Could Not Sleep Nights

Dublin, Ont. -'I was weak and irregular, with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and tried it because I wanted to get better. I have got good results from it and I feel a lot stronger and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight all the time and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—Mrs. JAMES RACHO, Box

A good deal of the bother of a shingled head is caused by its being improperly cut; few hairdresses take the trouble to layer the hair and to taper or champer the edges of each layer so that they fit closely one over the other in the correct way. When this is done the hair keeps in perfect order. Another important point is the care of the head at night. It should be enclosed in a cap of fine net through which no loose ends

In addition to the £2,000.000 orders from abroad received by one company before the opening of the private view, British firms copied with a steady stream of orders and

Among the higher-priced cars there are some exquisite examples of British coachwork. The metalwork bodies on the Barker stands, prepared to look like richly gained wood, are delight to the eye.
