

Mr. Geo. W. Turner

Simply Awful

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOB'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, nearly destroying the sight of one eye. Also on my right arm. Doctors said it was the worst case of Scrofula they ever saw. It was simply awful! Five years ago I began to take HOOB'S SARSAPARILLA. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, and the sores were all healed. A chemist told me that I had saved my life. I am now 24 years old, and feel like a new man. For the past 4 years I have been well."

Work all the Time.

Before, I could do no work. I know not what to say strong enough to express my gratitude to HOOB'S SARSAPARILLA for my perfect cure." GEORGE W. TURNER, Farmer, Galway, Saratoga county, N.Y.

WITHOUT A HOME.

Sad Story of Life and Death in New York City—Margaret's Last Thought Was for Her Boy.

NEW YORK, Nov. 25.—Margaret Cunningham, a widow, aged 32 years, died last night from starvation on Wednesday night in the saloon, No. 232 Elizabeth street. Mrs. Cunningham was the mother of a boy, Johnnie, 9 years of age, and also of a daughter aged 4. Her little Johnnie was four years old, and the little family was supported by the mother, who resorted to methods that society frowned upon.

Wednesday morning Mrs. Cunningham went to Justice Grady and asked him to commit her boy Johnnie to the care of the Children's Society, stating that she could not make a living for him. Her little girl, who is an inmate of St. Joseph's Home, Mrs. Cunningham told Justice Grady that she resided at No. 232 Elizabeth street, which was a fiction, as she had no home.

Mrs. Cunningham met Mary Russell, Flora Cunningham and Jennie Barrett in the saloon Wednesday night. According to the girls, she said: "Thank God, no matter what happens to me, my little Johnnie will be cared for." She then exhibited a commitment for the lad which she had procured from Justice Grady.

Within a few seconds after the remark Mrs. Cunningham threw up her hands, her back and died. Coroner Meuser made a superficial examination of the body and concluded that from the emaciated condition of the corpse the woman had died from lack of nourishment. The body was removed to the morgue.

Political Union in Simcoe.

SMYTH, Nov. 26.—The annual meeting of the Reform Association of the town of Smyth was held Thursday night for the purpose of organization. It was called by the executive in the regular way, and the place of meeting was crowded. The president of the association for the past four years has been Mr. William Sutton, one of the most prominent citizens of the town, and proprietor of the Windham flour and grist mills. In opening the meeting Mr. Sutton said the Reform Association was a political union, and that as he appeared to be out of harmony with the views of the present leaders of the Liberal party of Canada, he felt it his duty to tender his resignation as president of the association. This brought on a discussion that lasted for three hours. It culminated in the following resolution: "Moved by Mr. J. E. Baxter, seconded by Mr. W. F. Steinhoff, and resolved, That this meeting of the Reform Association of Smyth, do hereby accept of the resignation of Mr. William Sutton as president of the association, and do hereby elect Mr. J. E. Baxter as president of the association for the year 1900." The resolution was carried by a large vote.

One Rat's Experience Was Enough.

(From the Buffalo Courier.)

A certain grocery in Buffalo was overrun with rats. One day a barrel half full of molasses fell apart, or at least the bottom fell out, and the molasses ran over the floor. In some way one of the biggest rats in the vicinity got into the molasses, and he was not the only one. He was followed by a whole lot of his kind. They were crawling all over the place. Every rat disappeared at the same time, and not another one, or any evidence of one, has been seen about the place since.

Sections once firmly set are generally unchangeable, no matter what the odds may be. To the fact the success of the rat & Co. of this place is largely due. These who have tried this ratma cigars never forsake them, and the firm retains all their old customers, and by the reputation of the goods and new ones, the ratma is the best. For experience the Norma at 10 cents is the best.

Does He Win the Bet?

The crowd was discussing immigration and the bad results of its rapid growth in America, when a newspaper man whose parents were foreign born chipped in.

"You're doing a good deal of talking about foreigners in Wisconsin and the Northwest," said he, "but I'll bet any man in this crowd a new hat that right here in Detroit there are at least 10,000 persons who can't speak a word of English."

The crowd was staggered at first, but recovered in a moment and but bets were freely made.

Then it was suggested that some one go after the statistics.

"Before you do that," said the journalist very coolly, "I want to bet five dollars apiece all around that there are twice that many who can't read and write for a poem; and when a newspaper man whose parents were foreign born chipped in.
