Our Baseball Column.

PLAGIARISED AND OTHERWISE.

The tickets for the inter-town games on next Monday, Tuesday, and Wednesday are going rapidly, and a few choice seats are still left at F. V. Chesman's at 25 cents each.

Monday and Tuesday's games will start at 6:15 so as to enable the public to witness them. Wednesday afternoon being a half holiday, the game will start at 3 p.m.

The "home-team" had another try-out last evening at St. George's Field and is showing up well. The players' batting eyes seem to have improved somewhat during the past week.

The following "soothing syrup" was received by us yesterday on a postcard from Grand Falls:—"Why say—we got the old pennant in rags already—the boys are eating off the sacks—an' electric lamps are being installed for night playing—we'll have to enlarge the field when we get in or you birds will be getting in free—an' listen, we're not using catchers 'cause they can't see the pitcher's delivery—Oh Boy!—no hit counts less than a home run, and the boys go around the sack circuit nine times for good luck—an' oh say, nearly forgot, the old outfield is so fast in here that we have done away with the infield—yeah, you just watch us next Monday night."

Claude Hall has a grouch on with the world in general since he lost the pennant, and wants a column to air his views. We have offered him space in this but he refuses. Harvey Thomas offered him the use of the "Post" but he, nearly withered him with a glance. Won't the "Workman" or the "Bay Roberts Guardian" please offer their assistance.

THE UNIVERSAL PIPE

There's real content in a Wellington Pipe—long, clean, dry puffs of pure tobacco smoke—which the top-opening in the bit carries up, away from your tongue. The well catches all the moisture and prevents stray crumbs from reaching your mouth. Tanlac.

Ye drys, watch the druggist
And medicine man—
Don't let him cut in on
Your moral preserve.
Those wretches are hellish
As hell, and they plan
Your ultimate ruin,
So great is their nerve!

Beware and be watchful,
Ye drys, without rest,
For your moral, God save it,
Is put to the test.

"This is bound to cut in
On our \$2 scrips,"
Says the Doctor, says he
As he talked to his chips.
"And our feet from the Bondstore
Are bound to grow slack
If the toper gets after
This juice of Tanlac."
For the toper will tope,
No odds how the drys fuss
And I say, let him tope,
If it's money for us."

These great moral uplifters
Of weaklings like me
Sell what moral they've got
For a \$2 fee.

Oh, I wonder, I wonder,
I wonder and doubt,
And no wonder I would
When such frauds are about.

When we watch go unpunished
The damned profiteer,
While the widow is selling
A two per cent. beer
Is fleeced of her mite.

Then the rantier her soul
To perdition will send
As he dines with the robber,
His toady and friend.
Then I wonder if patience
A virtue can be,
Or if all's but buncombe
And fake honesty.

Then I wonder some more
Till my mind's in a flame,
And I wonder how many
Are thinking the same.
—Sunny Jim.

DISCONTINUE OLD CUSTOM.

BERLIN, Aug. 28.
The Prussian Government has ordered a discontinuance of the custom of hoisting flags on public buildings on the anniversary of the Battle of Sedan, lest the people regard the hoisting as an admission in favor of the old regime and doubt the Government's determination to pursue its own policy.

DEATH SENTENCE COMMUTED.

PARIS, Aug. 28.
The sentence of death imposed on Pierre Lenoir, convicted in May last of having had dealings with the enemy, will be commuted to life imprisonment on Devil's Island, says "The Journal," according to a report current in legal circles. The newspaper adds that Lenoir's counsel, M. Dolines, who appealed to President Poincare on Monday, succeeded in saving his client from the firing squad.

RUMANIAN SEIZURE.

PARIS, Aug. 28.
The Rumanians continue their wholesale seizure of private and Government property in Hungary and the Austro-Hungarian provinces. Reliable reports from Budapest say that the Rumanians have taken sixty per cent. of the Hungarian locomotives in good repair, ninety-five per cent. of the passenger equipment of the railways, and 5000 freight cars.

ARRESTED BY GERMANS.

COPENHAGEN, Aug. 28.
Three members of the British mission to Lithuania were arrested by German soldiers and taken to Mitau, according to Riga despatches. The directors of the party urged the British mission at Riga subsequently secured the release of the men.

BOOSTING HINDENBURG.

BERLIN, Aug. 27.
The National Liberals are boosting Field Marshal Von Hindenburg for the presidency in the first elections to be held under the new constitution. The directors of the party urge the obliteration of party lines in the initial election for the president of the new republic and calls upon the voters to rally round the man whose name has been "the epitome of faithful service to the country in war, in victory, and in the hour of need."

IMMIGRATION BILL'S SECOND READING.

MELBOURNE, Aug. 28.
(Reuter Despatch).—The amended Immigration Bill for the exclusion of former enemy subjects for five years has received its second reading in the House of Representatives. The measure was opposed by the Labor members, who contended that it was possible the bill would be used against workers.

NO NAVAL REDUCTION.

LONDON, Aug. 28.
(Reuter Despatch).—A cable to the "Times" from Wellington, New Zealand, stating that in reply to a deputation of the Navy League, Admiral Sir John Jellicoe stated that any great reduction in the naval expenditure would be a disaster to the Empire, and it is likely to remain at about a pound per head. New Zealand, if it desired to do its share in maintaining the Empire, should contribute a pound, not a shilling, in cash or as a New Zealand unit maintained and trained in complete conformity with the imperial fleet and in no way tied merely to the shores of New Zealand.

IRISH SUPPORT FOR HENDERSON.

LONDON, Aug. 28.
Arthur Henderson will receive the whole Irish vote in the Widens by-election. It numbers about 4,000. T. P. O'Connor writes assuring that the message that the regime of orange militarism in Ireland, to which the Liberal Prime Minister is not assumed to give his sanction and assistance, must come to an end. Mr. Fisher, Henderson's opponent, supports the system of limited home rule but expresses himself as opposed to coercion of Ulster. Mr. Fisher also challenges Mr. Henderson to prove by documents his assertions regarding the power he alleges was given him to assume the Russian Ambassadorship, but Mr. Henderson declines to discuss this matter further. A "Times" special correspondent says it is not improbable that the voting will be largely influenced by the electors' judgement on Mr. Henderson's personal integrity, for personal questions are rapidly becoming the supreme issue of the election.

BIG SALE TO FRANCE.

WASHINGTON, D.C., Aug. 28.
The sale to France for \$400,000,000 of all American expeditionary force property in that country, except that withheld for return to the United States and for the use of troops remaining, is provided for in a contract signed with the French Government. The war department was advised to-day by its special liquidation commission that payment will be made in ten year gold bonds, bearing interest at the rate of five per cent. from Aug. 1, 1928.

Traps Doing Well.

Two men who arrived from Renewa to-day inform the Telegram that fish has been very plentiful in that neighborhood the past few days, and they have their traps in the water have done exceptionally well. There are several northern schooners there trap fishing and are securing a good voyage. It is to be regretted that so many of the fishermen have taken in their traps, under the mistaken idea that the fish are not to be caught in the twine after a certain date. The old fishermen are of opinion that we cannot regulate the movements of the fish tribe even by act of parliament, and thus those who have kept their twine in the water have been rewarded.

Luke Finnegan

Spent Enough to Pay for a Home

Nothing Helped St. Paul Man Until He Took Tanlac—Suffered Since a Boy.

"This Tanlac beats anything I ever saw in my life," said Luke Finnegan, a well known employee of the S.M. & S.S.M. R.R. and residing at 1010 Agate street, St. Paul, Minn., in telling the Tanlac representative the other day of his recovery. Mr. Finnegan has lived in St. Paul thirty-seven years.

"I suffered with stomach trouble ever since I was a small boy," continued Mr. Finnegan, "and I guess I have spent enough money for medicines and treatments to buy a nice home, but nothing did me any good until I took Tanlac."

"Most everything I ate upset me, and sometimes for hours after meals I suffered from pains in my stomach. Gas would form and get up around my heart so I thought at times I had heart trouble. I had awful smothering spells and sometimes would have to get up out of bed at night to try the floor so as to get my breath. When I turned around I would get so dizzy I would nearly topple over. I had such terrible headaches that my head never felt like it would split wide open, and I was dreadfully nervous. I was constipated, too, and had to be taking pills all the time."

"Sometimes awful pains would get up in my shoulders and neck and I could hardly turn my head. I finally got so bad off it was all I could do to get up and I looked like nothing would help me, but I did not lose hope and when I began to hear of Tanlac I bought a bottle. I don't have that mean, bitter taste in my mouth like I did before; gas don't form on my stomach and all the pains are gone. I'm not nervous, never have headaches and I sleep just fine. My strength has returned and my work is no longer a burden. In fact, for the first time in over twenty years I feel like a well man."

Tanlac is sold in St. John's by M. Connor, under the personal direction of a special Tanlac Representative.

Fish Makers Scarce.

By letters received from Trinity Bay recently, we learn that in parts of Trinity Bay fish has not been so plentiful for years as at present. Fish makers, however, are scarce, and piles of the staple article are spoiling for want of help to make it. A few years ago it was quite the opposite, plenty of fishermen but no fish. This ought to be a good year for green fish buyers around Trinity Bay, but as yet they are conspicuous by their absence.

SAILOR ARRESTED.

A sailor for refusing duty on board the Spanish schooner Terra Nova, was arrested by Sgt. O'Keefe this morning and taken to the police station. The charge of using threatening language to the captain is also laid against him.

Father Rawlins studied at the Irish College, Rome, and also received his ordination there, some three months ago.

FLAVORING EXTRACT.

If you want Flavoring Extract for Cooking purposes and not "Dope" for drinking purposes, purchase the old reliable PURE GOLD EXTRACT, the favorite of so many householders for years.

The Pure Gold Mfg. Co., Ltd. have a reputation to maintain and they positively refuse to sell their Extracts to any but the legitimate Grocery trade, and only to members of the Grocery trade whom they are convinced will sell Pure Gold Extract for cooking purposes only and not for drinking purposes.

Obituary.

ABRAHAM JOHN BURT.

A well-known and respected citizen passed away this morning when Abraham John Burt, the successful fisherman of the North Battery entered into eternal rest. Stricken on Sunday morning with pneumonia, he could not withstand the inroads of the disease and died this morning, as before noted.

Mr. Burt, who was a son of John and Jennina Burt, also of the Battery, was a prominent member and official of Cochrane St. Church, the members of which will regret to hear of his end. Mr. Burt was forty-one years of age, married and had a family of six—four children and two step-children. Three brothers,—two in the city and one in North Sydney—and a sister, are left to mourn. To the funeral take place at 3 o'clock on Sunday afternoon, from his late residence.

And the Worst is Yet to Come.

Well Known Vessel Here

The schooner Nellie Louise arrived in port yesterday morning sail laden to A. S. Rendell and Co. Three of four years ago she was owned by Bowring Bros. and Mark Burke, now master of the Bianca, was her captain. She went ashore coming out of Barbados and was given up as a total loss. Subsequently, however she was refloated and is apparently as staunch as ever.
