

BASE BALL NOTES.

The Champions have received a challenge for a friendly game with the Danforth Club of Toronto, to be played on the 24th inst. The latter are busily practising for that date, which will be the first match of the season.

They had a match in Ottawa on Wednesday between the "Currier" and a picked nine from the Mutual and Ottawa clubs. The Curriers whipped them 19 to 5; score 93 to 14.

The Mutuals will have their hands full all next week. They play with the Philadelphia club on Monday, the Baltimore club on Tuesday and Friday, the Washington club on Wednesday and Thursday, and the Athletics on Saturday.

The Baltimore club defeated the Mutuals on Monday by a score of 6 to 1, and the Resolute of Elizabeth, N.J., by a score of 8 to 3.

DOMINION PARLIAMENT.

Ottawa, May 9. At the meeting of the House Mr. Killam called the attention of Minister of Marine and Fisheries to the Bill presented by Mr. Plimsoil in the British Parliament.

Hon. Mr. Mitchell, in reply, said that as soon as he saw the Bill referred to, he observed the effect it might have on Canadian shipping. The Canadian Government consequently made representations to the Government of Great Britain, and urged that Canadian shipping should be exempted from the provisions of the Bill.

The House then, after disposing of several measures, went into Committee on the Pilotage Bill.

After recess some Private Bills were disposed of, and the House resumed, in Committee, the consideration of the Pilotage Bill.

Mr. Killam advocated open competition as a principle now recognized everywhere.

Mr. Young (Montreal) opposed the Bill, and urged that many of the most serious accidents to the shipping in the St. Lawrence had occurred on the pilotage grounds.

Mr. McKay opposed the principle of monopoly contained in the Bill. The pilots of New Brunswick and Nova Scotia would not assent to any system pitting all on one level.

The several clauses were then agreed to, the Bill was reported, and the House resumed.

Mr. Mitchell then moved the House into Committee to consider the clauses of his Bill for instituting throughout the Dominion a regular system of measurement and registration of ships.

After some discussion the several clauses of the bill were passed in Committee, and the House resumed.

The second reading of the Insolvent Law Continuation Bill was then agreed to, and the third reading fixed for tomorrow.

On the second reading of the Militia Law amendment act, Mr. Anghin said the bill authorized the magistrates to call out the Militia, fully armed, who would act under the directions of the said magistrates.

It was, in fact, introducing the English Riot Act without the safeguard attending the exercise of this law.

Mr. Mackenzie said the bill gave most extraordinary powers. Any magistrates might, under this Bill, call out the force at the mere appearance of a riot. There were persons in the Commission of the Peace who were very ill qualified to exercise their powers, and he could not consent to the Bill passing in its present form.

After some remarks from Mr. Lampevin, Mr. Mackenzie said he would not dispose of the bill, or legislate for exceptional cases. Except in case of actual riot, power to call out a force of special constables ought to be sufficient. Some further precautions were necessary before the bill could be allowed to pass.

Col. Higginbotham did not think that the bill need excite alarm.

The bill was then read by consent a second time, the Minister promising to consider any amendment that might appear necessary.

The House then adjourned.

The New Orleans Riots. The opposition to Kellogg's Government has taken a serious turn, disorderly fighting has been going on for some days, and now we hear of openly expressed threats to assassinate Governor Kellogg, which have called forth extra precautions to guard him from violence.

It is believed an attempt will be made to stop the advance of the force of mounted police who left St. Martinsville on Thursday. None of the Metropolitan have so far been killed, and only two wounded. Colonel DeBlanch says his attack upon him on Thursday was only a demonstration to ascertain his numbers.

A despatch from New Orleans says Col. Leblanc has surrendered to the United States forces, but the Kellogg militia declares that they will never surrender. The United States troops are held in readiness to advance at a moment's notice. Arrests are being made, and warrants have been issued for the arrest of DeBlanch and ten others, leaders of the insurrectionary movement.

The latest news is that Badger is holding St. Martinsville, and protecting the Court in session. He does not intend to go out to attack DeBlanch's forces, which is encamped two miles out, and is 200 strong; and they in turn, it is believed, are not strong enough to attack Badger in the town. The arrival of the Deputy Marshall, with his posse, will in all probability end the contest.

THE WESTMINSTER REVIEW.—The April number of this Review has been received. It is full, as usual, of choice literary production. Its contents are: The National Importance of Scientific Research. Mr. Gladstone's "Defence of the Faith." Venetian Painting. Henry Murgis, the Bohemian. Charity Schools. Irresponsible Ministers.—Baron Stockman. "Our Seaman." Irish University Education and the Ministerial Crisis, and comprehensive contemporary literature. Published by the Leonard Scott Publishing Co., 140 Fulton St., New York City.

"Pa," said a son to his father, "what is meant by a 'chip of the old block?'" "Why, my son, do you ask the question?" "Because I was in Enfield this morning, and told them gentlemen while hunting I saw fifty squirrels up one tree. They kept trying to make me say that I did not see but forty-nine; and because I wouldn't say so they said I was a 'chip of the old block.'" "Hem! Well, my son, they only meant that you were smart and honest, like your pa. You can go out to play now."

Iron in the Blood

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protochloride of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "with a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damage, and waste, searching out the "bad" secretions, and leaving nothing for disease to feed upon.

This is the secret of its wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoea, Bolls, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP blown in the glass. Pamphlets Free.
