On 'Change. Special to C. E. Turner, broker, Masonic Temple, from Kennett, Hopkins

Company. CHICAGO, May 11.—The talent has been worsted again. It is nothing new, for they have been selling on breaks and buying on bulges ever since the advance began. It is a bulges ever since the advance began. It is a little singular that anyone should see anything bearish in a Government report that does not indicate more than 255,000,000 bu winter wheat. The talent sold a great deal of wheat this morning and if the predicted frests materialize tonight there will probably be a wild scramble Monday to cover shorts. Primary receipts continue to fall off, being but 160,000 but today, while the exports were over 400,000 bu today, while the exports were over 400,000 bu. The export trade is picking up and the demand from millers is getting more active. demand from millers is getting more active. Looks like higher prices next week.

Corn and oats have been weak in spite of the anticipated frosts. Too many big traders are on top of corn just now, but they may get off very suddenly before long. Can see nothing to encourage selling at present.

Provisions dull and steady; very little doing.

LONDON'S CHEESE MARKET

OPENED. London, Saturday, May 11.-The London cheese board opened for the season of 1895 in the City Hall on Saturday afternoon, with a very large atendance of factorymen, buyers and others, including Messrs. J. W. Wheaton, secretary of the Dairymen's Association for Western Ontario; John S. Pearce, presi-dent of the cheese board; John A. Nelles, secretary; R. Robertson, T. Ballantyne (Stratford), Robert Boston, M.P., James Slater, J. Thomas (Ingersoll), Hodgson Brothers, A. McMartin (Evelyn), F. Patterson (Thamesford), F. D. Norton (Westminster), E. S. Hunt (Scottsville), Gideon Decker (Lambeth), M. R. Brown (Appin), James McMillan (Glanworth), W. Hayes (Devizes), W. Fitzpatrick (Belmont), W. Lee (Thorndale), W. El-gie (Belton), Wm. Caspell (Oliver), Wm. McLaren (St. Marys), H. G. Gourlay (Medina), George Fitzgerald (Ballymote), J. B. James (Komoka), C. Wakeling (The Grove), John Gilmour (Nilestown), W. Watcher (Gladstone), D. Mcmillan (Evelyn), J. W. Crinklaw (White Oak,) George Haggerty (Muncey), John W. Cook (Ingersoll), John A. Leitch (Glencoe), L. R. Richardson (Strathroy), John Geary (London township). The meeting was called to order at 2:30 o'clock by President Pearce, who announced the first business as the organization of the board for 1895 and the election of officers. Before retiring from the presidency Mr. Pearce thanked the members for the generous spirit with which they had assisted him in conducting the work last year. It was a very satisfactory season; very little friction had been occasioned, and only one case had necessitated the appointment of arbitrators. It was a differ-

ence between Mr. James Slater, city, and Mr. Nagle, proprietor of the Muncey road factory. Mr. Pearce retired from the chair and called for presidential nominations. Before nominations were made, Mr. Slater arose and spoke of the arbitration. He understood that the expenses of the arbitrators, which fell to the loser n the dispute, had not been paid by Mr. Nagle. No report, he understood. had been presented, and if business was to be conducted in that way he would

not be a member for 1895. Mr. Pearce (to Mr. Slater)-Mr. Nagle agreed to pay any expenses, and as far as I am concerned I got what I asked for. If Mr. Brown, the other arbitrator, did not get his costs, it was because he did not ask for them. The report was made at this board in favor of you, too. Secretary Nelles corroborated the latter statement. The report was made on Nov. 17.

OFFICERS CHOSEN. The elections were then proceeded with. Mr. J. S. Pearce, F. S. Norton and Wm. Lee were named for the presidency, but Mr. Norton declined on account of ill-health, and Mr. Lee withdrew owing to inability to attend the meetings regularly. The elections re-

sulted thus. President—John S. Pearce. Vice-President-M. R. Brown, Appin,

only surviving member of the original cheese board, and ever an active worker in dairy interests.

ARBITRATION AGAIN. Arbitration matters were again re-vived, this time by Mr. Lee, who wanted a change made whereby arbitrators could name their own costs and by whom they should be paid. Mr. John Geary, London township, considered a change unnecessary, as

ample provision was made for such cases under the present rules. Reference was again made by Mr. Pearce to last year's case, and stated that the cause of the Slater-Nagle dispute was a refusal by Mr. Slater to take some cheese which he had purchased from Nagle at a board meeting. Mr. Slater-Was the report read from

the board? Mr. Pearce-I reported verbally while the board was in full session. Did you not hear of it? Mr. Slater-Only through a private

source. Turning to the members Mr. Slater asked: "Did any person else hear it? If there are five present who heard the report I will back down and pay Mr. Brown's expenses myself."

There was very little said further and the matter was allowed to drop without any change being made in the rule. BRANDING CHEESE. Mr. R. Boston brought the attention

of the cheese men to a bill recently in-troduced in the House of Commons, which provides "that no person shall sell, offer, expose or have in possession for sale, any cheese or butter produced in Canada or the United States unless the name of the country in which the product is made and the month and year of manufacture is stamped on the outside of the box or package." Mr. Boston wanted the opinion of the London board on the bill.

Messrs. Pearce, Geary and Wheaton spoke in favor of the bill, which, they thought, would accomplish its object —the prevention of fraud. Cheese in England had been sold as September or other good makes when it was not.

THE OFFERINGS. The total offerings were 1,259 boxes of colored cheese, of the last half of April and the first half of May make. As is usual in the early part of the season, buyers were not anxious to invest, and no sales were made. Bids were offered on one or two factories, but they were

YOUNG LIBERAL FLEET. The officers of the above organization have been actively drilling for the past two weeks under the command of Capt. Somerville preparatory to the opening of the summer drill for the entire Fleet on Friday evening next. Last season the Fleet consisted of seven companies, but so many applications been made to the Admiralty Board from young men anxious to join that it has been decided to organize another company under the command of Capt. Macleod, assisted by Lieuts. Sullivan and Ranahan. Great as the success of the Fleet has been in the past, it will be collipsed this year, if enthusiasm of the officers and men

counts for anything.

JACK FROST DOES DAMAGE. Jack Frost came in a wintry mood last night and nipped a great deal in the line of fruit trees, vines and vegetables. It was a very severe nip, and now the farmers and market gardeners from one end of the county to the other are moaning over their losses. The exceedingly warm weather of the last week caused a very rapid growth of fruit. Apple trees principally were nearly all in full bloom, and a heavy yield was expected, but the frost of last night was too much for many of them, and the loss will be heavy. Grape vines were in excellent condition, too, and prospects for a good crop were bright. The vines which were uncovered suffered to a great extent, and the yield will be much decreased. Nothing but withered stalks remained of any tomatoes and beans which were exposed. The loss to farmers throughout

Middlesex alone is great. BIG BLAZE IN PORT HURON. Port Huron, Mich., May 13.-McMorran & Co.'s grain elevator, and Davidson & McMorran's flour mills have been destroyed by fire. Loss, \$175,000 to \$200,000; partly covered by insurance. The elevator contained 300,000 bushels of
