CLOSE OF THE CROWN'S CASE

In the Trial of Ponton Regarding the Napanee Bank Robbery.

A Lennox County Cheese-Maker's Story Supports Roach's Evidence—Defense Begun.

Cobourg, Ont., Sept. 22.—Strong evidence was advanced by the crown in the Ponton case yesterday on the line of connecting the prisoner with the bills which from every indication are a portion of those buried near the railway track by Pare and Holden after the robbery.

Mr. Oiler endeavored to prove by several witnesses—among them High Constable Sills and Chief of Police Adams, of Napanee—that a strong friendship existed between Ponton and a young man named Hope McGinnis, of Belleville.

J. F. Wurtie, teller of the Merchants' Bank at Belleville, swore that he had received deposits made at different times by McGinnis containing a large number of Dominion Bank bills of the denomination of \$5. The bills were all buried, and appeared as if they had been wet and dried out. The counter-signature on the bills looked as if it had been tampered with.

Following this came the evidence of Edward C. Boker, teller of the Dominion Bank at Belleville, and of Mrs. Harriet Way, showing that a deposit of \$125 had been made in bills of exactly the same description by Mrs. Way in the Dominion Bank.

Miss Lavina Hunter swore that she gave Mrs. Way the money deposited, and that she received the bills from Hope McGinnis.

THE PROPOSED HOLD-UP.
In support of Roach's story told yesterday, Jas. C. Fraze, a cheese manufacturer, of Lennox county, was called. Roach said that Ponton told him once, in June 1897, that a cheese merchant would be in town the next Saturday, and would draw a large

MRS. CLARA J. DUPAY
A Well-Known Lady of St. Anthony, N.B.

Milburn's Heart and Nerve Pills Cure Her of Weakness and Head Trouble and Make Her Feel Like a New Woman.

The people of St. Anthony, Kent county, N. B., have lately been inquiring of Mrs. Clara J. Dupay, of that place, how she came to have such good health after suffering so long from weakness of the heart that she was scarcely able to get around.

So that all might know how she was cured she gave the following statement for publication:
"I had been troubled with palpitation of the heart and weakness for some time, till at last I could hardly drag myself about. I heard of Milburn's Heart and Nerve Pills curing so many people that I thought I would try them. I must say that they did me good from the outset and have so improved my health in every way that I feel like a new woman."

"I do not know what I would have done had it not been for Milburn's Heart and Nerve Pills, which cured me when I was in a serious condition."
If one were to canvass almost any of the towns or cities of the Maritime Provinces he would find many cases of cures made by these wonderful pills. They are indicated in such cases as palpitation, weak or irregular pulse, smothering, dizzy or fainting spells, paralysis, nervousness, sleeplessness, pale and sallow complexion, weakness, lack of vitality and female complaints.

A COMMON TROUBLE.
Thousands Suffer From It Without Knowing Its Real Character.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by nerve medicines and spring remedies; the real seat of mischief is lost sight of; the stomach is the organ to be looked after.

Nervous dyspepsia often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart, palpitations are irregular; in others, the bowels are troubled, with loss of flesh and appetite, with the accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper, of No. 61 Prospect street, Indianapolis, Ind., writes as follows: "I have been a sufferer from nervous dyspepsia for many years. I have used various patent medicines and other remedies without any favorable result. I attributed this to my sedentary habits, being a bookkeeper with no outdoor exercise. I am glad to state that the tablets have overcome all these troubles, for I have gained in flesh, sleep better and am better in every way. The above is written not for notoriety, but is based on actual facts."

Respectfully yours,
A. W. Sharper,
61 Prospect St., Indianapolis, Ind.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headaches.

THE PATRIARCHS
Results of the Contests at Detroit—Candidates for Honors—Sovereign Grand Lodge Proceedings.

Detroit, Sept. 22.—Before 2,000 people in Light Guard armory yesterday afternoon, Major-Gen. A. R. Elliott, of Chicago, conferred the Grand Decoration of Chivalry, the highest step in Oddfellowship, upon nine candidates.

The drills of the Patriarchs Militant were held in the athletic field. The following were the last most of the time in discussing ritualistic work. The constitution of the Rebekah was amended so as to make married daughters, sisters and mothers of Oddfellows and deacons Oddfellowship eligible for membership, whether they are married to Oddfellows or otherwise. Heretofore marriage to a non-Oddfellow rendered them ineligible.

At the Light Infantry Armory the degrees of Patriarchal Oddfellowship, known as the encampment degrees, were exemplified by a degree staff from Chatham encampment, No. 10, of Chatham, Ont. The staff numbered 27, 13 of whom were past chief patriarchs. The presentation of the degree was a model of precision and solemnity.

Spain's Greatest Need.
Mr. R. P. Oliva, of Barcelona, Spain, spends his winters at Alken, S. C.

Weakness had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every day of whom were past chief patriarchs.

The presentation of the degree was a model of precision and solemnity.

An Ingersoll Man in a Precarious Condition.

Two Children Drowned—Suicide of an Ex-Canadian at Sing-Sing.

Ingersoll, Ont., Sept. 22.—Ex-Mayor Thomas Seldon lies in a precarious condition at his residence in consequence of a blow dealt him in the face by Ald. H. D. McCarty on Monday. McCarty was arrested, charged with aggravated assault, and released on bail for \$2,000. When the trouble occurred the two men were engaged in a street corner controversy. Mr. Seldon was struck under the eye, and erysipelas developed, since which time he has been unable to leave his home.

CHILDREN DROWNED.
Ottawa, Ont., Sept. 22.—Muriel, the two-year-old daughter of William Coe, of Fitzroy Harbor, was drowned in a tub of water in her father's yard on Monday.

Russell Rowat, 4 years old, only son of Andrew M. Rowat, fell into the Kildan at Long Island locks on Tuesday, and was drowned. The body was discovered by the child's mother.

SUICIDE OF AN EX-GODERICH MAN.
Sing Sing, N. Y., Sept. 22.—George Crevasse, 45 years of age, formerly of Goderich, Ont., hanged himself in a room he occupied in St. John's school here Wednesday night. He was formerly a bookkeeper in Molsons Bank in Montreal, but lost his position six months ago, and went to New York to try to obtain work. He failed, and for several weeks had been stopping with Mr. Loyall, who conducted St. John's school. Constable Williams found Crevasse hanging from a rope, in his pockets were letters from his wife, asking him to return and share her lot.

CHICAGO, Sept. 22.—There was a bear panic in the wheat pit just before 11 o'clock yesterday, when the suspension of Barrett, Farnum & Co. was announced. Brokers for that house have been heavy sellers of wheat for the past three days, their sales on Tuesday having amounted, it is said, to over 5,000,000 bushels for the December delivery.

At the opening yesterday, September showed an advance of 1/8c over Wednesday's close. There were no signs of the impending scramble. Opening trades were at 71 1/4c to 71 3/4c, and the market easily slid off under sales against calls to 71 1/4c. Around this figure brokers for the firm of Barrett, Farnum & Co. appeared as heavy buyers, and the scalping fraternity seized upon this as the long-looked-for opportunity to squeeze the big bear operators who have operated through the Chicago house. The market advanced nervously to 71 3/4c, reacted to 71 1/4c, and then by eighths and quarters jumped to 73c. Just at that point the suspension of Barrett, Farnum & Co. was announced. The attempt to buy back the enormous short sales made in the early part of the week had evidently been a failure. December dropped to 71 1/4c without a reaction.
