-The evidence in the Horsman-Mc-Donald-London-West-London Street Railway case was continued before the board of arbitration yesterday afternoon. Mr. Wm. This company, which collapsed some months ago, and which is in process of winding up, is supposed to have had \$100,-000 deposited with the Dominion Government as security for Canadian stockholders. The company did a large business on very small rates, and the loss will be heavy. Many Londoners are interested.

-Veterans of 1866-70 will be interested to learn that Gen. Gascoigne, commander of the militia force, says the medals to be given them are to be similar to those granted by the im-perial authorities to the troops which participated in the suppression of the rebellion of 1885. There is one exception-the inscription within the wreath of the maple leaves on the reverse side will be simply "Canada," instead of "Northwest Canada." Every militiaman whose name appears on the pay list of 1866 and 1870 will be entitled to a medal, whether he was moved from his headquarters to the frontier or not, a marked departure from the rule fol-lowed in 1885, when no medals were allowed to corps that did not proceed further west than Winnipeg.

Last night the quarterly board of the Askin Street Methodist Church held its regular meeting. A unanimous invitation was extended to Rev. R. Hobbs to return for the third year. The congregation has been prosperous for the past year, and the able services of the pastor have been recognized by the raising of his salary by \$100. The following were elected stewards for the ensuing year: Wm. Gerry (recording), George Rowntree, R. H. Baker, J. A. Childs, Harry Kilbourn, A. C. John-ston, Richard Wreay.

WANAMAKER AND ADVERTISING. Philadelphia Item: I never in my life used such a thing as a poster or dodger or hand bill. My plan for twenty years has been to buy so much space in a newspaper and fill it up as I wanted. I would not give an advertisement in a newspaper of 500 cir-culation for 5,000 dodgers or posters. At first I laid aside \$3,000; last year I laid aside and spent \$40,000. I have done better this year and shall increase the sum as the profits warrant it. I owe my success to newspapers, and to them I freely give a certain profit of my yearly business.

PROPER EXERCISE. Now that the cycling season is over business and professional men will be wondering how to get proper exercise during the winter months. The physical department committee of the Y. M. C. A., realizing this, decided at their last meeting to open a class for men of this character, to be held on Tuesday and Thursday afternoons between four and six. Quite a number have already signified their intention possible and avail themselves of this splendid opportunity to have a pleasant and healthful time.

WHOISJOHNG. WOOLLEY?

By request we have been asked to answer, through the medium of the press, the many questions which have been propounded in regard to John G. Woolley, who he is, etc. John G. Woolley's oratorical abilities are now so well established that it will be unnecessary to enlarge further upon this theme. He is a lawyer by profession, practicing at the bar, until the call of God to devote himself to the cause of temperance seemed to Mr. Woolley so imperative that he dared not disregard it. He was called to the Su-

preme Court of the United States in 1885, and soon became the leading lawyer in all criminal cases. He is said to have received the highest fees of any lawyer in Minnesota, having once been paid \$500 in gold for a speech of five minutes. Then comes a dark page in his history, caused by the demon Only his hand, we think, should lift the curtain of silence now grace. Heroically he puts aside as of lesser importance the honors the legal world would fain thrust upon himhonors rich in world aggrandizement and financial gain; cheerfully declining offered positions worth \$25,000 per year to become a laborer in the temperance cause on no stated salary. Of him the official organ of the United States Liquor Dealers' Association "He is the most dangerous man savs: among all the enemies of the liquor This is the man that Londoners will have an opportunity of hearing in the First Methodist Church

Mr. BUSY MAN.

In your daily round of busy business you are apt to get out of sorts. Missing your regular meal hour often causes headache, or a hurried luncheon brings on an attack of Indigestion. You can't work when in this condition. You need instant relief to be able to continue your day's duties. That is when it is good to have a bottle of

Abbcy's Effervescent Salt

in your office desk. This preparation has a marvellous effect on Headache and Indigestion; a teaspoonful taken in a glass of water gives instant relief. Its daily use will prevent their return. Here is what those who know and who have used Abbey's Effervescent Salt, say:

From Dr. Thos. E. Lovegrove, Nottingham, England.

"I have great pleasure in certifying that Abbey's Effervescent Salt is a safe and useful family medicine and is specially beneficial in cases of Indigestion and Rheumatism."

From Coralie De Loraine, of "Le Follet," Piccadilly, London, Eng.

"I tried Abbey's Effervescent Salt for a bad nervous headache. It entirely removed this in the course of a few minutes, and I have had no recurrence of it, and from what I know of its good effects on others for various complaints, it is a most valuable remedy."
