### Anglican Church Union.

In delivering his charge at the openng of the forty-first session of cesan Synod of the Church of Engand in Nova Scotia, the Archbishop of Nova Scotia spoke on a closer union of the church in British North America. The Halifax Herald in reporting the proceedings of the sesssion says as follows:-

"After reference to the meeting in October of the synod of this eccleiastical province, he told the story of his visits, first to Newfoundland, Charles White as Bishop of Newfoundland, and, after emphasizing is sig nificance as marking a more friendly relationship with the church in Canada and also referred to the severance of the diocese of Newfoundland from that of Bermuda, which opens up the question of the future of the diocese of Bermuda. Referring to the visit to Bermuda, he found the church, said he, however, most anxious as to their future as a diocese. While, said he, I have my own view of this point, I do not care care to express it. But one thing that has taken firm hold of my mind is that now is the time for a consolidation of the church in British t would be a benefit to both New-oundland and Bermuda if they threw

The members of the City Lodges of the Sons of England Benefit Society, attended Divine Service at St. Andrew's Presbyterian Church, yesterday afternoon, in large numbers.
