for Fourth. C. P. R. Hotel in Winnipeg Decorates for Fourth But Not for First. Winnipeg, July 6.—A good deal of ill feeling developed Saturday on the celebration of the Fourth. A protest was made in the press against the action of the manager of the C. P. Pressing Matters. A few days ago the Wednesday evening recess was abolished. A notice on motions has been given by the Premier that hereafter the House adjourn Wednesday, but sit Saturdays. On the surface this looks simply like giving up one holiday and taking another.
