The beginning of
"Paisley Flour"
 The SURE raising powder
 was when Brown & Polson discovered that the addition of a proportion of their Corn Flour to the ordinary flour when making scones, buns, pastry and cakes, made a great improvement in added lightness, fineness and digestibility.
 To the Corn Flour were added raising ingredients of the highest purity, resulting in the production of a new raising powder, which by its ease in use and improved results has marked an advance in home baking.
 * Paisley Flour—the sure raising powder—is sold in 2 1/2 and 5 cent tins, ready to mix 1 part to 2 parts of ordinary flour. The 2 1/2 cent tin will raise 7 lbs. flour.
