A CUBAN UPRISING.**Substantial Victory Won by the Revolutionists.**

NEW YORK, March 4.—A special from Panama says: Advice received here from Cuenca confirm the Government's defeat and the capture of the rebel city by the rebel forces. The rebel battalion was defeated by the Government troops from Bucaramanga on Feb. 14, and was driven from Cuenca after brave resistance. The rebel forces, however, reformed, and the battle was renewed the next day. The battle began at daybreak and lasted until 2 o'clock in the afternoon. More than 800 were killed on both sides. The powder magazine was blown up and many houses in zone were shattered. The Government forces fled in disorder toward Gramalote. Among the killed was the rebel general, Curato.

Passengers arriving at New York from Havana say that the only gunboat in Havana Harbor left there on the 28th for Santiago de Cuba. The Government evidently had a firm grasp on affairs, and the revolution promised to be a short-lived affair. The reported death of Manuel Garcia, the handist, was confirmed, and it was said that this fact will remove one of the principal causes.

New Inventions.

In this age of invention there seems few avenues left for the aspiring genius, and yet the patent office is continually busy with its throngs of applicants. Medical Science, too, continually evolves new and valuable discoveries. There has been no more important one during recent years than the invention of Eseljay's Liver Lozenges. Their discovery is of interest and benefit to every person living. They are sold at 25 cents a box or five boxes for a dollar.

"Yes," remarked the egg, "my theatrical ventures were a success. I was cast for the villain and made a great hit."

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when by the timely use of Pickle's Anti-Consumptive Syrup the pain can be allayed and the danger avoided? This syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc.

This opera, which achieved such a success at the Casino, being first produced by Miss Fox at the beginning of the present season, is adapted from the French, and is in three acts. The plot of the piece is strong, and the numerous complications afford unending amusement, while the music is captivating.

The company numbers 40 persons and all the original costumes and scenery will be seen.

—A very pretty wedding took place in the Methodist Church, Lucan, Wednesday evening, Feb. 27, when Annie Burgess, granddaughter of Mr. Thos. Orme, was united in marriage to Mr. John Bloomfield, of Lucan. Miss Orme, M. E. L., of London, assisted the bride, while Mr. G. Bloomfield, of Byron, acted as groom.

At the close of the ceremony the bride was presented with a handsome wrist watch, accompanied by a highly eulogistic address from the choir and congregation in recognition of the valued services rendered as organist. From the church, which was beautifully decorated with flowers and ribbons, the guests repaired to the residence of Mr. Orme, where a bountiful repast and social evening were enjoyed by all. Many useful and costly presents were received. The happy pair left for their home amid showers of congratulations, good wishes and rice.

Came Back to Rest.

The remains of the late Geo. B. Scott, of the auditing offices of the M. C. R., Windsor, were brought here yesterday afternoon for interment at Woodland.

They were accompanied by two sons of the deceased, B. N. Scott, the Windsor representative of the Detroit Evening News, and C. W. Scott, of the M. C. R. stores department, Jackson, Mich. Their father was identified with much of London's early history, although he was unknown to the present generation of Londoners. He came here from the north of Ireland with the Ordnance Service in 1839, and afterwards held positions of trust in the Gore Bank and the Bank of Montreal. It is probably 25 years since he left London and went to St. Thomas

In Every House

In this city, there were distributed this week samples of Williams' Royal Crown Pills, and we would direct our readers' attention to the merits of these marvelous little pills, which have proved of so great value to so many sufferers from constipation, bilious or sick headache and liver complaint; in such cases two pills should be taken at night, and continue taking one or two pills each night until relieved and the bowels are regular in their operation. As a dinner pill, one Royal Crown Pill should be taken immediately after a hearty meal and it will be found an excellent means of assisting digestion and preventing dyspepsia. Purify the system by taking a treatment of Williams' Royal Crown Remedy, the best and most economical medicine manufactured to-day.

Ontario Educationists.

The programme has recently been issued for the 34th annual meeting of the Ontario Educational Association, which will be held in Toronto on Tuesday, Wednesday and Thursday of Easter week.

Coincident with the meeting will be held the second meeting of the Dominion Educational Association. The evening meetings of the combining associations will be held on Tuesday evening in the public hall of the Education building, and on Wednesday and Thursday evenings in the Y. M. C. A. hall on Yonge street. The day meetings will be held in the Normal and Model School buildings. A number of the most distinguished educationists of the continent will be present.

The Cold in England.

Mr. John Connor, the well-known book dealer, has received an interesting letter from Mr. Frank Connor and his clever wife, at Birmingham, England. The letter says that the weather there has been unprecedented. For six consecutive weeks the thermometer has been at zero and once reached 20° below.

Water and gas pipes are all frozen and the corporation for ten days has been supplying water to citizens, delivering it in large watering carts. Each family is allowed two buckets per day. To prevent them from freezing the taps of the carts have to be heated with charcoal fires. The distress in Birmingham and throughout the kingdom is reported to be heartrending.

A Cheery Concert.

Last evening a goodly number of the King Street Freshyrians attended their annual concert in connection with the Christian Endeavor Society. There were some admirably rendered songs, together with some very amusing recitations, and the entire evening's programme, which included a very tasty supper, afforded those present a most pleasant and cheery time.

The following gave the programme: Chorus, choir, pianoforte solo, Mr. Moxon; Miss choir, piano solo, "I Can Sing the Old Song Now," encoired; Miss L. McGuffin, recitation, encoired; Miss Robin, "Venetian Song," Toski, encoired; Miss Jex, recitation, encoired; Mr. Wilson, song, "The Song of the Midnight Sea," encoired; refreshments; piano solo, Mr. Moxon; song, Miss recitation, Miss Parker. Miss Marriott and Mr. Moxon, accompanists.

ROASTED THEM.

Horrible Torture Inflicted by Robbers—They Scoured a Pile.

TORONTO, O., March 5.—News of a robbery accompanied by torture, inflicted on Mr. and Mrs. John Schoenbrich, residents of the little town of Ai, west of this city, has reached here. Between \$5,000 and \$6,000 in cash was taken by the robbers. A demand was made upon the man for his money, and when he refused to tell the hiding place the robbers roasted his legs over the flames. When the agony became unbearable he told where \$1,200 was concealed. His wife was subjected to the same treatment and she finally told where \$4,000 to \$5,000 more could be found.

SEARCH FOR LOST NATURALISTS.

OTTAWA, March 4.—Some time ago J. B. Tyrell, of the Canadian geological survey, who recently returned from the exploration of the barren lands of Canada in the Northwest, was asked by Prof. Steins, head of the United States geological survey, to lead a party to the Elismere Land, situated in the Arctic circle, across the Smith Sound from the English landing, the most northern point reached by the famous Peary expedition. The party was wanted to go in search of and rescue two Swedish naturalists who had been lost in Elismere Land. Mr. Tyrell refused, and the offer was made to his brother, J. W. Tyrell, another explorer, who resides in Hamilton. J. W. Tyrell has now accepted the appointment.
