OUR OWN MAKE "ROVER BOOT" FOR BOYS.

'Tis false economy to buy cheap shoddy Boots for your boy. The live boy needs a little better than the best in footwear. The **"ROVER BOOT"** is made to wear and hold its shape, it has all the appearance of the finest American make Boot. The only difference is that the **"ROVER"** is all solid leather, insole, counter and outsole.

Spring Announcement!

"Like's bold champion I assume the lists,
 Nor ask advice of any other thought,
 But faithfulness and courage."
 The winter frost and snow have lent their aid in harvesting the product of the forest. The logs are now gaily bounding through the open Rivers on their way to meet the onslaught of Circular and Gang Saw. The result will be Lumber in galore, and of the best. The clean atmosphere, high winds and warm sun of Notre Dame Bay have united to provide the seasoning process in perfection, so that our 1910 stocks arrive here clean, bright and dry. Already several large cargoes have been landed at our wharves, St. John's, in spite of a late spring. Others are in course of transit. We call upon our friends in St. John's, and through the length and breadth of the country to send us their orders.

SOLIGNUM.

A Remarkable Test! Locally made by **Messrs. W. & G. RENDELL.**
 To test Solignum as a preservative for Wood against the attacks of Worms, we tried a piece of 2 x 4 Spruce, about two feet in length, by painting one-third with Solignum, leaving the balance clear wood, this we suspended by a wire through the centre, in the water about one foot from the bottom, immediately over a pile of stones the remains of a sunken wharf (which is the place where our Wharf Shores are eaten off first) for Three Months. On taking it up at the end of that time we found some half-dozen small holes only a very short distance in the clear part of the wood, which shows the liquid had penetrated through the whole piece and the worms had hardly begun boring before coming in contact with it. Last year as a test of some brands of Copper Paint we handle, we had a similar piece of wood treated at both ends, leaving the centre third clear; this was in exactly the same place as the piece for the Solignum test for Three Months and Three Days, when taken up the painted ends were perfect but the centre was riddled with worm holes. Both these pieces of wood are to be seen at our Office by those interested in the preservation of Wharf Piles or any other wood work. **W. & G. RENDELL.**
 Solignum is For Sale in 1 & 2 gallon tins in Newfoundland by **W. & G. Rendell, Water St.; Avro & Sons, Water St.; Bowring Bros., Water St.; Bishop, Sons & Co., Water Street; A. H. Murray, Water St.; C. F. Bennett & Co., Water Street; Royal Stores, Ltd., Water St.; Goodridge & Sons, Water St.**
