## The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.  
Backaches and headaches are among the symptoms. In some cases Bright's disease, with its various complications, develops, others suffer from high blood pressure until hardening of the arteries sets in.  
In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.  
Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:  
"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

Apples—The price of apples advanced 25 cents per barrel since last week. The imports for this week were about 500 barrels of winter-keeping apples. The stocks are now low, but some big consignments are due next week. The following are the local quotations: Starks, Kings, Wagners and Baldwins, Nos. 1 and 2, \$7.50 per barrel; No. 3, \$6.00; Domestic, of these brands, \$6.50; Bismarck, No. 1, \$6.50, No. 2, \$5.50, Auction Market \$4.50 to \$5.50.  
Hay—The imports of hay for this week amounted to 1,419 bales by s.s. Manoa and s.s. Rosalind. The local consumption is helped out greatly by the open season for grazing all the past month, cattle being kept out in the field nearly all the time. The quotations are holding favorable for the buyer still, but a stiffening in price may be looked for any day. No. 2 Timothy is quoted at \$49.00 wholesale, No. 1 \$50.00 per ton for lots.  
Oats—Importing was brisk the past week and no less than 3,260 bags came in by s.s. Manoa and s.s. Rosalind. Heavy imports are also due next week and the week following, after which navigation will close on the St. Lawrence. The local quotations are, \$3.85 per sack of four bushels for White Oats, and \$3.45 for Mixed, wholesale. These are the lowest prices for six years and any change now will likely be upward. Now is a good time to lay in a winter's stock.  
Potatoes—The first Fall importation of Canadian potatoes began this week when 967 barrels were brought in by s.s. Manoa. The price of potatoes at Charlottetown is so far too high to compete with local product, viz. \$3.40 against \$2.50. This disparity will not continue much longer. As soon as the frosty weather sets in and the home-grown crop is stored away for the winter, the Newfoundland potatoes will not be available in large quantities, and the prices will level up with the imported product.

## NOTICE!

It is useless for consumers to apply to us for quotations or for the purpose of purchasing Flour, Provisions, etc.

Our business is strictly wholesale, and we must therefore confine our operations to the legitimate trade.

The public are advised that in no circumstances do we depart from this principle.

## To the Taxpayers of St. John's

LADIES AND GENTLEMEN—  
I have decided to submit myself as a Candidate in the coming Municipal Election and hope to secure the support of the citizens of my native town.  
While overseas trying to play the game I acquired considerable knowledge of the needs and requirements of cities and towns equal to my own, and when elected I feel assured I can make such improvements as will make this city cleaner, brighter and better than ever it was before.  
Humbly submitting and hoping to be your obedient servant,  
**JACK ROBINSON,**  
Ex-Sergeant Royal Nfld. Regiment.

Cod Oil—Conditions rule very quiet. There are no large stocks here and we believe some fishermen are holding back their stocks for an advance. While the market is in a healthy condition at the present time we must point out to all that there is sure to be a very dull season at the end of the year, and that season is fast approaching. There is no change in price this week, and we hear that Boston buyers are leaving for home as they have secured a sufficient quantity for the present.  
Cod Liver Oil—The offerings on our local market have been very liberal. Refiners who were supposed to dispose of some that they must have been keeping for family use. There is no improvement in price, and the future all depends upon the result of the Norwegian catch next spring.  
Flour—Trade has not been quiet at this season, and unless there is a revival very soon the dealers will soon believe that people have given up using bread. The wheat market went a fraction under the dollar mark and then advanced, and it certainly looks as if we had struck rock bottom at last. The crop has been fairly good both in the United States and Canada, but there is no export demand. European countries refuse to buy, as they have no money, and it is this lack of purchasing power that has brought the price of flour down about \$7.00 per barrel during the past twelve months. When European countries cannot buy flour, how can we expect them to buy fish? In the face of such conditions we should be thankful that we have sold as much fish as we have done this year.  
Beef—The imports were heavy the past week totalling 1,085 barrels. The market is dull and about steady. A strong local demand for Boneless has had the effect of stiffening the price of this grade, while the other cuts have shown no change. Local distributors of Beef and Pork for Fall requirements has been disappointing to the trade to date. It is realized, however, that there are four or five busy weeks ahead. Local prices are, Boneless \$21.50 and \$21.25, according to quality; Box Flank \$26.00, Libby's Special Family, \$27.00.  
Pork—The imports this week were

750 barrels. The market continues inactive and there is no change of any consequence in quotations. The cheaper grades such as Mess and Fat Back seem to be the favorites in demand this Fall. The higher priced pork such as Ham Butts and Family being neglected. There has been a persistent scarcity of Mess Pork the last two months. To-day's prices are, Short Cut Clear, \$27.00; Fat Back, \$28.00; Family, \$34.00; Ham Butt, \$38.00, and Mess, \$31.00. The latter is offering much lower prices than have any. The sugar market continues dull and quiet. The large surplus of raw sugars in Cuba is having a depressing effect, and there is no confidence in the minds of sugar dealers to warrant them in making large purchases at this present time. It must be remembered, however, that the present first cost of "raws" means poverty for the producer of sugar, and it is unreasonable to expect that prices can go much—let alone lower. To-day's quotations are, lots \$10.80 per 100 lbs., single barrels \$11.00.  
Molasses—The price of molasses stiffened up a bit this week, owing to the fact that it is realized there is no more to be had from Barbados. A small consignment of 40 puncheons and 150 barrels arrived by s.s. Rosalind to Job's stores. Fancy is now quoted at 90 cents in puncheons and 85 cents in smaller packages. The total to St. John's is about 6,400 puncheons.

NOVEMBER.  
October, cheerful month, is through, and now November has a floor, and doubtless every day or two she'll hint that winter's at the door; she'll wail sad dirges down the flue, and make my spirit tired and sore. November has some fifty days, indented by pulp and by press; she sometimes shows some winning ways, and makes the prophets miss their guess, but still the burden of her lays is always winter and its stress. We see November's sun arise, but do not cheer the goodly sight; we say, "Yon cloudlets in the skies portend a tempest that's a fright, and haply ere the evening dies our whisks will be frozen tight." November browns the once green earth, and strikes the happy songsters dumb, and sends the groundhog to his berth convinced that things are out of plumb; she laughs but in her hollow mirth we hear vague threats of ills to come. Ah, well, it can't be always June, the other months must have their turn; so let us drop the dirge-like tune, and all bleak thoughts and longings spurn; Thanksgiving will be with us soon, when gratitude's our chief concern.

### Such is Fame.

Although Mr. Thomas Hardy, the famous novelist, has lived for so long in Dorsetshire among the very scenes that he has described so graphically, he is of such a modest and retiring disposition that his great fame is unknown to a number of the quiet country folk.  
An amusing story is told of an enthusiastic American admirer who, a little while back, made a pilgrimage to the Dorset village where he dwells, in order to congratulate him on having

passed his eighty-first birthday. Seeing an old dame seated outside her cottage door, the American approached her.  
"Mr. Hardy lives here, doesn't he?" he inquired.  
"Which Mr. Hardy?" asked the old woman.  
"Why, Mr. Thomas Hardy, who writes books," replied the astonished pilgrim.  
"Oh, I know nought about him," said the countrywoman; "but there be a Hardy near by who rears grand pigs."

### Saved Hogue's Flag.

Sidney Bearna, a naval stoker, of London, who saved the ensign of the Hogue when that armored cruiser was sunk with the Aboukir and Crecy by a German submarine, has been sentenced to a year's imprisonment for thefts while working as a cleaner.  
When the Hogue sank Bearna seized the ensign and, gripping it in his teeth, swam two hours before he was rescued. Later he was decorated.

### Placentia Notes.

Placentia was providentially fortunate in escaping the destruction, suffered by other parts, in the recent storm, no damage of any consequence being done.  
We are informed that work on the Colinet-Placentia Road is progressing splendidly, and that good work is being done, for the amount allocated, which is altogether insufficient to make this road the highway hoped for. We trust that in the spring a further sum will be voted to finish this to a first class motor road so that this section of country, the most beautiful in Newfoundland, will be more fully opened to pleasure seekers.

Schooner Rivera has arrived to T. P. Kemp & Co., laden with coal.  
Schooner Georgiana (T. P. Kemp & Co.) has arrived from Burin where she has been on dock.  
The fishery is fully closed for the season on this coast, the catch on the whole being a fair one.  
Preparations are already being made by the good ladies of the town for the Annual Xmas Tree to be held during Christmas week, in aid of parish funds.  
Mr. Morgan, Chairman of the Railway Committee accompanied by Mr. Forbes, visited the Argenta terminus last week, work on which is still in progress.  
Father O'Flynn is a visitor in the town this week.
