McDONALD-BLANDFORD

At 6 o'clock yesterday afternoon, Miss Blandford, eldest daughter of Arch Blandford, of the S. S. was married to Mr. Kenneth Macdonald, chief engineer of the S. S. and eldest son of Dr. Macdonald of Salvage. The Rev. Mr. Macdonald officiated at the pleasant ceremony which took place in the drawing room of Blandford's residence, 88 Clarendon. The bridesmaids were Miss Macdonald, sister of the bride, and Miss Blandford, sister of the bride, whilst Mr. Charles Macdonald, a first cousin of the groom and a friend of the bride, acted as the best man. The ceremony was a most pleasant one, and the happy couple were presented with a splendid gold watch and a masterpiece of the jewellers' art, also given to each of the bridesmaids an elegant gold brooch. The happy couple were then presented with a splendid gold watch and a masterpiece of the jewellers' art, also given to each of the bridesmaids an elegant gold brooch. The happy couple were then presented with a splendid gold watch and a masterpiece of the jewellers' art, also given to each of the bridesmaids an elegant gold brooch.

Mr. Do's Store News.

WEDNESDAY, April 26, 11. A man who has a garden should have some space for flowers, even if only a plot. Flower culture is the less utilitarian side of culture, but is not by any means the least interesting, or even the least useful portion of the art. Especially, are easily intercultured, and it is a good thing to encourage them to do a little. A great point about flower seeds is that they are not likely to find any trouble, and that they are not likely to find any trouble, and that they are not likely to find any trouble.

Trinity East Progresses

Editor Evening Telegram.

Dear Sir,—Kindly allow me space in your paper to make a few remarks about the doings at Trinity East during the winter and spring.

On Dec. 28th, the Women's Sewing Class held a Sale of Work in the Parish Hall and raised \$305, a record for the parish. A short time afterward a concert led by Miss Jessie Watts made \$20.

On March 28th at a String Sociable \$32 was raised.

On Easter Monday, a tea was held in the Parish Hall by the W. S. C. and a Lantern Show given by the Rev. W. J. Lockyer, who is always ready to give a helping hand. The proceeds amounted to \$53. The total will go to the new church building fund.

Since my last note, a little criticism of my remarks by Trinity East appeared in your paper. He says my remarks are calculated to mislead the general public. Now, Mr. Editor, it is not my intention to mislead the public. What I stated was true. The writer does not state it is untrue, but he does not like the idea of the general public knowing that Trinity East is growing.

He says one of the churches referred to is the old building which has been used by church people of Ship Cove, Robin Hood, and Trinity East during the past fifty years and is still being used by all these people. Quite true. It is used today by the people of Trinity East and Port Rexton. We have built a smaller church for ourselves. But we think it is large enough for us at present. It is now ready for the congregation. When we begin to use this new church, we do not know what will be done with the old one. The new church building at the dividing line between Trinity East and Port Rexton is being built by the people of Trinity East and Port Rexton.

The railway through the town has been a profit to date. The future we cannot give account for. Mr. Editor, I must agree with the writer about the people going over to the West Side. I say a shot a six inch, quick-firing breech-loading gun stop them.

But I think there is a great improvement here. Once if you wanted a paper of needles you had to go to the West Side to get them. Now we have a first class carpenter, who would almost make a needle, if we wanted him to do so. He has been here only seven or eight years. The doctor has been here about six years. The shoemaker has been here a little longer. But judging from the number of people he has to do for, about 2,200 within the space of five miles, two or three more would find plenty of work to do. Now, sir, this is what I call improvement and not giving the public a false idea of our growth. Thanking you in anticipation of space.

I remain, yours truly, TRYON.

Trinity East, April 19th, 1911.

POLO SHOE POLISH

"Good for Leather—Stands the Weather."

Shines in a moment and lasts for a week. Black or tan, at all grocers and shoe stores. 10c.

Complaint About Road Money.

Editor Evening Telegram:

Dear Sir,—Just a word or two to let the public know how things are getting on here. When the People's Party got in power some of the wise men got on the Road Board, and they had so much Government money that they did not know what to do with it. They sent people in the woods to bring out boughs and planted them on the Straight Shore, and they withered away. That's about all the good we get out of that, and that's the way our main line money went. Now, Mr. Editor, in the face of that the Government gave us money to build wharves, and the Board is longing to the advantage of their members. If you were not a member of the P. P. U. there was no work for you. That's the sort of men we have here. When we have to help pay out of the revenue and the money is sent to the place, we would like to know the reason we cannot get our part, and we will know before it is over. Yours truly, ONE WHO KNOWS. Dotting Cove, April 17th, 1911.

MINARD'S LINIMENT CURES DAN DRUFF.

"MARY"

On the Bureau Again.

A Visit From Uncle Nath, of Spaniard's Bay—Interesting Dialogue at Mary's Headquarters.

Editor Evening Telegram.

Dear Sir,—Since writing you last I have found out more than ever. I knew about the information Bureau. Oh, dear, I never thought it was so bad as it seems to me now. One of the most pertinent of the People's Party men told my skipper only last night that the Bureau was all right. Tom says the meaning of it is that they are going to try and get a lot of people to come from foreign places to burrow here, and when they do come I am afraid that they will undermine the whole place, and our houses and homes will fall and we will have to go away. But, my laws, my old head can't understand why they can't induce our own people to remain. If they do induce a lot of foreigners—Chinamen, niggers, Syrians, Italians and others to come, ten to one they will get bigger pay than our people, and not only that but they will soon find their way to all the important positions, even to the House of Assembly, and it is our own Newfoundlanders that will have to do the burrowing after all. But bother it, there is a knock at the door, and some person is coming to disturb me while I am trying to write you, and it is no easy task for my old brain, I assure you. But tap, tap, tap, again, I suppose I must go.

"Well, well, well, but at it is not Uncle Nath from Spaniard's Bay; how are you at all, and how is Aunt Diana and Uncle Ezekiah and all the friends? Hold on and I'll put the kettle on while you tell me."

"Why, Mary, we are all well; I was very sick for a time with the grip, but I am picking up my crumbs again, now."

"Do you like eggs, uncle Nath, although I suppose you have plenty up there now, as this is the meal and molasses Government, and it is great hen food."

"Oh, Mary, you're still talking politics, but really I am most tired of politics, there is nothing in it for the poor people anyway."

"But Nath, boy, there ought to be something in it for the shop-keepers, especially if they are on the right side."

"So there may be, but there is nothing in it for the working man, and ours we are to worry and sometimes to lose our tempers over politics during election times. Of course we got a good bit of work our way this winter snow shovelling and so on, but it was a case of emergency we had to take our notes to the stores of certain individuals and there barter them for provisions, almost like they used to do under the old meal and molasses reign."

"Now, Uncle Nath, come over on the settle and take this good cup of hot tea. It will revive you. Why it do seem as if we were doing towards civilization to see you coming in. How's your tea? And so the Poor Government could not afford to pay you a cash for snow shovelling. No, and that's the reason that poor man's friend Mr. Seymour, went away, because he couldn't get money enough here I am told."

"Of course we were awful glad to get the work, Mary, and as there was no money at hand we were given our notes. But it did seem like old times to go to the store with your finger in your mouth and your note in your hand. Some of the Mint Cove and Bagges' Hill men kicked about it, but you know the labourers' voice is only heard and listened to during an election time, but if I am not greatly mistaken they will make their voice heard next election."

"Hullo, Nath, boy, how be, why it's good for bunions to see you, I heard you were down and I ran up to see you and have a chat; don't you think Min is after getting fat the winter?"

Nerves Were Exhausted

Wants others to know of her remarkable cure by use of DR. CHASE'S NERVE FOOD.

Mrs. Martin's condition as described in her letter below gives some idea of the extraordinary reconstructive power of Dr. Chase's Nerve Food. Such a cure as this has placed Dr. Chase's Nerve Food where it stands today as the most popular and most effective nerve restorative that money will buy.

"The use of Dr. A. W. Chase's Nerve Food has built up my system wonderfully so that I can do my housework and washing without any trouble, and I want others to know about it." In a letter on getting the genuine Dr. A. W. Chase's Nerve Food, 50 cts. a box, or boxes for \$2.50, at all dealers, or Ed. Manson, Bates & Co. Toronto.

SUNLIGHT SOAP

NO HIGHER PRAISE can be desired for Sunlight than this—that in every corner of the civilized globe Sunlight is acknowledged to be the ideal Soap for all household purposes. Why? Because it is pure. That is why Sunlight has THE LARGEST SALE IN THE WORLD.

"Yes, Tom, I think she is looking well after such a long hard spurt; you said it was good for bunions to see me down here, the bad road from here to Spaniard's Bay is also good for bunions, as I had to walk a good deal of the way down owing to an accident to my cart."

"Now, Tom, stop your foolery about me getting fat (it's the other way, Mr. Editor, there's not fat enough on me to fry one of Mr. Seymour's grubs). Let Uncle Nath tell me the news and I promise you I tell you the part you like to hear, when he comes, I will go, up with him, Good-bye, alone, I think he is tired of Tory Rule."

"As I was saying, many men kicked, but one man actually refused to take a note unless he could spend it where he had a mind to. At last they gave him his note and left him to go where he liked to spend it. Then the row commenced, and others wanted to change their notes in the same way, and I hear some were changed."

"Have some more tea, Nath?"

"Not another drop now, as I am in a hurry, I broke my cart coming around the Lassy Road this morning, and I must patch it up a bit and try to get home before night. Oh, Mary, I must forget to say Aunt Betsy wants to know if you would come up and spend a week or so with her; she said to tell you she had a couple of beautiful stamped mats that she wanted done up in good style to put on the floor when the members come round again. It would be a nice change for you now after being in the house all winter."

"You don't know what members she expects at her house, sure you don't; well, tell her if she knows of any careful man coming down next week I will go, up with him, Good-bye, awful glad to see you."

I did not intend to write like this when I began, Mr. Telegram, but perhaps you will find room for the "rigmarole."

Yours, etc.,
Mr. Grace, April 23, 1911. MARY.

BRANDAM'S B.B. WHITE LEAD

Actually Makes More Paint

Brandam's B. B. Genuine White Lead carries more Linseed Oil than any other because of its minute fineness. Thus, it makes more paint and better paint—pound for pound—than any other.

Many generations of use, has proved this to the complete satisfaction of home owners, home builders, painters, architects and contractors throughout the world.

Made in Canada by BRANDAM-HENDERSON, LIMITED. MONTREAL, HALIFAX, ST. JOHN, TORONTO, WINNIPEG.

By Authority.

His Excellency the Governor in Council has been pleased to appoint Mr. Alfred T. Keats, to be Sub-Collector of Customs at Argentina, in place of Mr. Patrick Murphy, deceased; Rev. Canon White, to be a member of the Church of England Educational Board of Examiners, in place of Rev. Canon Dunfield, deceased; Rev. W. C. Booth, (Bay Roberts), to be a member of the Church of England Board of Education for the District of Bay Roberts, in place of Rev. G. Hewitt, left the District; Rev. H. V. Whitehouse, (Bell Island), to be a member of the Church of England Board of Education for the District of Bell Island, in place of Rev. W. C. Booth, left the District;

Which is better? A bottle of prevention or a run of Spring Fever? You ought to know. Abbey's Effervescent Salt. 25c and 60c bottle. Sold everywhere.

TO-NIGHT Carcarets THEY WORK WHILE YOU SLEEP

Ice Detains Steamer.

The S. S. Spica has been detained several days in port. She is ready to sail for Cherrie, N. S., to load plaster for Norfolk, Va., but there being ice on that section she could not go. She sailed, however, this morning. The Kamford is now ready to leave Sydney with coal for A. J. Harvey & Co., but the port being blocked with ice she cannot leave.

PATIENTS DOING WELL.—The patients who are down with typhoid at Signal Hill Hospital are doing well, and will be all right when the disease runs its course out.

Firemen Hold Meeting.

THEY WILL DEMAND HIGHER WAGES.

A largely attended meeting of the Firemen's Protective Union was held in the British Hall last night when the question of wages of firemen who will be engaged on the Bonaventure and Bellaventure down south the coming summer was discussed. The conclusion arrived at was that, considering the nature of the service, firemen in the fruit trade should be paid \$40 a month instead of \$35, the pay given them last season. The firemen sailing out of Boston and New York receive \$40 a month. Delegate Woods was selected to interview the steamer owners and lay the decision of the meeting before them. Local Union men, it is expected, will be engaged on the s.s. Rosalind, and s.s. Florizel and s.s. Stepheno the coming season, and that all the local men will find employment without going to the West Indies at all.

Coal Very Scarce.

For the past two or three weeks coal has been very scarce in the city owing to the fact that ice conditions prevented cargoes leaving Sydney. Now that there is a sign of a change no doubt the ice will be driven off the Cape Breton coast and several cargoes will arrive here. The stuff which has been sold of late to unfortunate householders, in many cases, is not much better than dust, yet people are charged the highest figure for it. It is a pity that some other fuel cannot be utilized so that the poor may not be oppressed with such high prices for firing.

Indigestion & Dyspepsia

In all its Forms can be Cured.

It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything. I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a Bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at

DR. F. STAFFORD & SON, Duckworth Street and Theatre Hill. Small size, 25 cents; postage, 5c. extra; large size, 50 cents; postage, 10c. extra. Mail orders must be accompanied by remittance.—Oct 29, 1911.

Promenade Concert.

The intermediate girls of the Methodist College held their promenade concert in the College Hall last night. The M. G. band rendered some very fine selections during the promenade. Candles the night and quite a handsome sum was taken. A piano duet was rendered by Miss Tait and Miss Trappell; a vocal solo by Miss E. Mews; a sextet by Messrs. Forwick and Hatcher, Messes James, Archibald, Duley and Mitchell; our drill by the intermediate class, which proved a particularly attractive exhibition. The "Poppy's Song" from the Cantata was one of the best items on the programme, and much praise is due Messes Lawrence, Duder, Mews, Matthews and Oke. Miss Hocken, the lady Principal, who organized the concert, was heartily congratulated on the success achieved.

Cochrane A.A.

The Cochrane St. Athletic Association is getting busy and are now negotiating for a field to practice on during the summer. At the recent annual meeting new officers were elected, viz.: Hon. H. J. B. Woods, Hon. President; G. Grimes, President; H. N. Burt, 1st V.P.; G. Soper, 2nd V.P.; S. Rowsell, 3rd V.P.; H. Young, 4th V.P.; A. Noseworthy, Secretary; A. Marshall, Treasurer; F. W. Pincock, Cricketer; Captain; W. Burt, Vice-Capt.; W. Hatcher, Football Captain; C. Coultas, Vice-Capt. The reports of the Secretary and Treasurer showed the society to be in a flourishing condition.
